MARSH'S WEDGWOOD'S ETYMOLOGY.—A Dictionary of Engglish Etymology. By Hensleigh Wedgwood, M. A. With Notes and Additions by the Hon George P. Marsh. Imperial octavo. Vol. 1. (A-D)' Price, on tinted paper, laid, *brown cloth*, $3.00. This American edition is edited by our greatest and best philologist, the Hon George P. Marsh, whose contributions to our stores of English learning have made his reputation a national treasure."

"In type and paper this volume is superb, and adds one more to the long list of valuable and elegant works issued by the house of Sheldon & Co."No. 335 Broadway N.Y.

A CHANCE FOR SUBSTITUTES,—As Greely apears to have in his custody 900,000 sturdy Abolitionists who he says, are eager to go into the negro stealing business under "Massa Lincum's" proclamation, it would not be a bad idea for the Harrisburg speculators in white flesh to apply to Horsee for substitutes. It is possible the Philosopher would not object if he could be satisfied there is money in it, as there is nothing in his creed to prevent him trafficking in white men if he can thereby benfit the negro. We have no doubt a note adressed to the *N. Y. Tribune* on the subject would receive immediate attention

Patriot & Union.

Philadelphia, the principal city of the state which, according to the radicals, has just voted for treason, traitors, submission and a dishonorable peace, reports that one thousand volunteers more than her quota have enlisted, and that there will be no draft in any of her precincts.

Works of Charles Dickens. Elegant Household Edition Illustrated from Drawing made expressly for this Edition, by F. O. C. Darly and John Gilbert. Executed on steel, in pure line and etching, by eminent Engravers.

"The volumes are of the right size for hand books, the paper is heavy and tinted the print excellent, the binding in English cambric and the illustrations are not be spoken of as mere mechanical efforts.—These designs were made by Gilbert and Darley, the great artists of England and America, and the reputation of these men is established beyond question. This splendid edition of Dickens published by Sheldon & Co N. Y., ought to be in every family library."

THE SHERIFF'S CASE.—*Injunction against Thompson granted by the Supreme Court.*—The Supreme Court, sitting at Pittsburg, decided on Saturday morning the application for a special injunction to restrian John Thompson from interfering with the office of Sheriff of Philadelphia, pending the determination of the writ of *certiorari* in the contest election case. The injunction is granted, and the decree of of the Court was telegraphed to Sheriff Ewing's counsel immediately by Thomas J. Keenan, the Prothonotory of the Western District. It is as follows:

Ordered, That on complainant's giving security in $5000, Thompson be enjoined from interfering with Sheriff's office or disturbing complainant there until hearing of *certiorari* or further orders; and ordered, that defendant have leave to move the Court on the 15th day of November, 1862 to quash the *certiorari* for having been issued without special cause previously shown unless the plaintiff hall then show sufficient cause on giving five days' notice. Strong J.

THO. J. KEENAN, Proth'y.

SINGULAR LUCK.—Mr. Samuel C. Harris, of Butler township this county, was enrolled twice in that township, and once in Columbia county. It seems that his residence as well as office are on the boundary line of the two counties, and the marshals of both claimed him. Mr. Harris, however, is a voter in, and literally, resident of this county. He was enrolled in this county twice by mistake—at his residence, and on the day he voted. The most singular part remains to be told, He was not only enrolled three times, *but his name was drawn three times* on the day of the draft—once in Columbia and twice here.—A wonderful freak of the blind Goddess.

Miners' Jour., Pottsville.

PAY OF DRAFTED SOLDIERS.—The pay per month of the militia volunteers in the service of the State is the same as that of volunteers in the service of the United States, as follows: Colonel, $222; lieutenant colonel, $198; major, $179; captain, $120,50; first lieutenant, $110, 50; second lieutenant, 105,50; privates $13. The pay in case of the invasion of the State is essentially different from during riot, tomult, breach of the peace, or when the militia are called upon to aid the civil process. In such emergencies non commissioned officers and privates receive $1 50 per dime each, and commissioned officers the same compensation as those of the regular army.

