

**GREAT TROT.**—On Tuesday, the 4th inst., the great trotting match against time, came off at the course, near Philadelphia. The bet was one thousand dollars on each side. The performances were that a pair of horses belonging to Mr. Dav. Connor, of this place, could travel fifteen miles in one hour. They were driven by the owner himself, and were hitched to a very light vehicle with four wheels. The first few rounds they lost time, but gradually got on the increase and came out at the end of the 10 miles, 53 seconds before the time expired. The average speed was 3 minutes and 36 seconds per mile, being one of the greatest feats on record.—*Easton Argus.*

**The Railroad Journal** states that at least ten thousand miles of road will be built in the U. States within the next ten years. Besides the iron required for the new structures, a considerable amount will be needed for relaying worn out tracks and repairs. Over 100,000 tons will be purchased annually.

**TOBACCO BREKERS AND TOBACCO.**—The number on the list at West Point last year caused some investigation to be made, and the evidence represents the causes to be the inordinate quantity of tobacco used by them, and the practice of wearing pantaloons so tight around the waist as to interfere with digestion and cause many unpleasant symptoms. He recommends that the cads be required to take a full inspection before being measured around the waist by their tailors!

The whole number of bills passed at the late session of our State Legislature, is 555.

**Barium** has the skin of Galphin, stuffed, in his museum. Galphin's legs, in revenge, have skinned the people of the United States and stuffed themselves.

**TELEGRAPH PROFITS.**—The monthly receipts of the Washington and New Orleans Telegraph Company are estimated to be \$10,000, when in good working order, and the expenses about \$5,000.

**PARKER'S WATER WHEEL.**—The Committee of Patents, in Congress, have reported favorably to renewal of Parker's patent for improvements on water wheels—that is, the patent to be extended for seven years more.

**MISS FENNIMORE COOPER.**—A new book is announced, soon to be published in London, entitled "Rural hours in the United States," by Miss Fennimore Cooper, daughter of the novelist.

**Professor Webster** is said to be in good spirits; he has his meals from Parker's as usual, and enjoys excellent health and appetite. He is firmly of the opinion that he never will be hanged. He reads a good part his time in the Bible, and takes particular pains to mark, as he goes along, all passages referring to false witnesses and persecutors of innocent men. His family visits him twice a week.

**CURE FOR BAD FITS.**—Not by any patent medicine, but by a good suit—not such a suit as a man can get into at court, but such a neat, well-made and fashionable suit of clothing as every body should wear; just such as you can find at A. H. Ellis, if you will call and examine his stock of coats, pants, vests, and other articles of dress at the lower door of the new Exchange Block nearly opposite the Court-house, in Bloomsburg. His stock of ready-made clothing is not the "slip-work" made up for sixteen cents a day, but is cut with attention and made up to wear and not only to sell.

Mr. Ellis has also on hand an assortment of cloth, cassimeres, satinetts, and suitable trimmings; so that he is prepared to make up clothing to order at the shortest notice. He will pay particular attention to cutting out.

