CAN BE EFFECTUALLY CURED BY

DR. HOOFLAND'S

CELEBRATED BITTERS, DR. C. M. JACKSON,

GERMAN MEDICINE STORE, No. 120 Arch Street, Philadelphia.

Their power over the above diseases is not excelled, if equalled, by any other reparation in the United States, as the cures attest, in many cases after skilful physicians had falled.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and 13-ser glauds, exercising the most searching powers in weakness and affections of the digestive organs, they are, withal, safe, certain and pleasant.

Read and be Convinced.

The Hon. Charles D. Hineline, Editor of the "Camden Democrat," the best paper in West Jersey, says, July 21:—

"Hooplan's German Bitteria, ""We have seen many flattering notices of this medicine, and the source from which they came, induced us to make inquiry respecting its merits. Frort inquiry we were persualed to use it, and must say we found it specific in its action upon diseases of the liver and digestive organs, and the powerful influence it exerts upon nervous prostration is really surprising. It calms and stregthens the nerves, bringing them into a state of repose, making sleep retreshing.

"If this medicine were more generally candence to epidemics generally. This extraordinary medicine we would advise our friends who are at all indisposed to give a trial—it will then recommend itself. It should, in fact, be in levery family. No other medicine can produce such evidences of merit."

[From the "Boston Bee."]

"Dr. Hoofland's Celebrated German Bitters for the cure of Liver Complaint, Jaundice, Dyspeysia, Chronic or Nervous Debblity, is deservedly one of the most popular medicine can produce such evidences of merit."

[From the "Boston Bee."]

"Dr. Hoofland's Celebrated German Bitters for the cure of Liver Complaint from the use of this remedy. We are convinced that, in the use of these Bitters, the patient constantly gains strength and vigor—a fact worthy of great consideration. They are pleasant in taste and smell, and can be used by persons with the most delicate stomachs with a safety and of the greatest medical writers Ger these circumstances, we feel warranted, not only in calling the attention of our readers to the present proprietor's (Dr. C. M. Jackson's) preparation, but in recommending the article to all afflicted."

MORE EVIDENCE.

The "Philadelphia Saturday Gazette," the best family newspaper published in the Uni-ted States, the editor says of

DR. HOOFLAND'S GERMAN BITTERS.

"It is seldom that we recommend what are termed Patent Medicines to the confidence and patronage of our readers; and, therefore, when we recommend Dr. Hoofland's German Bitters, we wish it to be distinctly understood that we are not speaking of the nostrums of the day, that are noised at the state of the confidence of th DR. A LADY SAVED,

Dr. S. A. Pearson. Dear Sir.—About a yeer ago I was attacked with a severe inflamation of the Lungs, which threatened every symptom of a speedy Consumption. I called upon one of the most eminent physicians of Philadelphia, who pronounced me incurable. My husband then procured for me six bottles of your Palmonic Expectorant, which I had heard highly recommended—and before I had taken the last of the sixth bottle my lungs were well, my cough and other symptoms of Consumption entirely cured. I am now enjoying fine health and becoming quite fleshy.

A WONDERFUL CURE.

Hunterdon County, N. J.,
Dr. S. A. Pearson, Dear Sir—About a year ago I became severely afflicted with a pain in my breat and side, an extremely had cough, spitting of blood, debility, night sweats, and other symptoms of confirmed consumption. I became so much reduced that I was unable to attend to my ordinary business. I made application to a physician, who examined my chest, and gave it as his decided opinion that my lungs were seriously affected. I then applied to another, who was of the same opinion, and after having prescribed advised me to return to my friends.

Previous to this I had for a long time been laboring under all the symptome usually found with persons laboring under disease of the lungs, and it was thought by all who knew me that I was fast wearing away with decay.

At the time I applied to the physicians I was laboring under a severe attack of spitting blood, with pain in my breast and side. Their prescriptions failed to relieve the pain, and all their skill smild not acrest the discharge of blood from my large. This being my condition, and all their skill smild not acrest the discharge of blood from my large. This being my condition, and all their skill smild not acrest the discharge of blood from my large.
