

Bears' New Monthly Family Visitor,
For the Home Circle.

Fifty cents per annum, in advance, (including a large engraving of the City of New York, which sells alone for Fifty Cents.)

DEVOTED to Literature, the Arts, Sciences, Agriculture, Education, &c. &c. The first number was issued in January last.

A Monthly Journal principally literary and miscellaneous, embellished with beautiful and meritorious engravings, designed to cheer the heads of families, as well as the youth of both sexes, with a variety of entertaining and useful information, which will not merely possess the negative quality of not being injurious, but in which the positive one of being really useful will alone be found; giving a healthy tone of feeling to their minds, and becoming instrumental, it is hoped, in rendering them more happy in themselves and in their families—more useful in the various relations of life which they sustain—better members of society at large, and preparing them for a state where all is absolute perfection. One particular feature of this New Monthly publication will be an entire freedom from all sectarian spirit, and a careful avoidance of political and controversial subjects in its pages—an upholder of truth and virtue—with no doubtful morality marring its pages—suitable for all and proper to be read at times.

All the important movements and events of the times will receive attention, and the news of the month carefully gleaned and chronicled.

Our object is to introduce it extensively among all classes, and secure for it a large circulation and field of usefulness. It will be furnished at the low price of FIFTY CENTS PER ANNUM, IN ADVANCE.

Any person sending two subscriptions and one dollar, shall be entitled to the Visitor one year gratis.

Six copies, one year, \$2.00
Twenty copies, one year, \$6.00

And hold, subject to the order of the person sending the twenty names, one volume of any of our \$2.50 or \$3.00 publications, to be forwarded at his expense or risk of the person, though a member of a club, removing during the year to any other place, or direction of any number.

All payments for the "Visitor" must be made to the publisher. They may be sent by mail at his risk—the person sending, to retain a memorandum of the description of money, date of mailing, &c. &c. Notes of all remittances taken at par.

ANOTHER SCIENTIFIC WONDER
PEPSIN!
THE TRUE DIGESTIVE FLUID,
OR
GASTRO-JUICE.

A Great Dyspepsia Curer. Prepared from RENNET, or the fourth Stomach of the Ox, after directions of Baron Liebig, the great Physiologist Chemist, by J. S. Houghton, M. D., No. 11, North Eighth Street, Philadelphia, Pa.

This is a truly wonderful remedy for Indigestion, Dyspepsia, Jaundice, Liver Complaint, Constipation, and Debility, Curing after Nature's own method, by Nature's own agent, the Gastric Juice.

Half a spoonful of this Fluid, infused in water, will digest or dissolve, Five Pounds of Roast Beef in about two hours, out of the stomach.

DIGESTION.

Digestion is chiefly performed in the stomach by the aid of a fluid, which freely exudes from the inner coat of that organ, when in a state of health, called the Gastric Juice. This fluid is the Great solvent of the Food, the Purifying, Preserving, and Stimulating Agent of the stomach and intestines. Without it, there would be no digestion, and no nutrition of the body; but rather a foul, torpid, and destructive condition of the whole digestive apparatus. A weak, half digested, or injured stomach produces no good Gastric Juice, and hence the disease, distress and debility which ensue.

PEPSIN and RENNET—Pepsin is the chief element, or great Digesting Principle of the Gastric Juice. It is found in great abundance in the solid parts of the human stomach after death, and sometimes causes the stomach to digest its own contents. It is also found in the stomach of animals, as the ox, calf, &c. It is the material used by farmers in making cheese, called Rennet, the effect of which has long been the special wonder of the dairy. The curdling of milk is the first process of digestion. The net possesses astonishing powers. One ounce of a calf will curdle nearly one thousand times its own weight of milk. Baron Liebig states that, "One part of Pepsin dissolved in sixty thousand parts of water, will digest its own weight of casein." Dissolved stomachs produce good Gastric Juice. Rennet or Pepsin. To show that this want may be perfectly supplied, we quote the following:

SCIENTIFIC EVIDENCE!

