Dr. Keeler's Celebrated Family Medicines. Dr. Keeler is a regular graduate from one of the best medical schools of the country, and a practicing physician of the city of Philadelphia. We take great pleasure in presenting these remedies to the afflicted.—They are all of undoubted medical powers, and hold out to the invalid a promise of relief, such as none other possess. They are each made by thoroughly tried in a long successful private practice, and have established for themselves a reputation well beyond what any of the boasted remedies of the day. In offering them to the public, the proprietor is induced by no sinister motives of gain, but feels conscious that they are eminently deserving of public confidence. No medicines ever before the public have acquired such deserved reputation upon their merits alone, or appeal with such irresistible force to the invalid. DR. KEELER'S PANACEA. For the removal and permanent cure of all diseases arising from an impure state of the Blood and habit of the body, viz: Chronic diseases of the Chest, Pleurisy, Bronchitis, Catarrh, etc., Scrofula in all its forms, Tetter, Scald Head, Cutaneous affections of the face and extremities, Chronic enlargements of the Joints, White Swelling, Syphilitic Affections, Constitutional disorders, arising from debility, Metecural and Hereditary predispositions, &c.

In every change that is taking place in the body, it is manifest that it is brought about by the interposition of some new ingredient, which by playing its part as a course served to modify the properties before connected with the body. It is absurd to talk of spontaneous disease taking place in organs previously healthy, without the interposition of some morbid agent, as well might we expect a piece of chalk to transfer itself spontaneously into Plaster of Paris, without the aid of Sulphuric Acid. In all disease there is a prior cause which must be removed, through the agency of the Blood. For this purpose there is no remedy superior to the PANACEA.

In the evidence the following is submitted to the public: PHILADELPHIA, June 26th, 1847. Having been apprised of the nature of the Panacea, it affords me much pleasure to be able to recommend it as a valuable remedy for those chronic, constitutional and glandular diseases, to which it is especially adapted. To those who are afflicted, and who require medicine as an alternative cannot obtain it in a more agreeable, active and uniform state, than is to be found in the Panacea. I have used it in several instances with decided and signal success. Yours &c. D. J. J. M. D.
