

ANOTHER SCIENTIFIC WONDER
PEPSIN!

THE TRUE DIGESTIVE FLUID,
OR
GASTRIC JUICE.

A Great Dyspepsia Curer, Prepared from
RENNET, of the Fourth Stomach of the Ox,
after directions of Baron Liebig, the great
Physiological Chemist, by J. S. Houghton,
M. D., No. 11, North Eighth Street, Phila-
delphia, Pa.

This is a truly wonderful remedy for In-
digestion, Dyspepsia, Jaundice, Liver Com-
plaint, Constipation, and Debility, curing
after Nature's own method, by Nature's own
agent, the Gastric Juice.

Half a spoonful of this Fluid, infused
in water, will digest or dissolve, Five Pounds
of Roast Beef in about two hours, out of the
stomach.

Digestion is chiefly performed in the
stomach by the aid of a fluid which freely
exudes from the inner coat of that organ,
when in a state of health, called the Gastric
Juice. It is the great solvent of the Food,
the Purifier, Preserver, and Stimulating
Agent of the stomach and intestines.

Without it there will be no digestion, no
conversion of food into blood, and no nu-
trition of the body; but rather a foul, torpid,
painful, and destructive condition of the
whole digestive apparatus. A weak, flatu-
lent, or injured stomach produces no good
Gastric Juice, and hence the disease, dis-
tress and debility which ensue.

PEPSIN and RENNET.—Pepsin is the chief
element of Great Digesting Principle of the
Gastric Juice. It is found in great abun-
dance in the solid parts of the human stom-
ach after death, and sometimes causes the
stomach to digest itself, or eat itself up. It
is also found in the stomach of animals, as
the ox, calf, &c. It is the material used by
farmers in making cheese, called Rennet,
the effect of which has long been the spe-
cial wonder of the dairy. The curdling of
milk is the first process of digestion. Ren-
net possesses astonishing power. The stom-
ach of a calf will curdle nearly one thou-
sand times its own weight of milk. Baron
Liebig states that, "One part of Pepsin dis-
solved in sixty thousand parts of water, will
digest meat and other food." Diseased
stomachs produce no good Gastric Juice
Rennet or Pepsin. To show that this want
may be perfectly supplied, we quote the following:

SCIENTIFIC EVIDENCE!
Baron Liebig, in his celebrated work on
Animal Chemistry, says: "An Artificial Di-
gestive Fluid analogous to the Gastric Juice,
may be readily prepared from the mucous
membrane of the stomach of a calf, in which
various articles of food, as meat and eggs,
will be softened, changed, and digest-
ed, just in the same manner as they would
be in the human stomach."

Dr. Pereira, in his famous treatise on
"Food and Diet," published by Fowler &
Wells, New York, page 33, states the same
great fact, and describes the method of pre-
paration. There are few higher authorities
than Dr. Pereira.

Dr. Combe, in his valuable writings on
the "Physiology of Digestion," observes
that "the diminution of the due quantity of
the Gastric Juice is a prominent and all pre-
vailing cause of Dyspepsia;" and he states
that "a distinguished professor of medicine
in London, who was severely afflicted with
this complaint, finding every thing else to
fail, had recourse to the Gastric Juice, ob-
tained from the stomach of living animals,
which proved completely successful."

Dr. Graham, author of the famous work
on "Vegetable Diet," says: "It is a remark-
able fact in physiology, that the stomachs
of animals, man included, are fitted to digest
the food they eat. The discovery of Pepsin
is a new era in the chemical history of
Digestion. From recent experiments we
know that food is dissolved as rapidly in an
artificial digestive fluid, prepared from Pepsin,
as it is in the natural Gastric Juice itself."

Dr. Simon's great work, the "Chemistry
of Man," (London, Philadelphia, 1850, pp.
321-2): "The discovery of Pepsin is a
new era in the chemical history of
Digestion. From recent experiments we
know that food is dissolved as rapidly in an
artificial digestive fluid, prepared from Pepsin,
as it is in the natural Gastric Juice itself."

