

CHERRY PECTORAL

For the Cure of COUGHS, COLDS, HOARSENESS, BRONCHITIS, CROUP, ASTHMA, WHOOPING-COUGH AND CONSUMPTION.

The uniform success which has attended the use of this preparation in all cases of cough, croup, whooping-cough, and consumption, has gained for it a celebrity equalled by no other medicine.

Valentine Mott, M. D., Professor Surgery, Medical College, N. Y., says: "It gives pleasure to certify to the value and efficacy of Ayer's Cherry Pectoral, which I consider peculiarly adapted to cure diseases of the Throat and Lungs."

Chief Justice Estlin, of Louisiana, writes that a young daughter of his was cured of several severe attacks of Croup by the Cherry Pectoral.

Dear Sir: Having been rescued from a painful and dangerous disease by your medicine, I gratefully acknowledge to you the benefit of your medicine, and I am glad to see that you are still in the world to do good.

At first it seemed to make me worse, but in less than a week I began to experience the most gratifying relief from its use; and in four weeks the disease was entirely removed. I can sleep on my back with comfort, and enjoy a state of health which I never expected.

MARRIAGE: WHY SO OFTEN UNHAPPY.

THE CAUSES AND THE REMEDY!

MAST and many a wife endures years of bodily suffering and of mental agony, prostrate and helpless, embittering her life, that of her husband, and assailing the health of their children, arising from causes which, if known, would have spared the suffering, the anguish to the wife, and to the husband embarrasments and pecuniary difficulties having their origin in the mind being weighed down and harassed in consequence of the sickness of the completion of his term.

How important that the causes should be known to every wife, to every husband, that the dreadful and harrowing consequences to the health and happiness of both may be avoided! Life is too short and health too precious to admit any portion of the one to be spent without the full enjoyment of the other. The timely possession of a little work entitled as follows has been the means of saving the health and the life of thousands, as over

TWO HUNDRED THOUSAND COPIES have sold since the first edition was issued.

The author has been induced to advertise it by the urgent and pressing requests of those who have been indebted to its publication for all they hold dear (that all may have an opportunity of obtaining it), and who have favored him with thousands of letters of encomium, some of which are annexed to the advertisement.

THE MARRIED WOMAN'S Private Medical Companion.

BY DR. M. MAURICEAU, PROFESSOR OF MEDICINE AT BLOOMSBURG, PA.

THIS WORK IS INTENDED ESPECIALLY FOR THE MARRIED, or those contemplating marriage, as it discloses important secrets which should be known to those who marry, and who are about to be united in the holy bonds of matrimony.

Here, every female—the wife, the mother—the one either budding into womanhood, or the one in the decline of years, whose nature contemplates an important change—can discover the causes, symptoms, and the most efficient remedies and certain mode of cure, in every complaint, which her husband is subject to.

The revelations contained in its pages have proved a blessing to thousands, as the numerous letters received by the author (which he is permitted by the writers to publish) will attest.

SICKLY AND UNHAPPY WIVES. Extract of a Letter from a Gentleman in Dayton, O.

"DR. M. MAURICEAU, My Dear Sir: The Married Woman's Private Medical Companion, for which I enclosed one dollar to your address, came duly to hand. I would not have troubled you with these few lines had I not been so deeply indebted to you for the means of my recovery."

"My wife has been so long and so severely ill, that I have been obliged to give up all business, and to devote myself to her care. I have tried every remedy, but in vain. I have been told that she was incurable, and that she would never recover. I have been told that she was incurable, and that she would never recover."

PERSONS CELEBRATED Pulmonic Expectorant, Is the most certain and effectual remedy known for the cure of Coughs, Colds, Consumption, Influenza, Hoarseness, spitting of Blood, difficulty of breathing, Bronchitis, pain in the throat and side, palpitation of the heart, whooping cough, asthma, and all diseases of the Pulmonary Organs.

The proprietor of this Pulmonic Expectorant, having graduated as a physician, and followed the practice of his profession for several years, can testify to those persons who require such medicines that assurance which cannot be expected where a compound is only concocted from an antiquated recipe, taken from the least of an old almanac or similar source.

Prepared by S. A. Pearson, M. D., No. 106 North Fourth Street, Philadelphia, price \$1 per bottle, or six 1/2 bottles for \$5.

READ THE FOLLOWING: S. A. Pearson, Dr. Sir—For the benefit of others, I would inform you that I have been cured of my Pulmonic Expectorant for a cough with pain in my breast and side, the effects of a very heavy cold, and that it has given me great relief. I consider it an invaluable medicine. I have also used it in my family with the most decided benefit; it cures colds in the least possible time that medicine can cure them. If I were not generally known, it would save thousands of pain or expense to have it brought into the country.

Yours, &c. W. M. CADEY, No. 613 Cherry St.

A LADY SAVED. Dr. S. A. Pearson, Dear Sir—About a year ago I became attacked with a severe inflammation of the Lungs, which threatened every symptom of a speedy Consumption. I called upon one of the most eminent physicians of Philadelphia, who pronounced me incurable. My husband then procured for me six bottles of your Pulmonic Expectorant, which I had heard highly recommended; and before I had taken the last of the sixth bottle my lungs were well, my cough and other symptoms of Consumption entirely cured. I am now enjoying fine health and becoming quite fleshy.