**Dr. Keeler's Celebrated Family Medicines.**  
Dr. Keeler is a regular graduate from one of the best medical schools of the country, and a practicing physician of the city of Philadelphia. We take great pleasure in presenting his remedies to the afflicted. They are all of undoubted medical power, and hold out to the invalid a promise of relief, such as none others possess. They each have been thoroughly tried in a long successful private practice, and have established for themselves a reputation but few possess, and given better satisfaction to the afflicted than any of the boasted remedies of the day. In offering them to the public, the proprietor is influenced by no sinister motives of gain, but feels conscious that they are eminently deserving of public confidence. No medicines ever before the public have acquired such deserved reputation upon their merits alone, or appeal with such irresistible force to the invalid.  
DR. KEELER'S PANACEA, For the removal and permanent cure of all diseases arising from an impure state of the Blood and habit of the body, viz:  
Chronic diseases of the Chest, Pleurisy, Bronchitis, Catarrh, etc., Scrofula in all its forms, Tetter, Scald Head, Cutaneous affections of the face and extremities, Chronic enlargements of the Joints, White Swelling, Syphilitic Affections, Constitutional Disorders, arising from debility, Mercurial and Hereditary predispositions, &c.  
In every change that is taking place in the body, it is manifest that it is brought about by something having a substantive existence. If we suppose the organs of the body originally perfect, they must continue perfect unless changed by the intervention of something that bears an unhealthy relation to it. In all cases of disease, there must be some morbid agent, as well might we expect a piece of chalk to transfer itself spontaneously into Plaster of Paris, without the aid of Sulphuric Acid. In all disease there is a prior cause which must be removed, through the agency of the Blood. For this reason there is no remedy superior to the PANACEA.  
In the evidence the following is submitted to the public:  
PHILADELPHIA, JUNE 9th, 1847.  
Having been apprised of the nature of the Panacea, it affords me much pleasure to be able to recommend it as a valuable remedy for those chronic, constitutional and glandular diseases, to which it is especially adapted. To those who are afflicted, and require medicine as an alternative cannot obtain it in a more agreeable, active and uniform state, than is to be found in the Panacea. I have used it in several instances with decided and signal success. Yours &c.  
D. ALLEN, M. D.  
For details certificates, &c., see circulars, &c.—Price 51 per bottle; large size, 6 bottles \$5.  
**DR. KEELER'S COUGH SYRUP.**  
Among all the remedies before the public this stands pre-eminently in incipient Consumption, Bronchitis, Catarrh, Coughs, Hoarseness, Whooping cough, Pleurisy, Asthma, spitting of Blood, and for all affections of the pulmonary organs occasioned by cold. To much praise cannot be bestowed upon this remedy, and the proprietor urges any one afflicted with any of the above complaints to secure it at once. It is warranted pure and of no price. Price 25 cents per bottle.  
Dr. Keeler's Cordial and Carminative.

**Dr. Keeler's Celebrated Family Medicines.**  
Dr. Keeler is a regular graduate from one of the best medical schools of the country, and a practicing physician of the city of Philadelphia. We take great pleasure in presenting his remedies to the afflicted. They are all of undoubted medical power, and hold out to the invalid a promise of relief, such as none others possess. They each have been thoroughly tried in a long successful private practice, and have established for themselves a reputation but few possess, and given better satisfaction to the afflicted than any of the boasted remedies of the day. In offering them to the public, the proprietor is influenced by no sinister motives of gain, but feels conscious that they are eminently deserving of public confidence. No medicines ever before the public have acquired such deserved reputation upon their merits alone, or appeal with such irresistible force to the invalid.  
DR. KEELER'S PANACEA, For the removal and permanent cure of all diseases arising from an impure state of the Blood and habit of the body, viz:  
Chronic diseases of the Chest, Pleurisy, Bronchitis, Catarrh, etc., Scrofula in all its forms, Tetter, Scald Head, Cutaneous affections of the face and extremities, Chronic enlargements of the Joints, White Swelling, Syphilitic Affections, Constitutional Disorders, arising from debility, Mercurial and Hereditary predispositions, &c.  
In every change that is taking place in the body, it is manifest that it is brought about by something having a substantive existence. If we suppose the organs of the body originally perfect, they must continue perfect unless changed by the intervention of something that bears an unhealthy relation to it. In all cases of disease, there must be some morbid agent, as well might we expect a piece of chalk to transfer itself spontaneously into Plaster of Paris, without the aid of Sulphuric Acid. In all disease there is a prior cause which must be removed, through the agency of the Blood. For this reason there is no remedy superior to the PANACEA.  
In the evidence the following is submitted to the public:  
PHILADELPHIA, JUNE 9th, 1847.  
Having been apprised of the nature of the Panacea, it affords me much pleasure to be able to recommend it as a valuable remedy for those chronic, constitutional and glandular diseases, to which it is especially adapted. To those who are afflicted, and require medicine as an alternative cannot obtain it in a more agreeable, active and uniform state, than is to be found in the Panacea. I have used it in several instances with decided and signal success. Yours &c.

**DR. KEELER'S COUGH SYRUP.**  
Among all the remedies before the public this stands pre-eminently in incipient Consumption, Bronchitis, Catarrh, Coughs, Hoarseness, Whooping cough, Pleurisy, Asthma, spitting of Blood, and for all affections of the pulmonary organs occasioned by cold. To much praise cannot be bestowed upon this remedy, and the proprietor urges any one afflicted with any of the above complaints to secure it at once. It is warranted pure and of no price. Price 25 cents per bottle.