BARON LIEBIG, in his celebrated work on Animal Chemistry, says: "An Artificial Digestive Fluid analogous to the Gastric Juice, may be readily prepared from the mucous membrane of the stomach of the Calf, in which various articles of food, as meat and eggs, will be softened, changed, and digested, just in the same manner as they would be in the human stomach."

Dr. Pereira, in his famous treatise on "The Stomach and its Disorders," published by Fowler & Wells, New York, page 35, states the same great fact, and describes the method of preparation. "There are few higher authorities than Dr. Pereira.

Dr. Cullen, in his valuable writings on the "Physiology of Digestion," observes that "a diminution of the due quantity of the Gastric Juice is a prominent and all-prevaling cause of Dyspepsia," and he states that "a distinguished professor of medicine in London, who was severely afflicted with this complaint, finding every thing else to fail, had recourse to the Gastric Juice, obtained from the stomach of living animals, which proved completely successful."

Dr. Graham, author of the famous works on "Vegetable Diet," says: "It is a remarkable fact in physiology, that the addition of animal matter to water, imparts to the fluid the property of dissolving various articles of food, and of effecting a kind of artificial digestion of them in no wise different from the natural digestive process."

Dr. Sieber, in his great "Consistency of Man," (Lea & Blanchard, Phila., 1846, pp. 321-2): "The discovery of PEP SIN has made a new era in the chemical history of Digestion. From recent experiments we know that food is dissolved as rapidly in an artificial digestive fluid as in the natural Gastric Juice itself."

Professor Dunglison of the Jefferson College, Philadelphia, in his great work on Human Physiology, devotes more than fifty pages to the study of the stomach, and his experiments with Dr. Beaumont, on the Gastric Juice, obtained from the living human stomach and from animals are well known. "In all cases," he says, "digestion occurred as perfectly in the artificial as the natural digestion."

As a DYSPEPSIA CURER, Dr. Houghton's preparation of Pepsin has produced the most marvellous effects, curing cases of Debility, Emaciation, Nervous Decline, and dyspeptic Consumption, supposed to be on the very verge of the grave. It is impossible to give the details of cases in the limit of this advertisement—but authentic certificates have been more than two hundred Remarkable Cures, in Philadelphia, New York, and Boston alone. These were nearly all desperate cases, but the stomach was not only rapidly and wonderfully, but permanently cured.

It is a great Nervous Antidote, and particularly useful for tendency to bilious disorder, Liver Complaint, Fever and Ague, or badly treated Fever and Ague, and the evil effects of Quinine, Mercury, and other drugs upon the Digestive organs, after a long sickness, or for excess of eating, and the too free use of ardent spirits. It most rationally Health with Temperance.

OLD STOMACH COMPLAINTS.—There is no form of Old Stomach Complaint which it does not seem to reach and remove at once. No matter how bad they may be, it removes them instant Relief! A single dose removes all the unpleasant symptoms, and it only needs to be repeated, for a short time, to make these good effects permanent. Purity of Blood and Vigor of Body, follow at once. It is particularly efficacious in cases of Nausea Vomiting, Cramps, Soreness of the pit of the Stomach, distress after eating, low color of the Blood, Heaviness, Lowness of Spirits, Dependancy, Emaciation, Weakness, tendency to Insanity, Suicide, &c.

GREAT COUGH REMEDY!
VAYER'S
CHERRY PECTORAL!

For the Cure of
**COUGHS, COLDS,
HOARSENESS, BRONCHITIS, ASTHMA,
WHEEZING, COUGH
AND CONSUMPTION.**

In offering to the community this truly celebrated remedy for diseases of the throat and lungs, it is not our wish to trifle with the lives of health of the afflicted, but frankly to lay before them the opinions of distinguished men & women of the evidence of its success, from which they can judge for themselves. We sincerely pledge ourselves to make no wild assertions or false statements of its efficacy, nor will we hold out any hope to suffering humanity which we will not warrant.