W. M. CADEY, No. 613 Cherry St.

A WONDERFUL CURE. Hunterdon County, N. J. Dr. S. A. Pearson, Dear Sir—About a year ago I became severely afflicted with a pain in my breast and side, an extremely bad cough, spitting of blood, debility, night sweats, and other symptoms of confirmed Consumption. I became so much reduced that I was unable to attend to my ordinary business. I made application to a physician, who examined my chest, and gave it as his decided opinion that my lungs were seriously affected. I then applied to another, who was of the same opinion, and after having prescribed advised me to return to my friends.

Previous to this I had for a long time been laboring under all the symptoms usually found with persons laboring under disease of the lungs, and it was thought by all who knew me that I was fast wearing away with decay.

At the time I applied to the physicians I was laboring under a severe attack of spitting blood, with pain in my breast and side. Their prescriptions failed to relieve the pain, and all their skill could not arrest the discharge of blood from my lungs. This being my condition, I was induced to make a trial of your valuable Pulmonic Expectorant, the use of which I was immediately relieved of all those unpleasant symptoms, and am now so far restored to health, that I am able to attend to all my ordinary business, and expose myself as much as it is prudent for any one to do, and I can confidently recommend your medicine to all persons who are afflicted with coughs and with spitting of blood, or who are afflicted with other symptoms of Consumption. I would further add that after having made use of your Expectorant for a few weeks, I began to feel that persons with whom I was acquainted had nearly recovered. I still remain in good health at this time, March, 1846.

Yours truly, JOSEPH HOGLAND.

OPINION OF PHYSICIANS. The following card of three respectable physicians sets forth the virtues of Dr. Pearson's Pulmonic Expectorant.

Having made use of Dr. Pearson's PULMONIC EXPECTORANT, we feel it a duty to recommend it as a safe and effectual cure of the various diseases for which it is intended. We are acquainted with many persons who have been cured of coughs, spitting of blood, and other symptoms of Consumption, by its use, and many of them after all other means had failed.

BEWARE OF COUNTERFEITS. This medicine has attained such high character which is necessary for all medicines to obtain its due credit, and to put forth a spurious article at the risk of the lives of those who are innocently deceived.

DR. HOOFLAND'S GERMAN BITTERS. It is seldom that we recommend what are termed Patent Medicines to the confidence and patronage of our readers; and, therefore, when we recommend Dr. Hoofland's German Bitters, we wish it to be distinctly understood that we are not speaking of the nostrums of the day, that are noised about for a brief period and then forgotten after they have done their guilty race of mischief, but of a medicine long established, universally prized, and which has met the hearty approval of the Faculty itself.

Evidence upon evidence has been received (like the foregoing) from all sections of the Union, the last three years, and is the strongest testimony in its favor, is that there is more of it used in the practice of the regular Physicians of Philadelphia than all other nostrums combined, a fact that can easily be established, and fully proving that a scientific preparation will meet with their quick approval when presented even in this form.

That this medicine no cure Liver Complaint and Dyspepsia, no one can doubt, if using it as directed. It acts specifically upon the stomach and liver—it is preferable to calomel in all bilious diseases—the effect is immediate. They are administered in REMOTE or INFANT with safety and reliable benefit, at any time.

DR. LEIDY'S Sarsaparilla Blood Pills

BECAUSE they are safer, better and more efficacious than any others, and because the public will take no others if they can obtain them.

500,000 BOXES have been sold annually for the last five years. Young and old, male and female, can always take them with equal safety, without fear.

IF PILLS BE NECESSARY for purging and cleansing the stomach and bowels, and purifying the blood and fluids of the body, take no others—For no other pills produce those combined effects as contain sarsaparilla in them.

Eat, Drink, and Live as Usual, and pursue your usual occupations whilst taking them, without fear of taking cold during all kinds of weather.

ONE THOUSAND DOLLARS are warranted that more genuine certificates (from physicians, clergymen, Members of Congress and respectable citizens) can be produced of their efficacy than of any others, and

Ten Dollars will be forfeited in every instance where one box will not do more good than two boxes of any other.

Forty Pills are in a Box, and sold at Twenty-five Cents a Box, with directions and much wholesome advice accompanying each box.

They have no taste nor unpleasant smell—free from dirt or powder of any kind—do not grip the Stomach or bowels—produce no sickness, vomiting or bad feelings—they are good at all times, and adapted to most diseases common to mankind. No one having one taking them will be willing afterwards to take any others, because they are so good, and if they do not then no others will.

Dr. N. B. Leidy, the Proprietor & Manufacturer, is a regular Druggist, Chemist and Physician, of fifteen years experience in Philadelphia; member of different Medical Institutions of Philadelphia, New York, Boston, Baltimore, &c., and associate and corresponding member of several Medical Institutions of London and Paris—hence the reason of the greater confidence placed in his pills, and there being recommended in the practice of most respectable physicians throughout the United States.