As a DYSPEPSIA CURER, Dr. Houghton's
preparation of Pepsin has produced the
most marvellous effects, curing cases of
Debility, Emaciation, Nervous Decline, and
diarrhoeic Consumption, supposed to be on
the verge of the grave. It is impossible
to give the details of every case in the
limit of this advertisement, but authentic
certificates have been of more than two
hundred Remarkable Cures, in Philadelphia,
New York, and Boston alone. These were
not only rapid and wonderful, but per-
manent.

It is a great Nervous Antidote, and par-
ticularly useful for tendency to bilious dis-
order, Liver Complaint, Fever and Ague, or
badly treated Fever and Ague, and the evil
effects of Quinine, Mercury, and other drugs
upon the Digestive organs, after a long sick-
ness. Also, for excess in eating, and the
too free use of ardent spirits. It almost re-
cognizes Health with Intemperance.

OLD STOMACH COMPLAINTS.—There is no
form of Old Stomach Complaints which it
does not seem to remove at once, it gives
Instant Relief! A single dose removes all
the unpleasant symptoms, and it only needs
to be repeated, for a short time, to make
these good effects permanent. Purify of
Blood and Vigor of Body, follow at once. It
is particularly excellent in cases of Nausea,
Vomiting, Cramps, Soreness of the pit of
the Stomach, distress after eating, low, cold
state of the Blood, Headaches, Lowness of
Sprits, Despondency, Emaciation, Weak-
ness, tendency to Insanity, Suicide, &c.

GREAT COUGH REMEDY!

WAYER'S
CHERRY PECTORAL.

For the Cure of
COUGHS, COLDS,
HOARSENESS, BRON-
CHITIS, CROUP, ASTH-
MA, WHOOPING-COUGH
AND CONSUMPTION.

In offering to the community this justly cel-
ebrated Remedy for diseases of the throat and
lungs, it is not our wish to trifle with the lives
or health of the afflicted, but fairly to lay be-
fore them the opinions of distinguished men, and
some of the evidences of its success, from
which they can judge for themselves. We an-
sincerely pledge ourselves to make no wild asser-
tion, unless we have the facts to sustain it, and
we hold out no hope to suffering humanity
which we are not prepared to warrant.

Many proofs are here given, and we solicit an
inquiry from the public into all we publish, feel-
ing that we will be held to our word perfectly
reliable, and the medicine worthy their best re-
liance and patronage.

PROF. CLEVELAND, of Bowdoin Col-
lege, Maine.
Written and witnessed the effects of your
'CHERRY PECTORAL' in my own family
and that of my friends, and it gives me satis-
faction to state in its favor that no medicine I
have ever known has proved so eminently suc-
cessful in curing diseases of the throat and
lungs."

REV. DR. OSGOOD
Writes:—"That he considers 'Cherry Pectoral'
the best medicine for Pulmonary Affections, ever
brought to the public," and states that "his
daughter after being obliged to keep the room
four months with a severe settled cough accom-
panied by raising of blood, night sweats, and
the attendant symptoms of Consumption, com-
menced the use of the 'Cherry Pectoral,' and
has completely recovered."

Dr. HANCOCK, of New York, says, "I have been a great sufferer
with Bronchitis, and but for the use of the
'CHERRY PECTORAL' might have continued to
be so for many years to come, but that I have
now and I am happy to bear testimony to its ef-
ficacy."

From such testimony we ask the public to
judge for themselves.
HEAR THE PATIENT.
Dr. AYER—Dear Sir: For two years I
suffered with a cough which accompanied
spitting of blood and profuse night sweats,
and my attending physician I was
induced to use your 'Cherry Pectoral,' and
ascribe the effect to your medicine. I am,
Sir, your obedient servant,
JAMES RANDALL,
Hamden, Conn., Springfield, Nov. 27, 1848.

This day appeared the above named James
Randall, and pronounced the above statement
true in every particular.
LORENZO NORTON, Justice.
PORTLAND, Me., Jan. 10, 1847.

