"A sife and effectual remedy for Worms, Dyspepsia, Cholera Morbus, sickly or Dyspeptic Children or Adults, and the most useful family Medicine ever offered to the public.

EXTRACT OF A LETTER TO DR SWAYNE, Dated, Anderstown, Indiana. A man purchased a bottle of your Vermifuge the other day for his child, and by its use it discharged 63 of the largest worms he had ever seen. It is somewhat difficult to get the peo le to try it, as they have so often been gulled by nauscous and worthless worm medicines. Yours being so very pleasant to the taste, at the same time effectual, I shall be able to dispose of a large quantity. Respectfully, yours, &c., Townspan T. Sharp. P. M.

IS WORSDELLS VEGETABLE RESTORATIVE PILLS, they have succeeded in curing some of the worst cases, of disease ever recorded, and are daily accomplishing the restoration of persons after having tried in vain to obtain relief from any other source. One of the Proprietors is a regular physician of extensive experience, who devotes his time exclusively to their properation. For FEVER & AGUE, they have never yet failed. At least one thousand cases in the neighborhood of Philadelphia, have been cured since the first of Sept, last. In Dyspepsia, Rheumatism, Liver Complaint, Scrofula, for Worms, and all other diseases of children, they are unequalled by anything ever prepared for the purpose, while for the various diseases of Females there is no medicine can compare with them. There is more of them sold,—they are in greater demand than any other pill—and when once introduced in a family, they need no other medicine. Each box containing Fifty Pills, readers them the cheapest, while they are decidedly the best, as well as the mildest in action, of any now in the market.

Worspell's Pills.—This excellent family medicine is daily winning new triumphs over disease, and consequently in the high road to public favor. In the removal of the every day ills that flesh is heir to, we know of no better compound. We heard the other day of a desperate case of scrofulous eruptions of the head and face being e nirely cured by them.

Du Solle of the "Times," says:
La The great popularity of Worsdell's Vegetable Pills, is attributed to the just merit which they really possess. They have been quietly gaining the fame they now have, by the force of their own virtues. The means usually employed to give celat to new remedies have not been adopted by the proprietors. They have been content to tet their medicine speak for itself. It is now doing it in every section of the country.

They are for sale by most of the Store Keepers throughout the Country, and in quantities at reasonable rates, at the Laboratory No 70, North Eighth Street.

## Christoph Wilhelm Gufeland.

IN ENGLISH Christopher William Hoofland.

Christopher William Hoofland.

"One of the most renowned physicians, one of the greatest benefactors of modern times, was born at Langen Salza, Germany, on the 12th day of august 1762. After a careful scholastic education, he, like his father and grandfather, (two celebrated Doctors.), voluntarily devoted himself to the study of Medicine, at Jena and Gottigen, and in 1783 obtained the degree of Doctor of Medicine, at the latter University. From 1793 to 1801, he officiated as Professor at the University of Jena. In 1801, he was appointed Private Physician to the King of Prussia, Member of the Academy of Science, and upon the establishment of the near College at Berlin, Professor and Court Physician by the Ministry of the Interior. His characteristic profoundness and deep penetration enabled him ic combine the theoretical and praetical; to udite old and new systews; produce in common the practical and useful, and thus draw therefrom the results and necessary applicable means.

"Il was Dr. H. principally, who evened

therefrom the results and necessary applicable means.

"It was Dr. H. principally, who exposed and destroyed the 'Brown's System,' which, notwithstanding the brilliant exterior, could not conceal its many imperfections, brought to light by Hoofland's noble impartiality, sound truths, and deep penetration. Independent of his practical usefulness as Physician and Professor of the healing art, he has earned uddying fame for his superior knowledge in Materia Medica, as well as for his manifold works on Medical jurisprudence. Among these may be mentioned his world renowned 'Makrobeolik,' or the art of prolonging life,' 'System of practical healing world renowned 'Adkrobectik, or the art of prolonging life,' 'System of practical healing art,' 'Ideas of Pathogenic,' Journal of practical Medicine,' &c. He has besides all this gained eternal fame and praise from suffering humanity for the discovery and combination of several ir: allible medicinals, among which is the far ramed and justly celebrated compound, known as ebrated compound, known as DR. The bitter mixture: Hoofland's German Bitters, is the result of many years study and experience by the great inventor, and known and prized in Europe as an infallible remedy for the cure of Liver Complaint Jaudice, Dyspepsia &c. Dr. C. M. Jackson's preparation of this medicine has obtained the same celebrity in this Western World. The testimonials and innumerable confirmations of thousands of the most severe and difficult casas cured, is ample proof of this. The medicines compounded by Dr. C. M. Jackson have produced the very effects and the rame happy results, peunded by Dr. C. M. Jackson have produced the very effects and the rame happy results, which the immortal inventor indicated, and intended, and consequently must be prepared with scrupulous accuracy. In view of the above facts it seems singular, that any body could have the hardihood and impudence to abuse the name of this distinguished Doctor, who died thirteen years ago. To pass off a charlatan quack preparation as the real and genuine medicine, and to give a semblance of originality by affixing a fac simile of the deceased, is indeed extraordinary! The public will understand what to expect, and what to do under such circumstances."

