COLUMBIA DEMOCRAT

"Our Constitution---guard it ever!
Our glorious Union---hold it dear!
Our Starry Flag---forsake it never!
The proud Caucassian---our only peer!

EDITED BY LEVI L. TATE, PROPRIETOR.

BLOOMSBURG:

Saturday Morning, Nov. 18, '65

DEMOCRACY, a sentiment not to be appalled, corrupted or compromised. It knows no baseness, it cowers to no danger, it oppresses no weakness. Destructive only of despotism it is the sole conservator of liberty, labor and property. It is the sentiment of freedom, of equal rights, of equal obligations—the law of nature pervading the law of the land—ALLEN.

Special Notice.

We ask our friends, who are *indebted to this office*, in any *way* or *amount*, to make IMMEDIATE PAYMENT. They must know that our business requires a large amount of Cash, at greatly increased prices, and can only be met by prompt and regular payment on the part of our customers. We have ever found them kind and prompt, generally,—for which they have our sincere thanks—but there are many others, who should pay us our honest dues, like men, and not act as though they intended to defraud the Printer.

We hope that all indebted hereabouts, will send or bring us our money at the December Court. Others can send by mail.

The Recent Elections.

We have been defeated in every State North of Mason & Dixon's Line. The opposition by means of their thorough organization, their great energy and abundant money have succeeded; and for a while at least will have everything their own way. To a party not built on *principle* such a defeat would be destruction. Not so with us. Our party is as strong and as efficient to-day, if rightly managed, as it ever was. Its numbers are sufficiently formidable to call forth the whole strength of our opponents, and its leaders are among the brightest intellects of the nation.

Our defeat instead of inducing despair, only nerves us for greater exertion in the future. Believing our principles to be the only ones on which the Government of the country can be successfully administered, we will not fail to advocate them, and warn the people against the monarchical tendencies of the opposition. We have committed no errors as a party over which to repent—we have no new doctrines to enunciate; we simply represent the principles of Jefferson, Madison, Monroe and Jackson. We are not ashamed of our record as made up; and to day as boldly advocate the doctrines of State's Rights, Metallic Currency, opposition to arbitrary arrests and suspension of civil rights, as we ever did. *We would rather be defeated upholding the rights of white men*, than triumphant upon doctrines antagonistic to the tenets of the party.

In the meantime the opposition have not much cause for congratulation. In some localities they have succeeded upon the question of opposition to President Johnson's restoration policy, and in others just the reverse. In some States they have advocated negro suffrage and equality, and in others they have been obliged to declare against it. "A house divided against itself cannot stand;" and the wedge has already been entered which will rive the party from centre to circumference.

We, on the contrary, are now more than ever united, and ready to give adhesion to any constitutional doctrine, while not pledged to the support of any man. The Government which for five years has been drifting among the rocks of despotism and anarchy, is seeking a quiet haven for repairs, and must in the end anchor in the bosom of the Democracy.

Funeral of Mr. Dietterick—The funeral of ELIAS DIETTERICK, Esq., which took place on last Wednesday, was very largely attended. There were 55 Carriages in the procession on the Funeral march, from his late residence to the burial place at Bloomsburg, in the old Presbyterian Burying grounds, where his mortal remains now repose, in the "sleep that knows no waking." Mr. D. was a worthy and useful citizen, honored and respected by all who enjoyed his acquaintance, and leaves a large circle of relatives and friends to mourn his untimely departure.

Rev. J. R. Dimm, preached an appropriate discourse on the solemn occasion.

Worth Knowing.—Dr. J. J. ELY, of New York City, has been spending the past week, professionally and successfully, in Bloomsburg. Dr. E. is neither quack, humbug or impostor. He is an educated Physician, skilful and experienced in the profession, and having done up a very large business here, for many of our citizens, has rendered very general satisfaction and carries with him their confidence and respect.

He has proved his eminent success in treating for Rheumatism, Dyspepsia, Eye, Ear and Heart diseases.

