I have known Hooflands German Bitters favorably for a number of years. I have used them in my own inmits, and have been so pleased with their effects that I was induced to recommend them to many others, and know that they have operated in a strikingly beneficial manner. I take great pleasure in thus publicly preclaiming this fact, and cating the attention of those afflicted with those discusses for which they are recommended to those Bitters, knowing from experience that my recommendation will be sustained. I do this more cheerfully as Hoofland's Bitters is intended to benefit the afflicted, and is not "a rum drink."
