To the citizens of Columbia county. Read what others say of the virtues of Dr. Keeler's ordial & armiinative.

For the speedy cure of Diarrhora, Dysentery, Cholera Infantam, Cholera Morbus, all
summer complaints, Cholic, Flatulency, and
all derangements of the stomach and bowels from teething, &c.
Thousands die annually with diseases of
the stomach and bowels from neglect. Among the numerous remedies both public &
private, recommended for the above diseases
none are equal to the Cordial. Years of experience and trials made with it in hundreds
of cases, superadded to the voluntary testiof cases, superadded to the voluntary testi-mony from physicians and others, gives it a character not to be unheeded by those cher

chalacter not to be unneceed by those theishing tise welfare of themselves and children. Speedly subdoing the pain and inflammatory tenciney, allaying irritability of the stomach, and constraining unhealthy evacuations, its operation is promit and electroctual.

That it will cure, and has cured, the worform of disease of the stomach and bowels, read the following evidence:

Philadelphia, June 1, 1819.

Dr. J. N. Keeler—I received your note this morning asking for information as to the distribution 1 made of the package of cordial you put into my possession while in command of the U. States transport during the Mexican war According to your direction a part was distributed in Vera Cruz, the other I kept for the use of my seamen and others on board, beliving I should have use for it, as I had on board frequently from one to three hundred persons, and that many when leaving Mexico would be on the sick list.—Such was the fact, for Dysentery and Diarrhoea extensively prevailed: I used the cordial freely, and in not a single instance do I recollect of its having failed to cure. My own crew would often be attacked with Diarrhoea, Dysenterry, &c. peculiar to nearly allafter getting on shore and eating Iruit and vegetables; in all such cases the cordial did not fail to cure speedily

When in New Orleans, a friend informed me of a Philadelphia gentleman, S Churchman Esq, who was sick with the Dysentery, and despaired of by his doctor I mentioned having a bottle or so of your cordial I lesent it to him, and in a few days I had the pleasure of seeing him well, I can give you many names and testimonials of the efficacy of your cordial if necessary. I have given it to one ship master of this port, in particular Capt Whipple, ship Monongahela, and he informed me he would not be without it I think it is the safest and best medicine that I have ever known to be used in affections of the stomach and bowels.

I remain yours res cetfully,
