

WINTERING MILCH COWS, '0,

Good, warm shedding ! if not already prepared, should be got ready for these, having an eye, as already intimated, for proper ventilation. It will take more time and give some trouble, but you will be amply repaid for it, if the cows should be well rubbed down with a wisp of straw daily, or curried and rubbed down, watered night and morning, and given an ounce or two of salt twice a week, or of the salt and ashes mixture, with a little lime added. Give them the use of an enclosed yard, which should at all times be provided with rough materials to turn into manure. Their food should be cut, as suggested elsewhere .-The roots when fed to cows should be mixed with cut hay, fodder or cornstalks. Young cattle should be well cared for during winter; give them moderate supplies of food to enable them to keep in good heart and condition, so that in the spring they may be in a condition to thrive, without having to make up for lost time-they should be provided with good, dry sheds, facing the south, and be protected from the northernly windshave access to an enclosed vard, which should also be covered with woodsmould, leaves, and such like trashy substances, having in view continually the making them earn their keep by the manufacture of manure. In addition to the long provender and cut food, they should be treated to a mess of oats two or three times a week to help to make muscle, and give strength-their sheds should be kept clean. Chopped roots and cut hay and straw fed together keeps them in good health, the bowels free, the blood cool, and the skin free.

FACTS ABOUT APPLES.

Apples dried before they are fully ripened will make more pounds to the bushel than those that are fully matur-

Very large apples will not yield as many pounds of dried apples to the bushel as smaller ones.

Large apples have larger sap cells than small ones and less fibre. Small sized apples will often yield

eight pounds of dried apples to the bush-A bushel of Baldwins will sometimes

make nins pounds of dried apples. Apples with thick, close textured

skins keep longer than thin skinned When a tree overbears the flavor of the

fruit is impared. The flavor of the fruit is dependent

upon the maturity of the sap through the leaf.

The leavs are the expanded lungs of the tree, in which the sap is oxygenized and purified.

The flavor of the fruit does not depend and old Peathers.
March 2, 1s01.-12m. apon the character of the sap as carried up from the root, but upon the manner

in which the tree breathes; hence the character of the fruit does not follow the root upon which it is grafted, but the leaf which the scion produces.

If there is a much larger relative proportion of fruit than leaves, the fruit will

be of inferior flavor. Pick all the leaves from a tree, and

not an apple on it will fully ripen, Large leaved trees always produce

large apples, and a nurseryman can pick out of a nursery the trees that will bear large apples before they bear fruit. Many varieties are naturally tender

and are early kille! out of nurseries in cold locations, hence the advantage in buying the hardy remaining trees in nurseries so located.

OUR RECEIPT FOR CURING MEAT. Danville, Pa., June 28, 1862 - Cur

To one gallon of water, take 11 lbs. of salt. 1 ib. of sugar, toz. of saltpeter, 1 oz. of potash. In this ratio the pickle to be increased to any quantity desired. Let these be boiled together, until all the dirt from the sugar rises to the top and is skimmed off. Then throw it into a tub to cool, and when cold, pour it over your beef or pork, to remain usual time, say four or five weeks. The meat must be well covered with pickle, and should not be put down for at least two days after killing, during which time it should be slightly sprinkled with powdered saltpetre, which removes all the surface blood. &c., leaving the ment fresh and clean,

Some omit boiling the pickle, and find it to answer well; though the operation of boiling purifies the pickle by throwing off the dirt always to be found in all salt

If this receipt is properly tried, it will never be abandoned. There is none that surpasses it, if so good.

CIRCULAR.

THE undersigned having been engaged by the Democratic State Central Committee to publish under
their auspices a Campaign Paper to be entitled "THE
DEMOCRATIC LEADER," takes this occasion to call
your immediate attention to the importance of using
your influence to secure a wide circulation for the same
The First Number of the Paper will be issued on
Thursday, August 21, 1862, at the price of Twenty-Five
Cents for the Campaign. The Paper will be published
semi-weekly, until the day of the election. All orders
to be addressed to
A. D. BUILEAU, Publisher.

1084 South Third Street, Philadelphia.

To the Loval Men of Penneylvania:

The Democratic Leaser it is intended shall be devoted to a truthful and fearless exposition of the causes of the present calamities, and the relief which the Freemen of Pennsylvania may in part obtain through the hallot lost which, with the support they will give as loyal men for the suppression of the rebellion, may in time and as the only feasible mode restore our distressed sometry to its once prosperous and happy condition, as always maintained under Democratic Administrations of the Government. "The Democratic Leader is therefore not only recommended to your support, but your duties and interests as good criticens will be greatly promoted by making efforts for the wide spread circulation of this Paper.