Dr. AYER: I have been long afflicted with
Asthma which grew yearly worse until last au-
tumn, I thought on a cough which confined me
in my chamber, and began to assume the alarm-
ing symptoms of consumption. I had tried the
best and the best medicine to no purpose,
until I used your 'Cherry Pectoral,' which has
entirely cured me, and you may well believe me,
Gratefully yours,
J. D. PHILLIPS,

KNICKERBOCKER MAGAZINE,
FOR 1851.

In one of the chapters of the Constitution
of the State of Massachusetts, yet in force,
there is a declaration: "That the encouragement
of the Arts and Sciences, and all good
Literature, tends to the honor of God, the
advantage of the Christian religion, and the
great benefit of this and the other United
States of America." It has ever been the
highest purpose of the Knickerbocker Maga-
zine the standard of American Literature.
It has been the medium of introducing man-
y of our most popular authors to the pub-
lic. To those who take a pride in sustaining a
good American Magazine, entirely national
in its character, we look for support. Men
of judgment need not be told that it is im-
possible to get up a Magazine entirely origi-
nal at the same prices at which those origi-
nally from foreign sources are sold. The
unremitted efforts of the editor and pub-
lisher will be continued to improve the work.

Spendid Premium to old and new
subscribers.

The publisher, grateful for the large in-
crease of patronage which this old favorite
of the reading community has received
since it passed into his hands, has deter-
mined to give to the old subscribers, and to all
new subscribers, a splendid engraving, pub-
lished in this city, by Messrs. Goulet,
Vilbert & Co., from a painting by a well-
known American artist, William S. Mount,
Esq. This print is entitled "Music is Con-
tagious."

It is 19 by 24 inches, is printed on beau-
tiful paper, and framed, will make a valuable
and elegant ornament for the drawing-room
or parlor. The price of this engraving is
three dollars. It will be given to all sub-
scribers to the Knickerbocker Magazine, who
pay their subscription for 1851, and who
during the month of January, 1851, and
pay in advance. To entitle the subscriber
to the Engraving, all payments must be
made to the publisher. Subscribers who
owe for more than one year will be expect-
ed to settle up all arrears, and pay for 1851,
to entitle them to the Engraving. The bills
of specie-paying banks in all parts of the
country will be received in payment. The
engraving will be rolled on a stick, and so
secretly done up that it can be sent to Cali-
fornia, or any other distant part of the United
States with perfect safety. The number for
January, 1851, will commence the thirty-seventh
volume of this work.

Dr. Cullen's
PANACEA.

The afflicted are invited to call and see Mr.
Lease Brooks, Jr., at the corner of Third and
Wilcox streets, and Miss Christiana Sands,
Beach street below Spruce street, in the Schuyl-
kill. These two persons have been selected
for the very best of the destitute through the
agency of that most potent of all medicines,
DR. CULLEN'S INDIAN VEGETABLE
PANACEA.

Dr. Cullen's Panacea is the only certain cure
for Scrophulous or King's Evil, Tetter, Erysipelas,
Old Sores and Ulcers, Mercurial Diseases, and all
other affections, cutaneous or otherwise, arising
from impurities of the blood.

In the extraordinary case of Mr. Brooks, people
who visit him, hold up their hands in astonish-
ment, that any medicine could have ar-
rested his disease—then go away resolved to
recommend Dr. Cullen's Indian Vegetable Panacea
to every one they hear of who has need of a
purifying medicine.

So with Christiana Sands—her cure of Scrophu-
lous sore throat was quite as extraordinary as
Mr. Brooks', when we reflect that from the dis-
ease her tea or coffee would frequently pass out
of her ears, when attempting to drink, [see
her certificate.]

The people are beginning to understand, too,
that the various Symples of Scrophularia are little
better than Myrases, and that it is madness to
throw away money on articles which, under the
name of Scrophularia, do not produce any
impression on the system. Several gallons
have been swallowed. One bottle of Dr.
Cullen's Panacea seldom fails to produce con-
viction in the minds of patients that a radical
cure is certain.

But here [so necessary an ally to medi-
cine.] springs up at the outset, and the patient
is cured before any other preparation could have
made the slightest impression upon the disease!