"Our editor and others of this office have used the German Bitter, and can recommend it with confidence to our readers. As prepared by Dr. Jackson, it fully equals if not surpasses in its effects upon diseased Liver and Stomach, the fullest expectation of the distinguished physician.

The City Ren, October 16th ssys:

Joy for the Invalid.—How many of our readers are afflicted with diseased liver, stomach or nerves? Many, no doubt. They are to be pitied, yet to all there is a cure. Dr. Hoofland's German Bitters has already cured hundreds; and that it will cure, no one who once uses it will dout, if they use it as directed. It has established for itself an undying fame, which few have done out of the vast number that has been thrown before the puble. It is one of the most perfect preparations in use, and, as a German centempory has said, that as prepared by Dr. Jackson, it fully equals, if not surpasses, in effects the fullest representations of the distinguished physician who

first compounded it. As a spurious article is now before the public, we would caution all against using any but that signed C. M. Jackson and sold by him at 120 Arch street. The "Camden Democrat," the best paper in West Jersey, says, July 21.

"HOOFLAND'S GERMAN BITTERS."

"HOOFLAND'S GERMAN BITTERS."

"We have seen many flattering notices of this medicine, and the source from which they came induced us to make inquiry respecting its merits. From inquiry we were persuaded to use it, and must say we found it specific in its action-upon disseases of the liver and digestive organs, and the powerful influence it exerts upon nervous prostration is really surgrising. It ealms and strengthens the nerves, bringing them into a state of repose, making sleep refreshing.

If this medicine was more generally used, we are satisfied there would be less sickness, as from the stomach, liver and nervous system the great majori y of real and imaginary diseases emanate. Have them in a healthy condition, you can bid defiance to epidemics generally. This extraordinary medicine we would adviseur friends who are at all indisposed to give a trial—it will then recommend itself.—It should, in fact, be in every family." No other medicine can produce such evidences of merit.

This superior remedy for the Rheumatism, burecently introduced ir to this country by the present proprietor, has long beer, known in Engeend, London particularly, as the best and only certain cure for that distressing and painful affection. Its effect up on the system is mild and nothing, at the same time certain and efficacious rarely failing to give relief upon the first application, and by repeating it a few times, a permanent cure is effected.

We have known cases of pain in the breast and back, with soreness, of several weeks duration, cured in one "single night, and heard the patient express his grateful thanks that such remedy was ever discovered. We have also heard individuals say they would give thousands of dollars for a cure for rheumatism, yet the same undividuals were cured by two bottles of this great Liniment, costing but fifty cents each. Who would regret spring such a price for such a remedy—to be free from the excutiating tortuoe of that most painful of all diseases.

A WONDERFUL CURE.

Hunterdon County, N. J.,
Dr. S. ApPearson, Dear Sir—About a year ago I became severely afflicted with a pain in my breat and side, an extremely bad cough, spitting of blood, debility, night sweats, and other symptoms of confirmed consumption. I became so much reduced that I was unable to attend to my ordinary business. I made application to a physician, who examined my chest, and gave it as his decided opinion that my lungs were seriously affected. I then applied to another, who was of the same opinion, and after having prescribed advised me to return to my friends.

Previous to this I had for a long time been laboring under all the symptoms usually found with persons laboring under disease of the lungs, and it was thought by all who knew me that I was fast wearing away with decay.

At the time I applied to the physicians I was laboring under a severe attack of spitting blood, with pain in my breast and side. Their prescriptions failed to relieve the pain, and all their skill could not arrest the discharge of blood from my lungs. This being my condition, I was induced to make a trial of your valuable Pulmonic Expectorant, and the sum of the sum of
