Farmer's Department.

IMPROVEMENT OF PASTURES.

The condition of the pastures in many of the older dairying districts is a sad spectacle. Farms that would once carry forty cows, and make eight thousand lbs. of butter, will not now support half that number. In the familiar language of these districts, the land has been "cowed to death." The pastures have been fed by cows from time immemorial, receiving only the manure dropped by the animals during the day. Three fourths of all that the land produced was carried away to the yard, and none of this came back. The soil grew thin and the grass died out for want of nourishment. What can be done to bring up such pastures?

An ounce of practice is said to be worth a pound of theory. It is, undoubtedly, if of the right kind. In the spring of 1860 the writer came into possession of a two acre lot run down meadow. It was used as a pasture because there was not grass enough upon it to pay for cutting. As it was convenient to the house, I used it for yarding the cows at night. They were pastured elsewhere a part of the time, and thus all the products of these two acres, and nearly four more besides, were dropped upon the soil by the cattle.—There has been a very great improvement in the yield of grass the past season, and the lot, if used for meadow another year, will probably cut twice as much hay as it did in the summer of 1860. The whole secret of the improvement is, that more has been returned to the soil than has been taken away.

A similar improvement is witnessed in pastures devoted to sheep, if they are not fed too closely. Every thing the land produces is returned to it by the sheep, together with a good deal the land would not get, but for the intervention of the feeding animals. It is sometimes claimed that nothing is gained to the land by passing the crops through the bodies of animals; that a hundred pounds of hay rotted upon the land, is worth just as much as the hundred pounds fed out and returned in the shape of manure. But this can not be so, for the animal draws some elements of its body from air and water, as will as hay, while the manure quickens the energies of the soil, as the rotted hay would not.

It is well known in the districts devoted to the feeding of fat cattle, on the ridges of Dutchess and Putnam counties, and the western part of Connecticut, that lands once poor, or nearly run out by hard cropping or pasturing, have been brought up to very great fertility, by plaster and feeding animals. From one to two bushels of plaster per acre are sown every year, and fattening cattle three years old and upward are kept in them from Spring till Fall. When the animals are turned in they have their *frames* already made and there is no great draft upon the soil for bone earth — The whole grass is returned to the soil in the manure, except the little carried off in the grain of the cattle. Some times a change of stock from cows to fattening bullocks, or to sheep, will be all that is necessary for improving a worn out pasture. If cows are kept, there must be top dressing, or alteration from pasture to hoed crops, with heavy manuring. If the land is not arable, topdressing with compost or with plaster in districts where it does good, will be sufficient.

GOOD WINTER BUTTER FROM ROOTS.

Every person who has an acre of good land, and good cows, may have butter in January and Febuary, equal, or even superior, to that which is made in September. Though not a farmer, the writer subscribed for the *Agriculturist* in 1860. An article was published, recommending rutabaga or Swedish turnips as food for cows. In the Spring of 1861, seed was obtained, and planted in rows. The ground was not the best for roots, yet I obtained from 4 rows each 100 feet long, roots enough to feed tow cows, once a day five weeks. The cows had commenced to decrease in the quantity and quality of the milk, after having been taken from the grass, and before feeding the roots, but in a few days there was a marked increasing in both respects. The butter was equal in in quality to that made in October. It was worth 3 or 4 cts per lb. more than the white, roily *subd tute*, generally found on farmers' tables at this season of the year in places, where neither roots or grain are used. Those who have even small lots would do well to raise roots next year. Begin in time; select good soil, manure during the Winter, and have the ground ready by planting time. The profit on the few bushels raised this year, far exceeds the cost of the paper which led me to make the experiment.

MARRIAGE.—ITS LOVES AND HATE sorrows and angers, hopes and fears, rage and joys; MANHOOD, how both can restore the nature, treatment and radical cure of spermatorrhœa or seminal weakness; involuntary emissions, sexual debility and impediments to marriage generally; nervousness, consumption, dyspepsia, mental and physical incapacity, resulting from SELF-ABUSE—carefully explained in the MARRIAGE GUIDE, by WM. YOUNG, M. D. This most extraordinary book should be in the hands of every young person contemplating marriage, and every man or woman who desires to shun the miseries of their offspring or their circumstances, early pains, decay and ache incidental to youth, maturity and old age, is fully explained; every particular knowledge that should be known is here given. It is full of engravings. In fact, it discloses secrets that every one should know; still it is a book that must be locked up, and not lie about the house. It will be sent to any one on the receipt of twenty five cents in specie or postage stamps. Address DR. WM. YOUNG, No. 416 SPRUCE Street, above Fourth, Philadelphia.

