

The scene in the Senate.

On Wednesday last, pending the consideration of a motion bearing upon the settlement of the California, or Slavery question, in the U. S. Senate, quite an animated discussion took place, during which Mr. Foote, of Miss., took occasion to reflect pretty severely upon Mr. Benton. Mr. Benton rose, much agitated, and throwing his chair from him, proceeded towards Mr. Foote, when the following disgraceful scene occurred, the description of which we copy from the Congressional reports:

Mr. Dodge of Iowa, and Mr. Dodge of Wisconsin, and others, apprehending a collision between Mr. Benton and Mr. Foote, endeavored to detain the former from moving from his seat. Overcoming all resistance, he continued towards Mr. Foote, who, leaving his place, stepped down the main aisle, and took a position in the area just in front of the Sergeant at Arms' seat, at the right of the Vice President, at the same time drawing a pistol from his bosom and cocking it.

The scene which ensued is indescribable. Loud calls for the Sergeant-at-Arms were made, and cries of "order!" resounded from all sides of the chamber. Many persons rushed from the Galleries, and out of the chamber, in apprehension of a general melee.

Several Senators surrounded Mr. Foote, among whom was Mr. Dickinson, who, securing the pistol locked it up in his desk.

Mr. Benton in the meantime was struggling in the hands of his friends who were endeavoring to prevent him from reaching Mr. Foote. While thus pinioned, as it were, and yet almost successfully resisting the efforts of those who held him, Mr. Benton boldly denounced Mr. Foote as an assassin, who had thus dared to bring a pistol in the Senate to murder him. He said, "I have no arms—examine me—I carry nothing of the kind—stand out of his way, and let the scoundrel and assassin fire."

In uttering this sentence Mr. Benton threw off from either side, those who held him—tore open his vest, and invited the fire of his antagonists.

Mr. Foote, in the meantime, was restrained from advancing towards Mr. Benton. The Vice President, after repeated and vigorous efforts succeeded in restoring a comparative state of quiet.

Fire.—On Saturday last we made a short notice of a fire that broke out that morning at half past twelve o'clock, and which destroyed two frame houses at the Greenwood mines, belonging to Carters, Smith & Co. The buildings were not entirely lost about \$1,000.

The persons who resided in the houses lost their all. They being poor, the loss will be severely felt.—Tamaqua Legion.

Another.—On Monday night last, at a bout nine o'clock, the steam Saw Mill, in Nesquehoning valley, belonging to Carters, Smith & Co., and superintended by Mr. Nathaniel Hart, was entirely destroyed. The fire is supposed to have originated through the boilers—indeed, so rapid did the flames spread, that although the greatest exertion was made to save the mill, it was soon a heap of smoldering ruins. The loss is estimated at about \$2,500. Insurance in the Locomotive Fire Insurance Company to \$1,600.—Tamaqua Legion.

Gold and Graves.—The New Orleans Crescent says: A gentleman who has just returned from California, having been absent from the States fourteen months, states that when he reached California, curiosity led him to visit a graveyard, where he found only eleven graves; nine months from that time he followed the last remains of a friend to the same graveyard, and during the time intervening between the two visits there had been no less than fourteen hundred persons interred in the same yard.

Dr. Keeler's Celebrated Family Medicines.

Dr. Keeler is a regular graduate from one of the best medical schools of the country, and a practicing physician of the city of Philadelphia. We take great pleasure in presenting these remedies to the afflicted. They are all of undoubted medical powers and hold out to the invalid a promise of relief from all his other troubles. They each have been thoroughly tried in a long successful private practice, and have established for themselves a reputation but few possess, and given better satisfaction to the afflicted than any of the boasted remedies of the day. In offering them to the public, the proprietor is influenced by no sinister motives of gain, but feels conscious that they are eminently deserving of public confidence. No medicines ever before the public have acquired such deserved reputation upon their merits alone, or appeal with such irresistible force to the invalid.

DR. KEELER'S PANACEA, For the removal and permanent cure of all diseases arising from an impure state of the Blood and habit of the body, viz: Chronic Diseases of the Chest, Pleurisy, Bronchitis, Catarrh, etc., Scrofula in all its forms, Tetter, Scald Head, Cutaneous affections of the face and extremities, Chronic enlargements of the Joints, White Swelling, Syphilitic Affections, Constitutional disorders, arising from debility, Mercurial and Hereditary predispositions, &c.

In every change that is taking place in the body, it is manifest that it is brought about by something having a substantive existence. If we suppose the organs of our body originally perfect, they must continue perfect unless changed by the intervention of something that bears an unhealthy relation to it. In all cases of disease, there must be the interposition of some new ingredient, which by playing its part as a course served to the system, produces the morbid change with the body. It is absurd to talk of spontaneous disease taking place in organs previously healthy, without the interposition of some morbid agent, as well might we expect a piece of chalk to transfer itself spontaneously into Plaster of Paris, without the aid of Sulphuric Acid. In all disease there is a prior cause which must be removed, through the agency of the Blood. For this purpose there is no remedy superior to the PANACEA.