Many proofs are here given, and we solicit inquiry from the public into all we publish, feeling assured they will find them perfectly reliable, and the medicine worthy their best confidence and patronage.

PHILEAS CLEVELAND, of Bowdoin College, Maine,
Writes—"I have witnessed the effects of your 'CHERRY PECTORAL' in my own family and that of my friends, and it gives me satisfaction to see in its favor that no medicine I have ever known has proved so eminently successful in curing diseases of the throat and lungs."

REV. DR. OSGOOD
Writes—"That he considers 'Cherry Pectoral' the best medicine for Pulmonary Affections ever given to the public, and that he has used it after being obliged to keep the room four months with a severe settled cough accompanied by raising of blood, night sweats, and the attendant symptoms of Consumption, and completed the use of the 'Cherry Pectoral,' and had completely recovered."

EX-CHANCELLOR KING,
of New York, says, "I have been a great sufferer with Bronchitis, and but for the use of the 'CHERRY PECTORAL' might have continued to be so for many years to come, but that has cured me, and I am happy to bear testimony to its efficacy."

From such testimony we ask the public to judge for themselves.

HEAR THE PATIENT.
Dr. Ayer—Dear Sir: For two years I was afflicted with a very severe cough, accompanied by spitting of blood and profuse night sweats. My advice of my attending physician I was induced to use your 'Cherry Pectoral,' and continued to do so till I was completely cured, and ascribe the effect to your preparation,
JAMES RANDALL,
Hamden, Conn., Springfield, Nov. 27, 1848.

This day appeared the above named James Randall, and pronounced the above statement true in every respect.
Lorenzo Norton, Justice.

THE REMEDY THAT CURES.
PORTLAND, Me. Jan. 10, 1847.
Dr. Ayer: I have been long afflicted with Asthma which grew yearly worse until last autumn, it brought on a cough which confined me in my chamber, and began to assume the alarming symptoms of Consumption. I had tried the best advice and the best medicine to no purpose, until I used your 'Cherry Pectoral,' which has cured me, and you may well believe me, Gratefully yours,
J. D. BELLEPS.

If there is any value in the judgment of the wise, who speak from experience, here is a medicine worthy of the public confidence.

To the Sick and Afflicted.
CERTIFICATES and Testimonials sufficient to fill every column of this paper, can be produced, setting forth the wonderful virtues of Dr. SWAYNE'S CELEBRATED FAMILY MEDICINE.

Dr. Swayne's Compound Syrup of Wild Cherry.

ANOTHER HOME CERTIFICATE.
Great Cure of Edward Hanson, Esq., at Mr. Pettis' Factory, corner of 9th and Wallace Streets, Spring Garden.

More substantial evidence of the wonderful curative properties of
Dr. Swayne's Compound Syrup of Wild Cherry.

PHILADELPHIA, April 15, 1850.
Dr. Swayne—Dear Sir—Being severely afflicted with a violent cold and cough, which settled upon my lungs attended with great debility, weakness in my side, that I could scarcely breathe, spitting of blood, no appetite, could get rest at night, owing to the severity of my cough, would spit as much as a pint of blood at a time. This mournful state of things continued until I almost despaired of being cured, having tried physicians and numerous things without relief; but having heard of the great virtues of your Compound Syrup of Wild Cherry, and its being approved of by physicians of the first eminence, I concluded to try a trial of it, and am happy to state that three bottles performed a perfect cure; my sleep is now undisturbed and sweet, and I firmly believe that to your medicine I am indebted for this great cure.

I shall be glad to communicate with any person on the subject who may be pleased to call on me, and corroborate what I have said in the above certificate, at the factory or my residence.

Yours, most respectfully,
EDWARD HANSON.

The above certificate is from a man well known by a large portion of our citizens. Those who doubt the truth of it, are invited to call and satisfy themselves that it is authentic, disinterested and living witness to the great virtues of Dr. Swayne's Compound Syrup of Wild Cherry.

