

ANOTHER SCIENTIFIC WONDER PEPSIN THE TRUE DIGESTIVE FLUID

A Great Dyspepsia Curer, Prepared from RENNIN, or the fourth Stomach of the Ox, under the direction of Baron Liebig, the great Physico-Chemist, by Dr. J. C. F. Powell, M. D., No. 11, North Eighth Street, Philadelphia.

This is a truly wonderful remedy for Indigestion, Dyspepsia, Jaundice, Liver Complaint, Constipation, and Debility, curing Nature's ailments, by Nature's own agent, the Gastric Juice.

Half a spoonful of this Fluid, infused in water, will digest or dissolve, Five Pounds of Roast Beef in about two hours, out of the stomach.

DIGESTION. Digestion is chiefly performed in the stomach by the aid of a fluid which freely exudes from the inner coat of that organ, when in a state of health, called the Gastric Juice. This fluid is the Great solvent and Stimulating Agent of the stomach and intestines. Without it there will be no digestion, no conversion of food into blood, and no nutrition of the body; but rather a foul, torpid, painful, and destructive condition of the whole digestive apparatus. A weak, half digested, or indigestible stomach produces no good Gastric Juice, and hence the disease, distress and debility which ensue.

SCIENTIFIC EVIDENCE! Baron Liebig, in his celebrated work on Animal Chemistry, says: "An Artificial Digestive Fluid analogous to the Gastric Juice, may be readily prepared from the mucous membrane of the stomach of the Calf, in which various articles of food, as meat, and eggs, will be softened, changed, and dissolved, just in the same manner as they would be in the human stomach."

Dr. Pereira, in his famous treatise on "Food and Diet," published by Fowler & Wells, New York, page 35, states the same result, and describes the method of preparation. There are few higher authorities than Dr. Pereira.

Dr. Combe, in his valuable writings on the "Physiology of Digestion," observes that "a diminution of the due quantity of gastric juice, or a complete want of it, is the usual cause of indigestion, and he states that "a distinguished professor of medicine in London, who was severely afflicted with this complaint finding every thing else to fail, had recourse to the Gastric Juice, obtained from the stomach of living animals, which proved completely successful."

Dr. Graham, author of the famous work on "Vegetable Diet," says: "It is a remarkable fact in physiology, that the stomachs of animals, macerated in water, impart to the fluid the property of dissolving various articles of food, as meat, and eggs, and artificial digestion of them is entirely different from the natural digestive process."

Dr. Simon's great work, the "Chemistry of Man," (Lea & Blaud, Phila., 1846, pp. 321-2.) "The discovery of PEP SIN is a landmark in the history of human digestion. From recent experiments we know that food is dissolved as rapidly in an artificial digestive fluid, prepared from Pepsin, as it is in the natural Gastric Juice itself."

Professor Dauglish of the Jefferson College, Philadelphia, in his great work on the Human Physiology, devotes more than fifty pages to an examination of this subject. His experiments with Dr. Beaumont, on the Gastric Juice, obtained from the living human stomach, are prominent in the work. He says: "In all cases of indigestion, it is not only essential to employ the natural secretions, but to use the artificial as a substitute when the natural secretions are deficient."

To the Sick and Afflicted.

Dr. Keeler's Cordial & Carminative. Read what others say of the virtues of this

For the speedy cure of Diarrhoea, Dysentery, Cholera Infantum, Cholera Morbus, all summer complaints, Cholera, Flatulency, and all derangements of the stomach and bowels from teething, &c.

Thousands die annually with diseases of the stomach and bowels from neglect. Among the numerous remedies both public and private, recommended for the above diseases none are equal to the Cordial. Years of experience and trials made with it in hundreds of cases, supersedes the voluntary testimony from physicians and others, gives it a character not to be exceeded by those cherishing the welfare of themselves and children.

Speedily subduing the pain and inflammatory tendency, allaying irritability of the stomach, and constraining unhealthy evacuations, its operation is prompt and efficient.

That it will cure, and has cured, the worst form of disease of the stomach and bowels reads the following evidence:

Philadelphia, June 1, 1849.
Dr. J. N. Keeler—I received your note this morning asking for information as to the distribution of a bottle of the package of Cordial you put in my possession while in command of the U. S. States transport during our Mexican war. According to your direction a part was distributed in Vera Cruz, the other I kept for the use of my seamen and others on board, believing I should have use for it, as I had over a hundred persons, and that many leaving Mexico would be on the sick list.

Such was the fact, for Dysentery and Diarrhoea extensively prevailed; I used the Cordial freely, and in not a single instance do I recollect of any having failed to cure. My own crew would often be attacked with Diarrhoea, Dysentery, &c., peculiar to nearly all after getting on shore and eating fruit and vegetables; in all such cases the Cordial did not fail to cure speedily.

