

GARDEN WORK FOR MAY.

As no time is now to be lost, and we have no special auggestions to make in regard to preparatory labors, we proceed at once to state what yet remains to be done.

Setting out Cabbage plants .- l'repare a bed by manurcing it heavily; dig the manure in deeplo, rake the soil very fine, TERMS ONE DOLLARS PER DAY. KIDNEYS AND BLADDER and when this is accomplished set out the plants in a row, three feet apart, the plants being two feet apart in the rows.

Sowing cabbage Seed. — Early during Marison House, Second St. Pallaciphia.

No 77 Dock Vt. Palla Late of Baltimore, Md. and Marison House, Second St. Palladelphia.

March 7, 1862—3m. the month sow cabbage seed, for a supply during the winter. For this purpose the Savory is one of the best varieties.

Parsnips, Carrots, and Beets .- Drill in a supply of these early in the month for

Radish Seed .- Sow raddish seed at in tervals of ten days for a succession of

Lettuce -Plant out young plants for heading and sow fresh seed at intervals of ten days or two weeks.

Peas .- Drill in a few rows of peas every few weeks to provide for a regular progressive supply. As the season advances choose the cooler and shadier portion of the garden for this purrose.

Beans .- Plant a few rows of bunch

Mellons of all kinds-They should be planted during the first week in May.

Squashes - Cucumbers .- Plant these also early in the month. Corn for Roasting cars. - Manure, dig produce solicited, and returns promptly made. Cash

an early supply of corn for the table. Cauliflower .- Sen out cauliflower plants for early use, and sow cauliflower seed

for a fall supply. Lima Beans .- These should be sown as early in the mouth as the ground is

wary enough to receive them. Small Salading .- Sow the seeds of all kinds of small salaning at intervals of ten to which they levite the attention of Storekeepers.

Celery plants,-Sat these out, and sow celery seed for a late supply.

Onions .- Keep the onion sets free of weeds, and water freely in dry weather. Egg plants.-Such plants as we have

raised in hht beds should now be planted ont. The seeds or plants to come in later may now be sown in the open air. Red Peppers .- Prepare a bed in a

warm, southern order, and sow the seeds of the red peppers. Tomatoes .- Plant out tomate plants

raised in frames, and sow the seeds in the open air for a further supply.

Raspberies .- New plantations of this fruit may be made early in the month, TOBACCO DEALERS but in setting out, the ground should be mulched about the plants.

Strawburry beds .- In dry weather, afster sunset, freely and frequently water strawberry beds. By observing the precaution never to apply water whilst the sun is shining, no fear need be entertained at of injuring the blessoms.

RFLIEF OF NEURALG1A.

As this dreadful disease is becoming more prevalent than formerls; and as the doctors have not discovered ans method of medicine that will permanently care it, we fimply state that for some time past a member of our family has suffered most intensley from it, and coald find no relief, until we saw an article which recommended the application of bruised horseradish to the face for tooth ache. As neuralgia and tooth-ache are both nervous diseases, we thought the remedy for the one would be likely to cure the other, so one would be likely to cure the other, so we made the application of horsh radish bruised and applied to the side of the body where the disease was seated. It gave almost instant relief to the severe attack of neuralgia. Since then we have applied it several times, and with the same gratifying results. The remedy is simple, cheap, and may be had within the reach of every

## SOILED CARPETS.

When soiled, carpets may be cleaned, after beatening with the following mixture :- Two gallons of water, with half a pound of soft soap dissolved in it, to which add four ounces of liquid ammonia , this may be rubbed on with a flangel, and the carpet then rubbed dry with a coarse

## ASHES

Every bushel of ashe s applied to the corn crop is worth one dollar. The truth of this assertion has been demonstrated by the result of experiments accurately condueted. On light soils, the action of ashes is highly energetic and salutary; they exert a warming and invigorating influence and promote the rapid growth of almost account every species of production.

## PATIENCE IN MILKING

A writer says that a cow was cured of holding up her milk by patiently milking until she caused to hold in, and by contin ing the practice she has become an easy, regular, and a good cow.

THE CREAT REDEDY

FOR THE ONSTITUTION ONLY KNOWN REMEDY

DIABETES AND DISEASES OF THE

These Dangerous and Traublezome Diseases, which have thus fur Revisted the best directed Treatment can be Completely Controlled by the REMEDY now before not

THE CURATIVE properties of the molleine direct themselves to the organs of secretion, and by so aftering the condition of the stomach and liver that the storchy principle of the food is not converted into sugar solong as the system is under the inducer of the

CONSTITUTION WATER. which give those organs time to recover their kealthy tone and vigor. We are able to sinte that the Constitu-tion Water has cured every case of Diabetes in which it

STONE IN THE BLADDER, CALCULUS, GRAVEL BRICK DUST DEPOSIT. AND MUCOUS OR MILKY DISCHARGES AFTER URINATING. MILKY DISCHARGES AFTER URINATING.