SWAYNE'S VERMIFUGE.
"A safe and effectually remedy for Worms, Dyspepsia, Cholera, Scurvy, Sickness or Dyspeptic Children or Adults, and the most useful Family Medicine ever offered to the public."

This Remedy is one which has proved successful for a long time and it is universally acknowledged by all who have tried it to be far superior (being so very pleasant to the taste) to any other medicine in its class for which it is recommended. It not only destroys but invigorates the whole system.

BWARE OF MISTAKES! Remember, Dr. Swayne's Vermifuge is now put up in a square bottle. See that the name is spelled correctly—SWAYNE.

GREAT PURIFIER OF THE BLOOD.
Dr. Swayne's Sugar Coated Sarsaparilla and Pils Act as a gentle purgative, producing a healthy state of the Liver, and Bowels acting as an Alternative, changing that state of costiveness, which is so very common to some individuals, and for the irregularities incident to females they are very valuable.

Dr. Hoofland's CELEBRATED BITTERS.
The Editor says, Dec. 23—
"Dr. Hoofland's Celebrated German Bitters for the cure of Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, is deservedly one of the most popular medicines of the day. These Bitters have been used by thousands, and a friend of our elbow says he has himself received an effectual and permanent cure of Liver Complaint from the use of this remedy. We are convinced that, in the use of these Bitters, the patient constantly gains strength and vigor—a fact worthy of great consideration. They are pleasant in taste and smell, and can be used by persons with the most delicate stomachs with safety, under any circumstances. We are speaking from experience and to the afflicted we can assure their use."

Judge M. M. Nosh, a gentleman with great scientific and literary attainments, said in his "New York Weekly Messenger," January 6, 1850.

"Dr. Hoofland's German Bitters—Here is a preparation which the leading presses in Europe have been called to be commending, and the reason is obvious. It is made after a prescription furnished by one of the most celebrated physicians of modern times, the late Dr. Christopher Wilhelm Hoofland, Professor to the University of Bonn, Prussia. The Bitters are prepared by himself and one of the greatest medical writers Germany has ever produced. He was emphatically the enemy of humbug, and the forefather of medicine which he was the inventor and endorser may be confidently relied on. He specially recommended it in cases of Chronic Liver Debility, Dyspepsia, Acidity of the Stomach, Constipation, and all complaints arising from a disordered condition of the stomach; the liver and the intestines. Nine Philadelphia papers express their conviction of its excellence, and several of the editors speak of its effects from their own individual experience. Under these circumstances, we feel warranted, not only in calling the attention of our readers to the present proprietor's (Dr. C. M. Jackson's) preparation, but in recommending the article to all afflicted."

MORE EVIDENCE.
The "Philadelphia Saturday Gazette," the best family newspaper published in the United States, the editor says of
DR. HOOFLAND'S GERMAN BITTERS.
"It is seldom that we recommend what we termed Patent Medicines to the confidence and patronage of our readers; and, therefore, when we recommend Dr. Hoofland's German Bitters, we wish it to be distinctly understood that we are not speaking of them as a mere nostrum, but as an article about for a brief period and then forgotten after they have done their guilty race of mischief, but of a medicine long established, universally praised, and which has met the hearty approval of the Faculty itself."

Evidence upon evidence has been received (like the foregoing) from all sections of the Union, the last three years, and the strongest testimony in its favor, is that there is more of it used in the practice of the regular Physicians of Philadelphia than all other nostrums combined, a fact that can easily be established, and fully proving that a scientific preparation will meet with their quiet approval presented even in this form.

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt, affirm at the lowest price, and use specifically upon the stomach and liver—it is preferable to calomel in all bilious diseases—the effect is immediate. They can be administered to the young of infancy with safety and reliable benefit, at any time.

BWARE OF COUNTERFEITS.
This medicine has attained that high character which is necessary for all medicines to obtain to induce counterfeits to put forth a spurious article at the real of the lives of those who are innocently deceived.