CENTRAL OFFICE, SANITARY COMMISSION,
WASHINGTON, October 23, 1862.

The inquiry being frequently made whether the Commission wishes to receive apples for the use of the wounded, it should immediately be published, as widely as possible, that dried apples cannot be sent to its depots in too large quantities. Town and Village Relief Societies are requested to make arrangements for paring, cutting, and drying by their members, and such volunteer assistance as they can enlist, and to notify farmers that they will receive such good fruit as they may be disposed to offer and are unable themselves to properly prepare. Dried apples may be sent in barrels or boxes, or in strong bags marked "To be kept dry."—Dried fruits of other kinds, and all good canned fruits, will be very acceptable.

THE NEW-YORK WORLD.

[From the True Citizen (New Britain, Conn.)]

Some nine or ten months since we, like a large portion of our fellow citizens, received our daily news of the movements of our armies from the New-York papers of the "run to Richmond" class, but we become so disgusted with the senseless outcry—which taken up for a time by nearly the whole nation, proved so terribly effective in driving our enemy on to the defeat of Bull Run and also at the persistant fault-finding with and abuse of President Lincoln and the leading Generals of the army, that we took up as we then supposed, with their slower and more respectable rival, The World. We have read this paper daily ever since, and have found, as we not only had a readable and scholarly journal, thoroughly loyal and government sustaining, but that towas fully up to the times, in its supply of everything said was reliable ir the way of current news. In fact, we only miss in its columns one class of news, viz: that which is to be contradicted to-morrow. With these hasty remarks we desire cordially to recommend to our readers the New-York World as one of the best, if not the very best daily journal in the country.

CONSTITUTION WATER.

THE GREAT REMEDY

FOR THE

CONSTITUTION

AND THE

ONLY KNOWN REMEDY

FOR

DIABETES

AND DISEASES OF THE

KIDNEYS AND BLADDER

These Dangerous and Troublesome Diseases, which have thus far Resisted the best directed Treatment can be Completely Controlled by the REMEDY now before us!

THE CURATIVE

properties of the medicine direct themselves to the organs of secretion, and by so altering the condition of the stomach and liver that the starchy principle of the food is not converted into sugar so long as the system is under the influence of the

CONSTITUTION WATER,

which give those organs time to recover their healthy tone and vigor. We are able to state that the Constitution Water has cured every case of Diabetes in which it has been given.

STONE IN THE BLADDER, CALCULUS, GRAVEL BRICK DUST DEPOSIT, AND MUCOUS OR MILKY DISCHARGES AFTER URINATING.

Diseases occuring from one and the same cause will be entirely cured by the Constitution Water, if taken for any length of time. The dose should vary with the severity of the disease, from twenty drops to a teaspoonful three times a day, in water. During the passage of the Calculus, the pain and urgent symptoms should be combated with the proper remedies, then followed up with the Constitution Water, as above directed.

DYSMENORRHŒA, OR PAINFULL MENSTRUATION, AND IN MENORRHAGIA OR PROFUSE FLOWING,

Both diseases arising from a faulty secretion of the menstrual fluid—in the one case being too little, and accompanied by severe pain; and the other a too profuse secretion, which will be speedily cured by the Constitution Water.

That disease known as FALLING OF THE WOMB, which is the result of a relaxation of the ligaments of that organ, and is known by a sense of heaviness and dragging pains in the back and sides, and at times accompanied by sharp lacinating or shooting pains through the parts, will, in all cases, be removed by the medicine.

There is another class of symptoms arising from IRRITATION OF THE WOMB, which physicians call Nervousness, which word covers up much ignorance, and in nine cases out of ten the doctor does not really know whether the symptoms are the disease, or the disease the symptoms. We can only enumerate them here. I speak more particularly of Cold Feet, Palpitation in the Heart, Impared Memory, Wakefulness, Flashes of Heat Languor, Lassitude, and Dimness of Vision.

SUPPRESSED MENSTRUATION.

Which in the unmarried female is a constant recurring disease, and through neglect the seeds of more grave and dangerous maladdies are the result; and as month after month passes without an effort being made to assist nature, the suppression becomes chronic, the patient gradually looses her appetite, the bowels are constipated, night sweats come on, and *consumption* finally ends her career.

