CELEBRATED BITTERS, DR. C. M. JACKSON,

GERMAN MEDICINE STORE, No. 120 Arch Street, Philadelphia.

No. 120 Arch Street, Philadelphia. Their power over the above diseases is not excelled, if equaled, by any other rep-aration in the United States, as the cures attest, in many cases after skilful physicians had falled. These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and ha-ser glands, exercising the most searching powers in weakness and affections of the di-gestive organs, they are, withal, safe, cer-min and pleasant. The Hon. Charles D. Hineline, Editor of A LADY SAVED, Dr. S. A. Pearson. Dear Sii-Abouta year a-go I was attacked with a severe inflamation of the Lunge, which threatened every symptom of a speedy Consumption. I called upon one of the most eminent physicians of Philddelphia, who pro-nounced me incurable. My husband then procu-red for me six bottles of your Pulmonic Expec-torant, which I had heard highly recommended-and before I had taken the last of the sixth bottle my lungs were well, my cough and other symp-toms of Consumption entirely cured. I am now enjoying fine health and becoming quite fleshy. ELIZABETH CLIME, Jay St., between Coates & Wallace. A WONDERFUL CURE.

A WONDERFUL CURE. Hunterdon County, N. J, Dr. S. A. Pearson, Dear Sir-About a year a-go I became severely afflicted with a pain in my breat and side, an extremely bad cough, spitting of blood, debility, night sweats, and other symptoms of confirmed consumption. I became so much re-duced that I was unable to attend to my ordinary business. I made application to a physician, who examined my chest, and gave it as his decided o-pinion that my lungs were seriously affected. I then appied to another, who was of the same o-pinion, and after having prescribed advised me to return to my friends.

powers in weatness and alcolous of the di-gestive organs, they are, willad, safe, cer-tain and pleasant. Read and be Convinced. The Hon. Charles D. Hineline, Editor of the "Camden Democrat," the best paper in West Jersey, says, July 21:-"HoorLAND'S GERMAN BITTERS."---"We have seen many flattering notices of this medicine, and the source from which they came, induced us to make inquiry respect-ing its merils. Fron inquiry we were per-suaded to use it, and must say we found it specific in its action upon discases of the liver and digestive organs, and the powerful influence it exerts upon nervous prostration is really surprising. It calms and stregthens the nerves, bringing them into a state of re-pose, making sleep retreshing. "If this medicine were more generally zsed, we are satisfied there would be less sicknese, as from the stomach, liver and ner-vous system the great majority of real and imaginary diseases emanate. Have them in a healthy condition, and you can bid defi-ance to epidemics generally. This extraor-dinary medicine we would advise surfriends who are at all indisposed to give a trial—it will then recommend itself. It should, in fact, be in 'every family. No other medi-cine can produce such evidences of merit." [From the "Boston Bee."] The editor said, Dec. 22d— "Dr. Hoofland's Gelbrated German Bitters for the cure of Liver Complaint, Jaundice, byspeyia, Chronic or Nervous Deblity, is deservedly one of the most popular medi-cines of the day. These Bitters have been used by thousands, and a friend at our elbow says be has himself received an effectual and permanent cure of Liver Complaint from the use of this remedy. We are con-vinced that, in the use of these Bitters, the patient constantly gains strength and vigor-a fact worthy of great consideration. They used by persons with the most delicate stom achs with safety, nuder any circumstances. We are speaking from experience and to the afflicted we advise theur use." Judge M.M. Noah, a getel then app.ied to another, who was of the same opinion, and after having prescribed advised me to return to my friends. Previous to this I had for a long time been laboring under all the symptoms usually found with persons laboring under disease of the lungs, and it was thought by all who knew me that I was fast wearing away with decay. A the time I applied to the physicians I was laboring under a screer attack of spitting blood, with paln in my breast and side. Their prescriptions failed to reliver the pain, and all their skill could not arrest the discharge of blood from my lungs. This being my condition, I was induced to make a trial of your valuable Pulmonic Expectorant, sy the use or which I was immediately relived of all those unpleasant symptoms, and am now so far restored to health, that I am able to tattent to all my ordinary buiness, and expose myself as much as it is prulent for any one to do. I would furtherefore confidently recommend every person who is laboring under disease of the lungs and breast, or who are afflicted with colds or with becamds of your respectorant for a few weeks, I becamd so flacy that persons who has that persons with whom I was a couplined hardly knew me. I still remain in good health at this time, March, 1846. Yours truly, JOSEPH HOGLAND. OPINION OF PHYSICLAND.

DR. HOOFLAND'S GERMAN BITTERS.

DR. HOOFLAND'S GERMAN BITTERS. "It is seldom that we recommend what are termed Patent Medicines to the confi-dence and patronage of our readers; and, therefore, when we recommend Dr. Hoof-land's German Bitters, we wish it to be dis-tingthy understood it at we are not speaking of the nostrums of the day, that are noised about for a brief period and then forgotten after they have done their guilty race of mis-chif, but of a medicine long established, universally prized, and which has met the hearty approval of the Faculty itself." Evidence upon evidence has been re-ceived (like the foregoing) from all sections of the Union, the last three years, and the strongest testimony in its favor, is, that there is more of it used in the practice of the regu-nostrums combined, a fact that can easily be established, and folly proving that a sci-entific preparation will meet with their quit approval when presented even in this form.