☞ Wisconsin gave a majority for the Republican ticket of about 7,000, and against negro suffrage of 10,000.

Freedom to Die.

In an address delivered at the Church the Puritans, New York, last Sunday, by Chaplain French, of the Freedmen's Bureau, the speaker said: "If not assisted thirty thousand freedmen will perish in Georgia before the first of March. They are starving and dying there, calling for coffins because they can't get bread."—Gen. Fisk, of the Kentucky and Tennessee region, spoke in much the same strain. This, then, is the paradise of freedom to which the New England fanatics have brought the colored race. This, then, is the result of a Black Republican four years' war "for the African and his race;" of four billions of money squandered; of hundreds of thousands of valuable lives wasted in battle; of filling our Northern land with maimed heroes, and grief and poverty-stricken widows and orphans.

Who can see, in that picture, the gain by changing the war for the Union and the Constitution, to a war against the Constitution and established institutions? Every man, woman and child in the country (except the shoddy thieves) has suffered grievously in mind, in person or in property, and now we are told that the very race for whom all the sacrifices were made and endured, is rushing with the fatal gift of freedom at rapid speed into the grave. Will somebody tell us what we have gained by the war "for the African and his race?"

"A DEMOCRATIC ALMANAC."—The publishers of THE NEW YORK DAY BOOK, Van Evrie, Horton & Co., announce that they have in preparation, "A Democratic Almanac and Political Compendium," for the entire country. A publication of this kind will be very valuable, and it is something that is greatly needed. It will take the place of the *Tribune* Almanac, which on account of its extensive political statistics found its way into many democratic hands, and produced much mischief. We are glad the publishers of THE DAY-BOOK have hit upon this idea. It will be instrumental of good and Democrats should encourage it. Now is the time to spread, teach and inculcate sound democratic principles. The party must be led back to its principles, and every vehicle that will tend to this end should be welcomed and supported by those who desire once more to see the glorious old Democratic Party in the ascendant. The Democratic Almanac, we feel sure, will be a sound and good co-worker in the cause.

Camp Fire and Cotton Field.

We have received of the publishers, Messrs. Jones, Bros. & Co., North East Corner of Sixth and Minor Streets, Philadelphia, a beautifully printed and neatly bound volume, comprising a History of the War. This Book contains 524 pages, compiled by THOS. W. KNOX; (Special correspondent of the New York Herald,) who is one of the most versatile and able writers of the country, and is both readable and interesting. We direct attention to the card, in another column, headed "Agents Wanted."

☞ It is said that Capt. Whitmoyer showed most evident signs of distress a few days ago, when the preachers and other loafers about the post office, upon reading in the *Tribune*, that the nigger equality amendments had carried in Minnesota, stamped and clapped their hands over the odoriferous news.

Only go in with them Captain, and you shall see greater things than that.

A ONE HUNDRED POUNDER FROM BLAIR—General F. P. Blair, in a recent speech fired the following well-aimed shot at those who were the first disunionists, and who, judging from present indications are determined to be the last of that tribe. He said:

"It is thrown up to us that the present is a rebel Democratic movement. The name does not scare me. I have fought side by side with Democrats during the last four years, and would rather keep company with them than with those who were rebels at first and turned Radicals afterwards because the emoluments of office lay in that direction.

☞ Dr. Updegraff, on Friday afternoon last again performed one of those delicate operations upon the eye that has given him such celebrity. It consisted in removing a cataract from the eye of an elderly lady, which had been growing for some years and had nearly or quite obstructed her sight.—The operation was entirely successful, and the sight restored.
—*Luzerne Union.*

☞ What in the world is the matter with the abolition machine? Why should it be making fun of our amiable and heavy friend Capt. Whitmoyer? Does it suppose such stuff will answer as an equivalent, for the disappointment of not receiving the clerkship to the assessor? Or is it because the Capt. is not in favor of nigger voting?

