

WIVES AND CARPETS.

The Chicago Journal thus learnedly philosophizes to these themes. There is No. 117 and 119 North Second Street, a large streak of sense in the reflection :

In the selection of a carpet you should always prefer one with small figures, for the two webs of which the fabric consists are always more closely interwoven than formally and patronize this establishment, as nothing shall be wanting to make the guests comfortable and satisfied. In the selection of a carpet you should in carpeting where large figures are TERMS ONE DOLLARS PER DAY.

There is a good deal of true philosophy in this that will apply to matters widely different from the selection of carpets .-A man commits a sad mistake when he selects a wife that cuts too large a figure on the carpet of life-in other words, make much display. The attractions fade—the web of life becomes worn and FANCY GOODS TO BE FOUND IN THE CITY. weak, and all the gay figures that seemed so charming at first, disappears like summer flowers in autumn. Many a man has made filmsy linseywoolsey of himself by striving to weave too large a figure, and is worn out, used up, like old carpets hanging on the fence, before he has lived out half of his allotted days of usefulness. Many a man wears out like a carpet that is never swept, by the dust of indolence; like that carpet he needs shaking or whipping; he needs activity-something to think of - something to do.

Look out, then for the large figures, and there are those now stowed away in the garrets of the world, awaiting their final consignment to the cellar, who had they practiced this bit of carpet philosophy, would to day be firm and bright as Brussels fresh from the loom and every-body exclaiming, 'It is wonderful how Dried Fruits, &c., filled at the lowest Cash Prices. Brussels fresh from the loom and everythey do wear.'