☞ AFFLICTED AND UNFORTUNATE, no matter what may be your disease, before you place yourself under the care of any of the notorious *Quacks*—native or foreign—who advertise in this or any other paper, get a copy of Dr. Young's book, and *read it carefully*. It will be the means of saving you many a dollar, your health, and possibly your life.

DR. YOUNG can be consulted on any of the diseases described in his publication, at his office, No. 416 SPRUCE Street, above Fourth, Philadelphia.

THE GREAT REMEDY
FOR THE
CONSTITUTION
AND THE
ONLY KNOWN REMEDY
FOR
DIABETES
AND DISEASES OF THE
KIDNEYS AND BLADDER

These Dangerous and Troublesome Diseases, which have Just Been Revealed the Most Direful Treatment can be Completely Controlled by the REMEDY see below!

THE CURATIVE

properties of the medicine direct themselves to the organs of secretion, and by so altering the condition of the stomach and liver that the starchy principle of the food is not converted into sugar so long as the system is under the influence of the

CONSTITUTION WATER,

which gives those organs time to recover their healthy tone and vigor. We are able to state that the Constitution Water has cured every case of Diabetes in which it has been given.

STONE IN THE BLADDER, CALCULUS, GRAVEL, BRICK DUST DEPOSIT, AND MUCOUS OR MILKY DISCHARGES AFTER URINATING.

Diseases occuring from one and the same cause will be entirely cured by the Constitution Water, if taken for any length of time. The dose should vary with the severity of the disease, from twenty drops to a teaspoonful three times a day, in water. During the passage of the stone, the pain and urgent symptoms can only be combated with the proper remedies, then followed up with the Constitution Water, as above directed.

DYSMENORRHŒA, OR PAINFULL MENSTRUATION, AND IN MENORRHAGIA OR PROFUSE FLOWING.

Both diseases arising from a faulty secretion of the menstrual fluid—in the one case being too little, and accompanied by severe pain; and the other a too profuse secretion, which will be speedily cured by the Constitution Water.

That disease known as FALLING OF THE WOMB, which is the result of a relaxation of the ligaments of that organ, and is a source of heaviness and dragging pains in the back and sides, and at times accompanied by shooting pains through the parts, with all cases be removed by the medicine.

There is another class of symptoms arising from IRRITATION OF THE WOMB, which physicians call Nervousness, or high spirits, which is often mistaken, and in nine cases out of ten the doctor does not really know whether the symptoms are the disease, or the disease the symptoms. We can only enumerate them here. I speak more particularly of Cold Feet, Palpitation in the Heart, Impaired Memory, Wakefulness, Flashes of Heat Lassitude, Lassitude, and Dimness of Vision.

SUPPRESSED MENSTRUATION.

Which is by unmarried females is a constant recurring disease, and through neglect the seeds of more grave and dangerous maladies are the result; and so month after month passes without an effort being made to assist nature, the suppression becomes chronic, the patient gradually loses her appetite, the bowels are constipated, night sweats come on, and consumption finally ends her career.

LEUCORRŒA OR WHITES.

This disease depends upon an inflammation of mucous lining of a vagina and womb. It is in all cases accompanied by severe pain in the back, across the bowels and through the hips. A teaspoonful of the medicine may be taken three times a day, with an injection of a tablespoonful of the medicines, mixed with a tea spoonful of soft water, morning and evening.

IRRITATION OF THE NECK OF THE BLADDER, INFLAMATION OF THE KIDNEYS AND CATARH OF THE BLADDER STRANGURY AND BURNING OR PAINFUL URINATING.

For the soothing powers it is truly a sovereign remedy, and too much cannot be said in its praise. A single dose has seen to relieve the most urgent symptoms.