☞ A meeting was held at Cooper Institute, New York, on Monday evening, on behalf of the suffering people of the South. Addresses were made by Provisional Governor Parsons, of Alabama; Henry Ward Beecher, Generals Meade and Fisk, and others.

☞ Hon. H. W. Tracy, late M. C., of this District, has our thanks for a bound volume of the Message and Documents 1864-65.

For the "Columbia Democrat."

A Just Retribution.

COL. TATE.—It was once said by the immortal Vallandigham, "That time at last would set all things even." The prophecy of this great and good man is coming true. Men who were once instrumental in having their neighbors arrested and placed in military bastiles and forts, and there kept for weeks, months and even years without the least justification, begin to reap the same reward. Even in the county of Columbia, worthies who did the dirty work for the old Tyrants dupes, while our county was invaded last fall for the purpose of carrying the elections are now reaping the rewards for their damnable acts. They are compeled to fly from their homes, not to escape from the hands of usurpers, but to escape the penalties of the law. Justice will not let men go unpunished who have been guilty of such alleged crimes, as were committed in Columbia and Luzerne in the fall of 1864. Men allowed to run at large, who have been guilty of stealing people's watches and other property, after they were arrested, and making false oaths, for the purpose of compelling men of high respectability to suffer imprisonment, of the most horrible kind as was the case among some of the Fort Mifflin prisoners? no never as long as there is a spark of Democratic principle left in our Government.

The time is not far distant, when all who were concersed in that damnable crime will have to suffer ten-fold to what their victims suffered. And I trust that it will not stop at this, every Provost Marshal, who was guilty of arresting any person without a true bill against them, and was the cause of their imprisonment and death, should be hung between the heavens and earth, and there left dangling as a warning to those who may yet arise to fill the places of those who now inhabit our county, for fear they may get the foolish idea that the military law is higher than the civil.

Military commissions who have been guilty of hanging men and even *women* without sufficient evidence as has been the case will receive the same fate and the voice of the people will decide that those who were the cause of their arrest should not escape alike justice.

Vox Populi

☞ FOR THE READERS OF THE DEMOCRAT.—Two men purchased a tract of land containing 200 acres for $400. One end proving more valuable, they agree one shall pay $225 and the other $175 per acre. How much land must each receive for $200 a piece? Answer.

Benton, Nov. 11th 1865.

Death of Col. Bowman, U. S. A.

WILKESBARRE, Nov. 11.—Col. Bowman, U. S. Corps of Engineers, died at his residence in this town this morning.—The deceased was well known in army circles, and was formerly superintendent at West Point. He had charge of the construction of Fort Sumter, and at the time of his death was president of the commission of engineers for remodeling the coast fortifications.

THE "DIVINE STANTON!"—Mr. Seward says Stanton is "divine." We suppose that was a "divine" remark he made when he responded to Col. Streight's urgent demand that he should exchange prisoners man for man; "I'll be d—d if I'm going to give them able bodied men for skeletons!" The "divine" Stanton: That is good! Nothing like it since the "days of Joshua!"

☞ GEN. GRANT has sent to the Secretary of War a communication recommending the mustering out of all Major and Brigadier Generals of the volunteer service save those who have been disabled in the service. The fact becoming known has stired up many of the able-bodied Generals, and their political friends are getting up a strong opposition to General Grant's proposed sweeping decapitation.

☞ THE trials of P. Gray Meek, Esq, of the Bellefonte *Watchman*, Dr. Krise of Cambria county; and Goodlander, of Clearfield county, were brought to a close in the U. S. Court, at Pittsburg, last week, all having been acquitted. The two former by *Nolle pros*, the latter insisting upon a trial, a jury was empaneled, and after hearing the testimony, a verdict of *not guilty* was rendered by an Abolition jury, without leaving the box. So ends the "treason." It will now be the duty of those men who have thus been presented, to ascertain who their prosecutors have been, and give them their turn.