In the evidence the following is submitted to the public: PHILADELPHIA, June 9th, 1847. Having been apprised of the nature of the Panacea, it affords me much pleasure to be able to recommend it as a valuable remedy for those chronic, constitutional and glandular diseases, to which it is especially adapted. To those who are afflicted, and require medicine as an alternative, cannot obtain it in a more agreeable, active and uniform state, than is to be found in the Panacea. I have used it in several instances with decided and signal success. Yours, &c., D. ALLEN, M. D.

For details certificates, &c., see circulars, &c.—Price \$1 per bottle, large size, 6 bottles \$5.

DR. KEELER'S COUGH SYRUP.

Among all the remedies before the public this stands pre-eminent in incipient Consumption, Bronchitis, Catarrhs, Coughs, Whooping Cough, Pleurisy, Asthma, spitting of Blood, and all affections of the pulmonary organs occasioned by cold. To much praise cannot be bestowed upon this remedy, and the proprietor urges any one afflicted with any of the above complaints to acquire it at once. It is warranted to cure or no pay. Price 50 cents per bottle.

Dr. Keeler's Coriand and Carminative. Every family who has or poor, who values health and all its blessings, should have this invaluable remedy at hand. It is infinitely the best remedy known for Diarrhoea, dysentery, cholera morbus, cholera infantum, cholera flatulency, griping pains, Headaches, and all the colic affections of the stomach and bowels caused by Teething. The numerous testimonials from Physicians and others uncollected, has given it a reputation as firm as adamant. Price 25 cents per bottle.

Dr. Keeler's Vermifuge Syrup.

This is pleasant to the taste, harmless to the patient and all powerful in destroying and removing all kinds of worms from the body. It is without doubt, the cheapest and best worm destroying medicine before the public, and body of disorders which are sedative and debilitating, remove them within 5 or 6 hours after taken.—The dose is small, and each bottle contains twice as much as similar remedies. Price only 25 cents per bottle.

Dr. Keeler's Liver and Sanative PILLS.

Although not recommended as a "cure all," yet they are the mildest and best remedy to remove Constipation, Jaundice, Dyspepsia, Biliousness, nervousness, foul stomach, head-ache, indigestion, etc. Unlike other purgative medicine they leave the bowels always relaxed consequently are the proper medicine for females and persons leading a sedentary life. Price 25cts.

A justly celebrated external application for pains of the chest, neuralgia, head-ache, sprains, bruises, to doleous swellings of the joints, rheumatism, gout, sciatica and all disorders wherein a sedative and anodyne remedy is applicable. Price 37 1/2 cts per bottle.

All of the above celebrated and extensive used medicines, are prepared and sold Wholesale and Retail, 294 Market Street, Philadelphia.

For sale also by J. R. MOYER, Bloomberg; Chaffant & Hughes, and Dr. J. A. Moore, Danville; E. Francisus, Jersey Shore; and by Druggists and Merchants throughout the County and State. Bloomberg, Nov. 22d., 1849.—1y.

Phila., March 2, 1847. Dr. S. A. Pearson, Dear Sir—I feel it a duty which I owe to you and the community at large, or rather that part of the community who possess or in any way have charge of Horses, to say that I have used your "Embrication" for horses, and it is decidedly the best preparation I have ever used, or have any knowledge of for the various diseases which it is recommended.

I also know a great number of my friends who have used it, and they all say that it is the best medicine for horses they have ever used. I would confidently recommend every person who has a horse should keep a bottle of this valuable Embrication in his stable.

Yours respectfully, A. B. M. COHENCK. Salem, N. J., May 19, 1847.

Dr. S. A. Pearson, Sir—Having tried your "Embrication" for horses, I have found it the best remedy that I have ever seen or tried for the cure that it is recommended to perform. WM. KING, White Horse, Corner of Wood & 3d sts. Phila. I fully agree with the above certificate and opinion of Mr. King, in the use of Dr. Pearson's Barber's Embrication. JOHN CHASE, Bucks County, Pa., June 19, 1847.

February 13, 1848. S. A. Pearson, M. D. Sir—This is to certify that I have used your Embrication for horses, and give it a decided preference over every other article of the kind in use for the various diseases for which it is recommended. It does not destroy the hair as most other articles do. I would recommend it to every horseman to be kept constantly in their stables. Yours, &c., WM. S. HOUGH, Solebury tp., Bucks Co., Pa.

Doylestown, May 29, 1848. Dr. Pearson, Sir—Having used your Embrication for horses on several occasions with great success, I do not now fully recommend it as a valuable preparation for sprains, bruises, cuts and in short almost any of the ills that horse flesh is heir to. Yours, &c., C. H. MANN, High Sheriff of Bucks Co., Pa.

Phila., Sept. 7, 1848.