Are you troubled with that distressing pain in the small of the back, and through the hips? A teaspoonful a day of Constitution Water will relieve you like magic.

FOR DYSPEPSIA,

It has no equal in relieving the Most distressing symptoms. Also, Headache, Heartburn, Acid Stomach Vomiting Food, &c. Taken a teaspoonful after dinner. The dose in all cases may be increased if desired, but should be done gradually.

PHYSICIANS

Have long since given up the use of leaches, cobbs and jumpers to their catalogue of fatal diseases, and only use them for want of a better remedy.

CONSTITUTION WATER

Has proved itself equal to the task that has devolved upon it.

DIURETICS

DANVILLE, Pa., June 2 1862.

DR. WM. H. GREEN—*Dear Sir:* In February, 1861, I was afflicted with intense diabetes, and for five months I passed more than two gallons of water in twenty-four hours. I was so aged to get up as often ten or twelve times during the night, and in five months I lost about fifty pounds of weight. During the month of January, I procured two bottles of Constitution Water, and in two days after using it I experienced relief and after taking two bottles I was entirely cured—soon after regaining my usual good health Yours truly,

GENTLEMEN:—I give you liberty to make use of the following certificate of the value of Constitution Water, which I can recommend in the highest manner.

My wife who was attacked with pain in the shoulders, whole length of the back, and in her limbs, with Palpitation of the heart, attended with Falling of the Womb, Dyspepsia, Sick and Irritation of the Bladder, for years, so much so that she was confined to her bed three months, when her life was despaired of, and in nine cases out of ten the doctor does not really know whether the symptoms are the disease, or the disease the symptoms. We can only enumerate them here. I speak more particularly of Cold Feet, Palpitation in the Heart, Impaired Memory, Wakefulness, Flashes of Heat Lassitude, Lassitude, and Dimness of Vision.

AYER'S CATHARTIC PILLS.

Are you sick, feeble, and complaining? Are you out of order, with your system deranged, and your feelings uncomfortable? These symptoms are often the prelude to serious illness. Some fit of sickness is creeping upon you, and should be averted by a timely use of the right remedy. Take Ayer's Pills, and cleanse out the disordered humors—purify the blood, and let the fluids move on unobstructed in health again. They stimulate the functions of the body into vigorous activity, purify the system from the obstructions which make disease. A cold settles somewhere in the body, and obstructs its natural functions. These, if not relieved, reset upon themselves and the surrounding organs, producing general aggravation, suffering, and disease. While in this condition, oppressed by the derangements, take Ayer's Pills, and soon know directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint, is also true in many of the deep-seated and dangerous distempers. The same purgative effect expels them. Caused by similar obstructions and derangements of the natural functions of the body, they are rapidly, and many of them surely, cured by the same means. None who know the virtues of these Pills, will neglect to employ them when suffering from the disorders they cure.

Statements from leading physicians in some of the principal cities, and from other well known public persons.

From a Forwarding Merchant of St. Louis, Feb. 4, 1858.

DR. AYER: Your Pills are the parson of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her.

ASA MORGRIDGE.

As a Family Physic.

From Dr. E. W. Cartwright, New Orleans.

Your Pills are the prince of purges. Their excellent qualities surpass any cathartic we have used, both mild, but very certain and effectual in their action on the bowels, which makes them invaluable to us in the daily treatment of disease.

Headache, Sick Headache, Foul Stomach.

From Dr. Edward Bayl, Baltimore.

DEAR BRO. AYER: I can not answer you *what* complaints I have *cured* with your Pills better than to say *all that we ever treat with a purgative medicine.* I place great dependence on an effectual cathartic in my daily contest with disease, and believing as I do that your Pills afford us the best we have, I of course value them highly.

PETERSBURG, Va., May 1, 1855.

DR. J. C. AYER. Sir: I have cured a dangerously cased of the worst *headache* any body can have by a dose or two of your Pills. It seems to arise from a foul stomach, which they cleanse at once.

Yours with great respect, ED. W. PREBLE,
Clerk of Steamer Clarion.

Bilious Disorders—Liver Complaints.

From Dr. Theodore Bell, of New York City.