F. W. HUGHES. O THE LOYAL MEN OF PENNSYLVANIA :

THE CREAT REMEDY FOR THE

CONSTITUTION ONLY KNOWN REMEDY

DIABETES

These Dangerous and Troublesome Diseases, which have thus for Revisted the best directed Treatment can be Completely Controlled by the REMEDY now before us!

THE CURATIVE

roperties of the medicine direct themselves to the or gais of secretion, and by so altering the condition of the stomach and liver that the starchy principle of the food is not converted into sugar solong as the system is under the influence of the

CONSTITUTION WATER. which give those organs time to recover their healthy tone and vigor. We are able to state that the Constitu-, tion Water has cured every case of Diabetes in which it STONE IN THE BLADDER, CALCULUS, GRAVEL

BRICK DUST DEPOSIT, AND MUCOUS OR MILKY DISCHARGES AFTER URINATING. MILKY DISCHARGES AFTER URINATING.
Diseases occuring from one and the same cause will
be entirely cured by the Constitution Water. If taken
for any length of thins. The dose smould vary with the
severity of the disease, from twenty drops to a teaspoonful three times a day, in water. During the passage of the Calculus, the pain and argent symptoms
should be combated with the proper remedies, then
followed up with the Constitution Water, as above directed.

TION, AND IN MENORRHAGIA OR PROFUSE
FLOWING.

Both diseases arising from a faulty secretion of the menstrual fluid—in the one case being too fittle, and accompanied by severe pain; and the other a too profuse searction, which will be speedily cured by the Constitution Water.

That disease known as FALLING OF THE WOMB, which is the result of a relaxation of the ligaments of that organ, and is known by a sense of heaviness and dragging pains in the lack and siles, and at times accompanied by sharp lacinating or shooting pains through the parts, will, in all cases, be removed by the accidence.

There is another class of symptoms arising from IR.

BITATION OF THE WOMB, which physicians call Nervousness, which word covers up math ignorance. There is another class of symptoms arising from IRRITATION OF THE WOME, which physicians call
by Nervousness, which word covers up much ignorance,
and in nine cases out of ten the doctor does not really
know whether the symptoms are the disease, or the
disease the symptoms. We can only enumerate them
here. I speak more particularly of Cold Feet. Patpitation in the librart, impared Memory, Wakefulness, Plashes of Heat Langoor, bassitude, and Dimness of Vision,
SUPPRESSED MENSTRUATION.

Which in the unmarried female is a constant recurring
disease, and through neglect the seeds of more grave
and dangerous mainsties are the result; and as month
after month passes without an effort being made to asist nature, the suppression becomes chronic the patient gradually looses her appetite, the bowles are
constipated, night sweats come on, and consumption
finally ends her career.

LEUCORRGEA OR WHITES

LEUCORRGEA OR WHITES. This disease depends upon an inflamation of mucous liming of the vigina and womb. It is in all cases accompanied by severe pairs in the back, accross the bowels and through the hips. A teaspoonful of the medicine may be taken three times a day, with an injection of a tablespoonful of the medicine, mixed with a half pint of soft water, morning and evening.

IRRITATION OF THE NECK OF THE BLADDER. INFLAMATION OF THE KIDNEYS AND CA-TARRH OF THE BLADDER, STRANGURY

AND BURNING OR PAINFUL URINATING. For these diseases it is truly a sovereign remedy, and too much cannot be said in its praise. A single document been know to relive the most urgent syptoms. Are you troubled with that distressing pain in the small of the back and through the hips! A teaspoorful a day of Constitution Water will relieve you like magic. FOR DYSPEPSIA.

It has no equal in relieving the Most distressing sup-toma. Also, Headache, Heartburn, Acid Stotach Vom-ting Foot. &c. Take a teaspoonful after dinner. The dose in all cases may be increased if desired, but should be done gradually.

PHYSICIANS Have long since given up the use of buchn, cubebs and juniper in thetreatment of these siscusses, and only use them for want of a better remedy.

CONSTITUTION WATER ved itself oqual to the task that has devolved

DIURETICS

Irritate and drench the kidneys, and by constant uses no lead to chronic degeneration and confirmed dis-Read. Read. Read.

DANVILLE, Pa., June 2 1882,
Dr. Wm. H. Grego — Deer Ser: in February, 1861, I
was afflicied with the sugar dishetes, and for five months
I passed more than two gallons of water in twenty-four
hours. I was obuged to get up as often ten or twolve
times during the night, and in five months Liost about
fifty pounds in weight. Durning the month of Jury,
1861, I procured two hottles of Constitution Water and
in two days after using it I experienced relief, and after
taking two bottles I was entirely cared, soon after
regaining my usual good health. Yours truly.