When in Philadelphia, a friend informed me of a Philadelphia gentleman, S. Churchman Esq., who was sick with the Dysentery, and despaired of by his doctor. I mentioned having a bottle or so of your Cordial. I had a bottle of yours, and in a few days I had the pleasure of seeing him well, and giving me many names and testimonials of the efficacy of your Cordial if necessary. I have given it to one shipmaster of this port, in particular Capt. Whipple, ship Monongahela, and he has written me a note saying that he can give you the name of several others who have ever known to be used in affections of the stomach and bowels.

I remain yours respectfully,
D. D. Wilcox, 288 S. Eighth Street

Davisville, Bucks Co. Aug. 25, 1847
Dear Sir—I am happy to be able to recommend your Cordial from having seen its successful success in several instances, and I am now trying your Sarsaparilla Panacea in a case of protracted debility, attended with cough, apparently produced in the young lady by her parents, and her strength, to use a common saying. Yours truly,
From the Upland Union.

We are as little disposed as most persons to encourage appeals to law or medicine, but with all the lore of the former, and the ignorance and quackery of the latter, appeal occasionally to the aid of both. The excessive heat and the accompanying prostration of the season are already producing Diarrhoea, Dysentery and Cholera Infantum, complaints which if not promptly relieved, often terminate in death. From a knowledge of the beneficial effects we refer to Dr. Keeler's Cordial and Carminative, advertised in this paper. Dr. Keeler is a physician of intelligence, skill, and large practice, and if the remedies and commending him, we have no authority as to be depended on the above named article, which has proved useful in the complaints referred to.

Also Dr. Keeler's Sarsaparilla, a medicine of great efficacy in forcing the system from all diseases arising from impurities of the blood. In chronic diseases of the chest, stomach, liver and skin it is of great benefit. Female, E. L. Lewis, No. 11, North Eighth Street, Philadelphia, has written me a note saying that she has used it in several cases, and in all instances it has proved successful.

For sale also by J. R. MOYER, Bloomsburg; Chalfant & Hughes, and Dr. J. A. Moore, Danville; E. Francis, Jersey Shore; and by druggists and Merchants throughout the County of Luzerne.

Bloomsburg, Nov. 22, 1849.—ly.

ANOTHER HOME CERTIFICATE.

Great Care of Edward Hanson, Engineer, at Mr. Pettis' Factory, corner of 9th and Wallace Streets, Spring Garden.

More substantial evidence of the wonderful curative properties of

Dr. Swayne's Compound Syrup of Wild Cherry.

PHILADELPHIA, April 15, 1850.
Dr. Swayne—Dear Sir—Being severely afflicted with a violent cold and cough, which settled upon my lungs attended with great debility, soreness in my side, that I could scarcely breathe, spitting of blood, no appetite, could get no rest at night, owing to the severity of my cough, would spit up as much as a pint of blood at a time. This mournful state of things continued until I had almost despaired of being cured, having tried physicians and numerous things without relief; but having heard of the great virtues of your Compound Syrup of Wild Cherry, and its being approved of by physicians of the first eminence, I concluded to make a trial of it, and am happy to state that three bottles performed a perfect cure; my sleep is now undisturbed and sweet, and I find that to your medicine I am indebted for this great cure.

I shall be glad to communicate with any person on the subject who may be pleased to call on me, and corroborate what I have said in the above certificate, at the factory or my residence.

Yours, most respectfully,
EDWARD HANSON.

The above certificate is from a man well known by a large portion of our citizens. Those who doubt the truth of it, are invited to call and satisfy themselves that it is entirely voluntary, disinterested, and living witness to the great virtues of Dr. Swayne's Compound Syrup of Wild Cherry.

SWAYNE'S VERMIFUGE.

A safe and effectual remedy for Worms, Dyspepsia, Cholera Morbus, sickly or Dyspeptic Children, or Adults, and the most useful Family Medicine ever offered for the people.

This Remedy is one which has proved successful for a long time, and is universally acknowledged by all who have tried it to be far superior (being so very pleasant to the taste at the same time) to any other medicine ever employed in diseases of the kind to which it is recommended. It not only destroys but invigorates the whole system.

Beware of Mistakes!

Remember, Dr. Swayne's Vermifuge is now put up in square bottles. See that the name is spelt correctly.—SWAYNE.

GREAT PURIFIER OF THE BLOOD.

Dr. Swayne's Sugar Coated Sarsaparilla and Tor Pills, Act as a gentle purgative, producing a healthy state of the Liver, and bowels acting as an Alternative, changing that condition of costiveness, which is very common to some individuals, and for the irregularities incident to females they are very valuable.