Not only are your Pills admirably adapted to their purpose as an aperient, but I find their beneficial effects upon the Liver very marked indeed. They have in my practice proved more effectual for the cure of liver complaints than any one remedy I can mention. I sincerely rejoice that we have at length a purgative which is worthy the confidence of the profession and the people.

DEPARTMENT OF THE INTERIOR,
Washington, D. C., 7th Feb., 1858.

SIR: I have used your Pills in my general and hospital practice ever since you made them, and cannot hesitate to say they are the best cathartic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I know no disease in which a case of *bilious disease* so obstinate that it did not readily yield to them. Fraternally yours, ALEXANDER HALL, M. D.,
Physician of the Marine Hospital.

Dysentery, Diarrhœa, Relax, Worms.

From Dr. J. G. Green, of Chicago.

Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best aperients I have ever found. Their alterative effect upon the liver makes them an excellent remedy, when given in small doses for *bilious dysentery and diarrhœa.* Their sugar-coating makes them very agreeable and convenient for the use of women and children.

Dyspepsia, Impurity of the Blood.

From Hon. J. P. Hines, Judge of Advent Court, Boston.

DR. AYER: I have used your Pills with extraordinary success in my family and others with whom I am called to live in distress. To regulate the organs of digestion and purify the blood, they are the very best remedy I have ever known, and I can confidently recommend them to my friends. Yours, J. V. HIMES.

WARSAW, Wyoming Co., N. Y., Oct. 21, 1855.

DEAR SIR: I am using your Cathartic Pills in my practice, and find them an excellent purgative to *cleanse the system and purify the fountains of the blood.*

JOHN G. MEACHAM, M. D.

Constipation, Costiveness, Suppression, Rheumatism, Gout, Neuralgia, Dropsy, Paralysis, Fits, etc.

From Dr. J. P. Vaughn, Montreal, Canada.

Too much cannot be said of your Pills for the cure of costiveness. Brothers of our fraternity have found them as efficacious as I have; they should join me in proclaiming it for the benefit of the multitudes who suffer from that wretchedness, which, although bad enough in itself, is the precursor of others that are worse. I find the best effects originate in the liver, but your Pills affect that organ and cure the disease.

From Mrs. E. Stuart, Physician and Midwife, Boston.

I find one or two large doses of your Pills, taken at the proper time, are excellent to relieve the pains of the natural secretion when wholly or partially suppressed, and also very effectual to cleanse the stomach and expel worms. They are so much the best physic we have that I recommend no other to my patients.

From the Rev. Dr. Hawkes, of the Methodist Epis. Church.

PULASKI HOUSE, Savannah, Ga., Jan. 6, 1858.

HONORED SIRS: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating neuralgic pains, which, in a few days, settled in my face. Notwithstanding, I had the best of physicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were slow, but sure. By persevering in the use of them, I am now entirely well.

SENATE CHAMBER, Baton Rouge, La., 5 Dec. 1855.

DR. AYER: I have been entirely cured, by your Pills, of *Rheumatic Gout*—a painful disease that had afflicted me for years.

VINCENT SLIDELL.

☞ Most of the Pills in market contain Mercury, which, although a valuable remedy in skilful hands, is dangerous in a public pill, from the dreadful consequences that frequently follow its incautious use. These contain no mercury or mineral substance whatever.

Price, 25 cents per Box, or 5 Boxes for $1.

Five Safes in one fire. All came out right; with records in good condition.

The Salamander Safes of Philadelphia against the world.

EVANS & WATSON,

have had the surest demonstration in the following certificate that their manufacture of Salamander SAFES has at length fully warranted the high encomiums which have been made of them in rendering an undoubted security against the terrific element.

Philadelphia April 12, 1856.

Messrs. Evans & Watson: Gentlemen—It affords us the highest satisfaction to state to you, that owing to the very protective qualities of two of the Salamander Safes which we purchased of you some five month since we saved a large portion of jewelry, and all our books, &c., exposed to the conflagration, fire in Banstead place on the morning of the 19th inst.

When we reflect that these safes were located in the fourth story of the building we occupied, and that they fell subsequently into the burning ruins