LEUCORRŒA OR WHITES.

This disease depends upon an inflamation of mucous lining of the vagina and womb. It is in all cases accompanied by severe pain in the back, across the bowels and through the hips. A teaspoonful of the medicine may be taken three times a day, with an injection of a tablespoonful of the medicine, mixed with a half pint of soft water, morning and evening.

IRRITATION OF THE NECK OF THE BLADDER, INFLAMATION OF THE KIDNEYS AND CATARRH OF THE BLADDER, STRANGURY AND BURNING OR PAINFUL URINATING.

For these diseases it is truly a sovereign remedy, and too much cannot be said in its praise A single dose has been known to relive the most urgent symtoms.

Are you troubled with that distressing pain in the small of the back and through the hips? A teaspoonful a day of Constitution Water will relieve you like magic.

FOR DYSPEPSIA.

It has no equal in relieving the Most distressing symptoms. Also, Headache, Heartburn, Acid Stomach Vomiting Food, &c. Take a teaspoonful after dinner The dose in all cases may be increased if desired, but should be done gradually.

PHYSICIANS

Have long since given up the use of buchu, cubebs and juniper in the treatment of these diseases, and only use them for want of a better remedy.

CONSTITUTION WATER

Has proved itself equal to the task that has devolved upon it.

DIURETICS

Irritate and drench the kidneys, and by constant use soon lead to chronic degeneration and confirmed disease.

DANVILLE, Pa., June 2 1862.

DR. WM. H. GREGG—*Dear Sir*:—In February, 1861, I was afflicted with the sugar diabetes and for five months I passed more than two gallons of water in twenty-four hours. I was obliged to get up as often ten or twelve times during the night, and in five months I lost about fifty pounds in weight. Burning the month of July, 1861 I procured two bottles of Constitution Water and in two days after using it I experienced relief, and after taking two bottles I was entirely cured, soon after regaining my usual good health. Yours truly.

Wm. H. Gregg & Co.:

Gents:—I freely give you liberty to make use of the following Cirtificate of the value of Constitution Water, which I can reccommend in the highest manner.

My wife, who was attacked with pain in the shoulders, whole length of the back, and in her limbs, with Palpitation of the heart, attended with Chilling of the Womb, Dysmenorrhœa, and "Irritation of the Bladder," I called a physician, who attended her about three months, when he left her worse than he found her. I then employed one of the best physicians I could find, who attended her for about nine months, and while she was under his care she did not suffer quite as much pain; he finally gave her up and said: "her case was incurable." For, said he, "she was such a combination of complaints that no medicine given for one complaint against some other of her difficulties."—About this time she commenced to use CONSTITUTION WATER, and to our utter astonishment, almost the first dose seemed to have the desired effect, and she kept on improving rapidly under its treatment, and now superintends entirely her domestic affairs. She has not taken any of the CONSTITUTION WATER for about four weeks and we are happy to say that it has produced a permanent cure.

WM. M. VAN BENSCHOTEN.

MILLFORD, CONN., Nov. 19, 1861.

DR. WM. H. GREGG:

Dear Sir:—I have for several years been afflicted with that troublesome and dangerous disease—Gravel, which resisted all remedies and doctors, until I took CONSTITUTIONAL WATER, and you may be assured that I was pleased with the result. It has entirely cured me, and you may make any use of my name you may see fit in regare to the medicine, as I have entire confidence in its efficacy.

Yours truly,
POND STRONG,

THESE ARE FACTS ENOUGH

There is no class of diseases that produce such exhausting effects upon the human constitution as Diabetes and diseases of the Kidneys, Bladder and Urinary Passages, and through a false modesty they are neglected until they are so advanced as to be beyond the control of ordinary remedies, and we present the

CONSTITUTION WATER

To the public with the conviction that it has no equal in relieving the class of diseases for which it has been found so eminently successful in curing; and we trust that we shall be rewarded in our efforts in placing so valuable remedy in a form to meet the requirements of patient and physician,
