The years ago it beste out on my head and covered my sculp and ears with one sore, which was painful and loadssoms beyond description. I tried many medicines and several phydrams, but without much relief from any filing. In fact, the disorder grow worse. At thight I was rejoiced to read in the Gospi Messenger that you had prepared in alterative (Sarssparilla), for I knew from your regulation that any thing you made must be good. I sent is Cheinmad and got it, and used it till it cursed me. I took it as you advise, in small doses of a testpoonful over a month, and used almost three bottles. New and instity skin soon began to form under the seab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. One of my patients had dyphilitic uteus in his threat, which were consuming the rotate and the top of his mouth. Your Sarsaparlia, steadily taken, cured him in five weeks. Another was attached by settendary symptoms in his bose, and the uteration had eaten away a considerable part of it, so that I believe the disorder would soon much his brain and kill him. But the like would soon much his brain and kill him. Into the closes heated, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by morenry was suffering from this point in her bones. They had become so sensitive to the weather that on a damp day she sufficied excruciating pain in her joints and bone. She, too, was cared entirely by your faresparilla in a few weeks.