Discusses occurring from one and the same cause will be entirely expelled the Constitution Water, if taken from any length of time. The does should vary with the severity of the discusse, from twenty drops to a teaspoonful three times a day, in water. During the passage of the Calculus, the pain and argent symptoms should be combated with the proper remedies, then followed up with the Constitution Water, as above directed.

DYSMUNORS.

TION, AND IN MENOBRHAGIA OR PROPUSE FLOWING,

Both discasses arising from a faulty secretica of the menstrual faid-in the one case being too little, and accompanied by severe pain; and the other a too pro-fuse secretion, which will be speedily cared by the onstitution Water.
That disease known as FALLING OF THE WOMB. which is the result of a relaxation of the ligaments of that organ, and is known by a sense of heaviness and dragging pains in the back and sides, and at times ac-companied by sharp lacinating or shooting pains through the parts, will, is all cases, be removed by the medicine. Nervousness, which word covers up much ignorance, and in nine cases out of ten the doctor does not really know whether the symptoms are the disease, or the disease the symptoms. We can only enumerate them here. I speak more particularly of Cold Feet, Pathitation in the Heart, Impured Memory, Wakefutness, Plashes of Heat Languer, Lassitude, and Dinness of Vision. SUPPRESSED MENSTRUATION.

Which is the unsurgied female is a constant recurring disease, and through neglect the seeds at more grave and dangerous maladies are the result, and as month after month passes without an effort being made to assist nature, the suppression becomes chronic, the pa-tient gradually looses her appetite, the bowels are constipated, night sweats come on, and consumption

LEUCORRGEA OR WHITES. LECCORRETA OR WHITES.

This disense depends upon an inflamation of mucous fining of the vagina and womb. It is it all enses necompanied by severe paid in the back, across the bowels and through the hips. A tempoonful of the medicine may be taken three times a day, with an injection of a tablespoonful of the medicine, mixed with a half-pint of soft water, marning and evening. IRRITATION OF THE NECK OF THE BLADDER, INFLAMATION OF THE KIDNEYS AND CA-

TARRE OF THE BLADDER, STRANGURY AND BURNING OR PAINFUL URINATING. For these diseases it is truly a sovereign remedy, and so much cannot be said in its praise. A single does has too much cannot be said to the most urgent syptoms.

Are you troubled with that distressing pain in the small of the back and through the hips (A temporarial a day of Constitution Water will relieve you like inagic.

FOR DYSPEPSIA. It has no equal in relieving the Most distressing smp-toms. Also, Headache, Hearthurn, Acid Stamuch Voin iting Food, &c. Take a teaspoonful after dinner. The dose in all cases may be increased if desired, but should PHYFICIANS

Have long since given up the use of buchu, cubels and jumper in the treatment of these diseases, and only use them for want of a better remedy. CONSTITUTION WATER

DIRECTICS Irritate and drench the kidneys, and by constant up

AYER'S Sarsaparilla FOR PURIFYING THE BLOOD. And for the speedy cure of the following complaint

And for the speedy cure of the following complaints. Scrofula and Scrofulous Affectious, such as Tumors, Ulcers, Sores, Ernptious, Pimples, Pustules, Blothees, Bolls, Blains, and all Skin Discusses.

J. C. Ater & Co. Gents 1 feel it my duty to seknowledge what your Faresportlia has done for me. Having inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst cut in Uters on my hands and arms; semestimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and cars with one sore, which was painful and institutions beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejeined to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your requitation that my thing you made must be good. I sent to Cinciumatismedget II, and used it lift it cuted me. I took it, as you advise, in small diones of a teaspoonful over a month, and osed almost three bottles. New such hostilty skin soon began to form under the scale, which after a white fell off. Me skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am applies of the ago, and remain ever gratefully.

Syphilis and Mercurial Disease.

New Ognaxes, 22th August, 1500.

Dr. J. C. Arra: Sir, I cheerfully comply with the orgenst of your agent, and report to you sense of the effects I have resided with your Sarsaparilla.

I have curied with it, in my practice, most, of the complaints for which it is recommended, and have found its effects ruly wood-orful in the cure of Venerata and Mercuried Disease. One of my patients had Syphilite always in his threat, which were constuding his palate and the ope of bis mouth. Vour Sarsaparilla, steadily taken, carel him in five weeks. Another was attacked by secondary symptoms in his nore, and the ulcontion ladeston away a considerable part of it, so that I believe the disorder would seen coach his brain and but him. But it yielded to my administration of your "arrayarilla, the aleast beated, and he is well again, not of course without some disfigurations to his free. A weman who had beautrented for the same disorder by mercury was suffering from this poison in her joints in the course. She, tro, was cared coursely by your carsaparilla in a few weeks. I know from its formula, which your agent gave me, that his Proparation from your labrating must be a great remedy; consequently, those truly remarkable results with it have lest surplies in me.

Preferantly yours, G. V. LALIMER, M. D. Hiseumatism, Gout, Liver Complaint.
