INSANITY AND CONSUMPTION? Many are aware of the cause of their suffering, but none will confess. The records of the inside acylums and the melancholy deaths by consumption bear ample witness to the truth of the assertion.

The Constitution, once affected by organic weakness,

foguires the aid of medicine to strengthen and invigorate the system, which HELMBOLD'S EXTRACT OF BUCHU invariably does. A trial will convince the most aceptical.

In many affections peculiar to Females, the Extraor Becaus is unequaled by any other remedy, and for all complaints incident to the sex, or in the DECLINE OR CHANGE OF LIFE, No Family should be without it.

of the worst disorders that afflict mankind arise from the corruption that accumulates in the Blood. Of all the discoveries that have been made to purge it out, none can equal in effect Helmhold's Compound Extract of Sal-mapanilla. It cleanes and renovates the Blood, instiffs the vigor of health into the system, and purges out tho mors which make disease. It stimulates the healthy actions of the body, and expels the disorders that grow and rankle in the blood. Such a remedy that could be relied on has long been sought for, and now, for the first time the public have one on which they can depend. Our space here does not admit of certificates to show its effects. but the trial of a single bottle will show to the sick that it bas its virtues surpassing anything they have ever taken. Two tablespoonsful of the Extract of Sarsaparilla added to a pint of water is equal to the Liebon Diet Drink, and one bottle is fully equal to a gallon of the Syrup of Sarsaparilla, or the decoction as usually made.

HELMBOLD'S ROSE WASH, An excellent Lotion for diseases arising from habits of dissipation, used in connection with the Extracts Buchu and Sarsparilla, in such diseases as recommended. Evi-dence of the most responsible and reliable character will accompany the medicines. Also explicit directions for use, with hundreds of thousands living witnesses, and up-wards of 30,000 unsolicited certificates and recommenda-tory letters, many of which are from the highest sources, including eminent Physicians, Clergymen, Statesmen, &c.
The Proprietor has never resorted to their publication in
the newspapers; he does not do this from the fact that his articles rank as Standard Preparations, and do not need to be propped up by certificates.

The Science of Medicine, like the Doric Column, should

stand simple, pure, majestic, baving Fact for its basis,

Induction for its pillar, and Truth alone for its Capital.

My Extract Sarsaparilla is a Blood Purifier; my Extract Buchu is a Diuretic, and will act as such in all cases.

Both are prepared on purely scientific principles—is
succeo—and are the most active measures of either that can be made. A ready and conclusive test will be a comparison of their properties with those set forth in the fol-lowing works:
