AGRICULTURAL.

SEED BED.

A warm sheltered location, deep, rich, sandy loam, free from weeds or seed, is the best. Plow or spade, in the fall, ten to twelve inches deep; make level by harrow or rake, and cover closely with tobacco stalks laid on straight. In spring as soon as the ground will work well, remove the stalks and plow three or four inches deep, making a very narrow furrow slice, and into each furrow, as turned, strew guano or hen manure quite freely; work in and on the surface three peeks to a bushel of poudrette to the square rod, and make the soil as fine, and the surface as smooth and level as possible. Use a table-spoonful of seed to each square rod of bed; mix it with sand, and sow broadcast very evenly; finish by rolling with a heavy roll. Make the beds ten to twelve feet wide, that being convenient width in working: cover with brush to keep fowls off, and to prevent radiation. To weed the bed, remove the brush and stretch a plank across the bed, using blocks under the ends to prevent the middle from setting on the plants when you set on it to weed. The bed should be kept carefully clean of all weeds.

MANURES AND APPLICATION.—The main reliance is to be had on farm or yard manure. Tobacco grows quick, is a gross feeder and needs large quantities of the best manure to feed on, from 20 to 25 cords per acre should be well fined, spread broadcast over the surface (after the second plowing,) and cultivated and harrowed to thoroughly incorporate it with the soil to the depth the cultivator runs; this with the addition of the fertilizers, hereafter mentioned, will with with such careful culture as here recommended, produce the best results. This application of manure should be done about a week previous to transplanting. Lay off your rows, with a suitable marker, 3 ft. 10 inches apart. Now with a coverer which hauls the soil into light ridges follow the marker; this leaves a place for the row as smooth as a roll would leave the surface. Take a light wheel (or one may be attached to the coverer) and, fasten blocks to the outer edge two feet apart and have a shaft and handle for hand to use. Go over the ridges with it, marking the place for hills; with the hand hoe open the holes and drop into them guano and plaster, mixed at the rate of 150 pounds of the former to 250 of the latter to the acre; cover two inches deep with fine soil and spat with the hoe, leaving it a little depressed for setting the plant.

SEED.

At topping time let a desirable number of the earliest and best plants go without topping keeping all the lower branches broken off. When the general crop is ripe strip the leaves off and tie the stem to a stake. It is ripe when without freezing the capsules are turned quite brown; cut the seed with about two feet of the stalk and hang it in a dry place where it will not be molested. When wanted for use, select the best bolls, rub out the seed with the hands and screen through a fine sieve.

SOILS.

A sandy loam neither very light or heavy, is the best; the farther removed from this the poorer the quality of tobacco. Ground which has been cultivated with some hoed crop is the best, and produces the finest grained leaf—such should be plowed twice, the first time in April or early in May; the second about the 20th or 25th of May. It should be well done; plowing deep and with narrow furrow slices, and between first and second plowing, using the harrow to keep down the weeds, etc.

☞ A batchelor uncle, to whom his niece applied for advice on the question of choosing between two suitors, one of whom was rich and the other poor—the latter, of course, being the most ardent, as well as well as the favorite lover—sententiously replied: 'My dear the question being stripped of all illusory elements, your choice simply lies between love and beef. Now, love is an idea, while beef is a reality. Love you can get along without; but beef you must have. Therefore make sure of your beef.'

☞ 'Now girls,' said Mrs. Partington the other day to her nieces, 'you must get husbands as soon as possible or they'll be murdered.'

'Why so aunt?'

'Why, I see by the paper that we've got almost fifteen thousand post-offices, and nearly all on 'em dispatches a mail every day. The Lord have mercy on us poor widows,' and the old lady stepped quickly to the looking-glass to put on her new cap.

☞ Oh, mother do send for the doctor" said a little boy of three years.—'What for my dear!' 'Why, there's a gentleman in the parlor, who says he'll die if Jane don't marry him—and she says she won't.'

☞ No matter how long you have been married never neglect to court your wife.

FLUID EXTRACT BUCHU

HELMBOLD'S

FLUID EXTRACT BUCHU,

A positive and Specific Remedy for diseases of the Bladder, Kidneys, Gravel and Dropsical Swellings.

This Medicine increases the powers of digestion, and excites the absorbents into healthy action, by which the watery or calcareous deposits are removed, as well as pain and inflammation, and is good for men, women and children.

H

HELMBOLD'S EXTRACT BUCHU,

For weakness arising from Indiscretion, Habits of Dissipation, Early Indiscretion attended with the following Symptoms:

Indisposition to Exertion,	Loss of Power,
Loss of Memory,	Difficulty of Breathing,
Weak Nerves,	Trembling,
Horror of Disease,	Wakefulness,
Dimness of Vision,	Pain in the Back,
Hot Hands,	Flushing of the Body,
Dryness of the Skin,	Eruption of the Face,
Universal Lassitude,	Pallid Countenance,

These symptoms, if allowed to go on (which this Medicine invariably removes), will follow—

FATUITY, EPILEPTIC FITS, &c.,

in one of which the patient may expire. Who can say they are not frequently followed by those "direful diseases."

INSANITY AND CONSUMPTION?

Many are aware of the cause of their suffering, but none will confess. The records of the Insane Asylums and the melancholy deaths by consumption bear ample witness to the truth of the assertion.

The Constitution, once affected by excesses mentioned, requires the aid of medicine to assist nature in her efforts to throughout the system, which HELMBOLD'S EXTRACT OF BUCHU invariably does. A trial will convince the most sceptical.

E

In many affections peculiar to Females, the EXTRACT BUCHU is unequaled by any other remedy, and for all complaints incident to these, or in the

BLOOD! BLOOD! BLOOD!