Boston Corners, N. Y., Dec. 27, 1861.

Boston Cerners, N. Y., Dec. 27, 1861.

Wim. R. Gregg. & Co.:

Gents:—I freely give you liberty to make use of the following Cirtificate of the value of Constitution Water, which I can recommend in the highest manner.

My wife, who was attacked with pain in the shoulders, whate length of the back, and in her timbs, with Palpitation of the heart, attended with Falling of the Woods, Dysimenortheea, and "britation of the Bladder," I called a physician, who attended her about three months, whos he left her worse than he found her. I then employed one of the best physicians I could find, who attended her for about aine months, and while she was under his care she did not sufferquite as much pais; he faulty gave her op and said: "there we was incarable." For, said he, "she was such a conbination of complaints that medicine given for one operates against some other of her difficulties,"—About this time she commoned to use Constitutions Waters, and to our utter astonishment, almost the first dose seemed to have the direct effect, and she kept on improving rapidly under its treatment, and now superintuits entirely her domestic affeirs. She has not take any of the Lox murion Water for about four weeks and we are happy to say that it has produced a permanent cure.

WM. M. VAN BENSCHOTEN. Boston Corners, N. Y., Dec. 27, 1861.

WM. M. VAN BENSCHOTEN. MILLIFORD, COSN., Nov. 19, 1861.

Mildronn, Conn., Nov. 19, 1861.

Dr., Ww. H. Garco;

Dour Sir:—I baye for several years been afflicted with that toomblesome and dangerous discase—Gravel, which resisted all remedies and doctors until I took Constitutional Warsa, and you may be assured that I was pleased with the result. It has entirely cared me, and you may make any use of my hame you may see fit in regare to the medicine, as I have entire confidence in its efficacy.

Yours truly, POND STIONG,
THESE ARE PACTS SNOUGH
There is no class of diseases that produce such exhausting effects upon the human constitution as Diabetes and diseases of the Kridneys, flander and Urinary Passages, and through a false modesty they are neglected until they are so accurated as to be beyond the control of ordinary remedies, and we present the CONSTITUTION WATER

To the public with the conviction that it has no equal in relieving the class of diseases for which it has been found so contently successful in curing; and we trust that we shall be rewarded in our efforts a placing so valuable reseased in a form to meet the requirements of patient and physician, FOR SALE BY ALL DRUGGISTS. PRICE 81,

EXECUTABLE ROLL

The Propertor of this well-known and centrally local to Propertor of this well-known and centrally local to Propertor of this well-known and centrally local to the Street, in Bloomsburg, immediately conosite the Colombia County Court House, respectfully informs his fronds and the public in general, that his House is now in order for the secoption and entertainment of travelers who may feel disposed to favority with their custom. He has spared no exponse in preparing the Excussor for the entertainment of his guests, neither shall there he anything wanting (on his part) to minister to their personal confort. His house is spacious and enjoys an excellent business lecation.

57 Omnibuses run at all times between the Exchange Hotel and the various Rull Read Depois, by which travelers will be pleasantly conveyed to and from the respective Stations in due time to meet the Cars.

Bloomsburg, July 7, 1860. WM. B. KOONS.

AYER'S Sarsaparilla

FOR PURIFYING THE BLOOD. And he the speedy care of the following complaints: Serofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Bolls, Blains, and all Skin Diseases.

Pimples, Pustules, Blotches, Boss, Blains, and all Skin Diseases.

J. C. Aven & Co. Gonts: I feel it my dufy to acknowledge what your Farsaparilia has done for me, Ilaving inherited a Scrottinus infection. I have suffered from it in various ways for years. Sometimes it busstout in Ulcers on my hands and arm; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scale and cars with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relef from any thing. In liet, the desorter grew worse. At longth I was rejuiced to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your rejuitation that any thing you made must be good. I sunt to Cincinnatiand got it, and used it till it cured me. I took it, as you advise, in small deses of a teaspoonful over a mouth, and used almost three bottles. New met healthy skin soon began to form under the seab, which after a white fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can wall believe that I feel what I am seving when I tell yoo, that I hold you to be one of the apostles of the age, and remain ever gratefully.

St. Anthony's Fire, Rose or Erystpekus.

ALFRED B. TALLEX.

St. Anthony's Fire, Rose or Erysipelus,
Tetter and Salt Rheum, Scald Hend,
Ringworm, Sore Eyes, Dropsy.