In fact, the twelve ounce bottle of Dr. Cullen's
Panacea, compared with the ten or twelve
bottles of other purifiers, are valuable about in
the proportion of gold to copper. Those who
would prefer a penny to a half eagle, on account
of its size, would make a poor selection to say
the least.

Sarsaparilla a good purifier! Dr. Cullen's
Panacea contains its extract in its most con-
centrated form. Added to this are other extracts,
more active and powerful, and which effect in
combination with the Sarsaparilla, what the lat-
ter article, or combined with the most powerful
poisons, cannot alone accomplish.

It has cured where everything else had failed,
and in a multitude of cases—not in Europe
or in the moon, (where so many great cures
have been performed,) but in Philadelphia, and
in other parts of the Union. And he is distinctly
understood that we do not obtain our extracts by
"boiling 400 gallons down to one;" it being
known to every druggist's apprentice that boiling
destroys the essential virtues of medicinal plants
and roots.

PHILADELPHIA, April 15, 1850.
Dr. Swayne—Dear Sir—Being severely af-
flicted with a violent cold and cough, which
settled upon my lungs attended with great
debility, soreness in my side, that I could
scarcely breathe, spitting of blood, and no
rest could be had at night, owing to the
severity of my cough, would spit as
much as a pint of blood at a time. This
mournful state of things continued until I
almost despaired of being cured, having
tried every medicine and number of things with-
out relief; but having heard of the great vir-
tues of your Compound Syrup of Wild Cherry,
and its being approved of by physicians of
the first eminence, I concluded to make an
trial of it, and am happy to state that three
bottles performed a perfect cure; my sleep
is now undisturbed and sweet, and I firmly
believe that to your medicine I am indebted
for this great cure.

I shall be glad to communicate with any
person on the subject who may be pleased
to call on me, and corroborate what I have
said in the above certificate, at the factory or
my residence.

Yours, most respectfully,
EDWARD HANSON.

The Greatest Because the Best Fam-
ily Medicine in the World

IS WORSWELL'S VEGETABLE RESTOR-
ATIVE PILLS, they have succeeded in
curing some of the worst cases of disease
ever recorded, and are daily accomplishing
the restoration of persons after having tried
in vain to obtain relief from any other
source. One of the Proprietors is a regular
physician of extensive experience, who de-
votes his time exclusively to their prepara-
tion. For FEVER and AGUE, they have never
yet failed. At least one thousand cases in
the neighborhood of Philadelphia, have been
cured since the first of Sept., last. In
Dyspepsia, Rheumatism, Liver Complaint,
Scrophula, for Worms, and all other diseases
of children, they are unequalled by anything
ever prepared for the purpose, while for the
various diseases of Females there is no medi-
cine can compare with them. There is
more of them sold—they are in greater de-
mand than any other pill—and when once
introduced in a family, they need no other
medicine. Each bottle containing Fifty Pills,
renders them the cheapest, while they are
decidedly the best, as well as the mildest in
action, of any now in the market.

The Editor of the "City Item," thus
speaks of them:
"READER, you are suffering from fever
and ague, and you have never tried Wors-
well's Vegetable Restorative Pills. Shake no
more. There is still hope for you—you may
yet be cured! Go, or send at once to A.
Weeks & Co., 70 North Eighth street, and
procure a box of these unrivaled pills, which
are a sovereign antidote for this distressing
complaint."

WORSWELL'S PILLS.—This excellent family
medicine is daily winning new triumphs
over disease, and consequently in the high
road to public favor. In the removal of the
every day ills that afflict their lot, we know
of no better remedy than these Pills. We
heard of a desperate case of scrophulous
eruptions of the head and face being entirely
cured by them.

Du Solle of the "Times," says:
"The great popularity of Worswell's
Vegetable Pills, is attributed to the just merit
which they really possess. They have been
quietly gaining the fame they now have
by the force of their own virtues. The
means usually employed to give relief to
new remedies have not been adopted by the
proprietors. They have been content to
let their medicine speak for itself. It is now
doing it in every section of the country."
They are for sale in most of our County
Keeps throughout the County, and in quanti-
ties at reasonable rates, at the Laboratory
No. 70, North Eighth Street.