Helmbold's

HIGHLY CONCENTRATED COMPOUND

FLUID EXTRACT SARSAPARILLA,

For purifying the Blood, removing all chronic constitutional diseases arising from an impure state of the Blood, and the only reliable and effectual known remedy for the cure of Scrofula, Scald Head, Salt Rheum, Pains and Swellings of the Bones, Ulcerations of the Throat and Legs, Blotches, Pimples on the Face, Tetter, Erysipelas, and all scaly Eruptions of the Skin,

AND BEAUTIFYING THE COMPLEXION.

NOT A FEW

of the worst disorders that afflict mankind arise from the corruption that accumulates in the blood. Of all the discoveries that have been made to purge it out, none can equal in effect HELMBOLD'S COMPOUND EXTRACT OF SARSAPARILLA. It cleanses and renovates the blood, instills the vigor of health into the system, and purges out the humors which make disease. It stimulates the healthy functions of the body, and expels the disorders that grow and ramble in the blood. Such a remedy that could be relied on has long been sought for, and now, for the first time the public have one on which they can depend. Our space here does not admit of certificates to show its effects, but the trial of a single bottle will show to the sick that it has its virtues surpassing anything they have ever taken.

Two tablespoonful of the Extract of Sarsaparilla added to a pint of water is equal to the Lisbon Diet Drink, and one bottle is fully equal to a gallon of the Syrup of Sarsaparilla, or the Decoction as usually made.

O

HELMBOLD'S ROSE WASH,

An excellent Lotion for diseases arising from habits of dissipation, used in connection with the Extracts Buchu and Sarsaparilla, in such diseases as recommended. Evidence of the most responsible and reliable character will accompany the medicines. Also explicit directions for use, with hundreds of thousands living witnesses, and upwards of 20,000 unsolicited certificates and recommendatory letters, many of which are from the highest sources, including eminent Physicians, Clergymen, Statesmen, &c. The Proprietor has never resorted to their publication in the newspapers, as does not do this from the fact that his articles rank as Standard Preparations, and do not need to be propped up by certificates.

The Science of Medicine, like the Doric Column, should stand simple, pure, majestic, having Fact for its basis, Induction for its pillar, and Truth alone for its Capital.

L

My Extract Sarsaparilla is a Blood Purifier; my Extract Buchu is a Diuretic, and will act as such in all cases.

Both are prepared on purely scientific principles—in vacuo—and are the most active measures of either that can be made. A ready and conclusive test will be a comparison of their properties with those set forth in the following works:

See Professor Dunglison's valuable works on the Practice of Physic.

IMPORTANT TO LADIES.

Harvey's Female Pills

the most infallible and popular remedy ever known for all diseases of the female sex They have been used in many thousand cases with unfailing success—and may be relied on in every case for which they are recommended, and particularly in all cases arising from

Obstruction, or Stoppage of Nature,

no matter from what cause it arises. They are effectual in restoring to health all who are suffering from Weakness and Debility, Uterine Discharges, Nervousness, &c., &c., and they

ACT LIKE A CHARM!

in strengthening and restoring the system. Thousands of ladies who have suffered for years and tried various other remedies in vain, owe a record of their health and strength wholly to the efficacy of

DR HARVEY'S FEMALE PILLS.

They are perfectly harmless on the system, may be taken at any time with perfect safety; but during the early stages of Pregnancy they should not be taken, or a miscarriage may be the result. They never cause any sickness pain or distress. Each box contains sixty pills. Price One Dollar.

DR. HARVEY'S GOLDEN PILLS.

A remedy for special cases, four degrees stronger than the above; Price Five Dollars per box.

A private Circular to Ladies with fine Anatomical engravings, sent free on receipt of directed envelope and stamp.

☞ Cut this notice out if you desire Dr. Harvey's Pills, and if you cannot procure them of your Druggist, do not take any other, for some dealers who are unprincipled will recommend other Female Pills, they can make a larger profit on—but enclose the money and send direct to

The Lehigh Cattle Powder

IS warranted to be the most powerful agent of the stomach and blood of Cattle, Swine, or Sheep, in promoting digestion, cleansing the system and transforming the purified animal food to flesh, fat, milk, butter and strength and establishing health and vigor.

DUPUY'S HORSE & MULE POWDER is the only medicines legally patented in France, England, Switzerland and Holland, and only admitted by their Courts honored with prize medals, and invented by Mr. Dupuy, Professor of the Imperial College for Agriculture at Paris, and now manufactured by C. G. HIRNER, Dr of Z. and A. Allentown, Lehigh County, Pennsylvania.

All diseases of the stomach, Blood, Lungs and Bowels, speedily and certainly cured. Healthy stock will be brought into the very highest state of perfection, and one or two tablespoonfuls a week, is of great value to hard working horses, breeding stock and colts, and saved thousands of valuable horses from contagious diseases, as well at the earn-card as in the army.

THE LEHIGH WORM CONFECTIONS effectually overcome all the obstacles which usually prevent the expelling of worms, are pleasant to take, and also one of the most effective purgatives for young children. So confident is the inventor of the success of his laborious studies, in the pathological composition of this preparation, that he furnishes every graduated physician, with a written prescription, as a new era in materia medica.

THE UNION ROACH, RAT, MICE AND ANT EXTERMINATOR,

is a powder for the sure extermination of all Vermine, will never change with age and climate, and much preferable to the old Phosphorous Paste, which hardens in a short time, making it worthless. For directions and particulars see the small bills in the boxes.

☞ One hundred and thirty-seven premiums have been awarded to these celebrated preparations, up to October 20, 1864.