Dr. Robert M. Preble writes from Salem, N. V., 12th
Sept., 1859, that he has cared an invetrante case of
Dragsy, which threatened to terminate fatally, by the
persevering use of our Sarsaparilla, and also a ungerous
Malighnat Erysiphiat by large dorse of the Same; says
he cures the common Eruptions by it constantly. Kebulen Sloan of Prespect, Texas, writes: "Three bot-tles of your Europarilla cured me from a Goire — a hid-cous swelling on the neck, which I had suffered from ever two years."

cons swelling on the neck, which I had suffered from over two years."

Leucorrhon or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases.

Dr. J. B. S. Chaming, of New York City, writes; "I most cheerfully comply with the request of your agent in saying I have found your Sarseparilla a most owellout alterative in the annuarous complaints for which we employ such a romedy, but especially in Fanale Disease of the Scrofulous disthesis. I have caved many involutionate causes of Leucorrhos by it, and some where the complaint was caused by alceration of the alterns. The alceration itself was soon cared. Nothing within my knowledge quals it for these female decangements."

Edward S. Marrow, of Newbury, Ala, writes, "A damperous occurred theme; on one of the females in my family, which had defied all the remedies we could capicy, has at longth been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extrapation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks to symptom of the disease remains."

Byphills and Mercurial Disease.

Syphilis and Mercurial Disease.

Byphilis and Mercurial Disease.

New Obleans, 26th August, 1869.

Dr. J. C. Aten: Sir, I cheerfully comply with the request of your agont, and report to you some of the effects I have realized with your Sarsaparilla.

I have cared with your Sarsaparilla.

I have cared with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wenderful in the cure of Fenercel and Received Instance. One of my patients had Syphilitic uncers in his threat, which were consuming his palate and the top of his meath. Your Sarsaparilla, steadily taken, cuted him in five weeks. Another was attacked by secondary symptons in his mose, and the incartion had eaten away a considerable part of it, so that I believe the disorder would seen reach his brain and hall thim. But it yielded to my administration of your Sarsaparilla; the ulcers healed, and he is well again, not of course without some disfiguration to his five. A woman who had been treated for the same disorder by mercury was cambring from this poison in her bones. They had become so constitive to the weather that on a damp day she suffered executating pain in her joints and bones. She, too, was cared entirely by your Sarsaparilla in a few weeks. I know from its formula, which your ment pare me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me.

Fraternally yours.

G. V. LARIMER, M. D.

Rheumatism, Gout, Liver Complaints.

Rheumatism, Cout, Liver Complaint. DR. J. C. Aver: Sir, I have been sillicted with a palpful chronic Rhemation for a long time, which tsalled the skill of physicians, and stock to me in spite of all the remains I could find, until I tried your Sanaparilla. One bottle cured ms in two weeks, and restored my general beatth so much that I am far better than before I was attacked. I think it a wonderful medicine. J. FREAM. Attacked. I think it a wonderful medicine. J. FIEAM.

Jules Y. Getchell, of St. Louis, writes: "I have been
afflicted for years with an affection of the Liver, which
destroyed my health. I tried every thing, and every faling
failed to relieve me; and I have been a broken-down man
for some years from no ether cause than derangement of
the Liver. My beloved pastor, the Rev. Mr. Eapy, advised
me to try your Sarsaparitla, because he said he knew you,
and any thing you made was worth trying. By the blessing of God it has cared me, and has so parified me blood
as to make a new man of mo. I ked young again. The
best that can be said of you is not half good enough."

Schirrus. Caucer Tumors, Enlargoment, Ulceration, Caries and Exfoliation of the Bones. A great variety of cases have been reported to us whose cures of these formidable complaints have resulted from the use of this remetly, but our space here will not admit them. Some of them may be found in our American Almanac, which the agents below named are pleased to furnish gratis to all who call for them.

Dyspepsia, Heart Disease, Fits, Epilepsy, Meiancholy, Neuralgia.

Many remarkable cares of these affections have been made by the alterative power of this medicine. It stimulates the viral functions late vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remely has long been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.

Ayer's Cherry Pectoral,

Coughs, Coids, Influenza, Hoarseness, Croup, Bronchitis, Inciplent Consumption, and for the Relief of Consumptive Patients
in advanced Stages
of the Disease.

Theris a renedy so universally known to surpass any other for the cuse of threat and lung complaints, that it is useless here to publish the syldence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth. Few are the communities, or even families, among them who have not some personal experience of its effects—some living trephy in their midst of its victory over the subtle and dangerous disorders of the threat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the emes which have wen so strongly upon the condudence of mankind.