LOOK WELL TO THE MARKS OF THE GENUINE.
They have the written signature of C. M. JACKSON upon the wrapper, and the name blown in the bottle, without which they are spurious.

DR. HOOFLAND'S CELEBRATED BITTERS.
PREPARED BY
DR. C. M. JACKSON,
AT THE
GERMAN MEDICINE STORE,
No. 120 Arch Street, Philadelphia.

Their power over the above diseases is not excelled, if equalled, by any other preparation in the United States, and the cure effected, in many cases after skillful physicians had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and Biliary system, exercising the most searching powers in weakness and affections of the digestive organs, they are, vital, safe, certain and pleasant.

Read and be Convinced.
The Hon. Charles D. Hineley, Editor of the "Camden Democrat," the best paper in West Jersey, writes: "I have many flattering notices of this medicine, and the source from which they came, induced us to make inquiry respecting its merits. From inquiry we were persuaded to use it, and must say we found it specific in its action upon diseases of the liver and digestive organs, and the powerful influence it exerts upon nervous prostration is really surprising. It calms and strengthens the nerves, bringing them into a state of repose, making sleep refreshing."

[From the "Boston Bee."]
The editor said, Dec. 23—
"Dr. Hoofland's Celebrated German Bitters for the cure of Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, is deservedly one of the most popular medicines of the day. These Bitters have been used by thousands, and a friend of our elbow says he has himself received an effectual and permanent cure of Liver Complaint from the use of this remedy. We are convinced that, in the use of these Bitters, the patient constantly gains strength and vigor—a fact worthy of great consideration. They are pleasant in taste and smell, and can be used by persons with the most delicate stomachs with safety, under any circumstances. We are speaking from experience and to the afflicted we can assure their use."

Judge M. M. Nosh, a gentleman with great scientific and literary attainments, said in his "New York Weekly Messenger," January 6, 1850.

"Dr. Hoofland's German Bitters—Here is a preparation which the leading presses in Europe have been called to be commending, and the reason is obvious. It is made after a prescription furnished by one of the most celebrated physicians of modern times, the late Dr. Christopher Wilhelm Hoofland, Professor to the University of Bonn, Prussia. The Bitters are prepared by himself and one of the greatest medical writers Germany has ever produced. He was emphatically the enemy of humbug, and the forefather of medicine which he was the inventor and endorser may be confidently relied on. He specially recommended it in cases of Chronic Liver Debility, Dyspepsia, Acidity of the Stomach, Constipation, and all complaints arising from a disordered condition of the stomach; the liver and the intestines. Nine Philadelphia papers express their conviction of its excellence, and several of the editors speak of its effects from their own individual experience. Under these circumstances, we feel warranted, not only in calling the attention of our readers to the present proprietor's (Dr. C. M. Jackson's) preparation, but in recommending the article to all afflicted."

MORE EVIDENCE.
The "Philadelphia Saturday Gazette," the best family newspaper published in the United States, the editor says of

At least one thousand cases in the neighborhood of Philadelphia, have been cured since the first of Sept. last. In Dyspepsia, Rheumatism, Liver Complaint, Scrofula, for Worms, and all other diseases of children, they are unequalled by anything ever prepared for the purpose, while for the various diseases of Females there is no medicine can compare with them. There is more of them sold—they are in greater demand than any other pill—and when once introduced in a family they need no other medicine. Each box containing Fifty Pills, renders them the cheapest, while they are decidedly the best, as well as the mildest in action, of any now in the market.

The Editor of the "City Item," thus speaks of them:
"I have been suffering from fever and ague, and you have never tried Worswell's Vegetable Restorative Pills. Shake no more. There is still hope for you—you may yet be cured! Go, or send at once to A. Weeks & Co., No. 70 North Eighth street, and procure a box of these unrivaled pills, which are a sovereign antidote for this distressing complaint."
Col. Forney of the Pennsylvania, says:
"WORSWELL'S PILLS—This excellent family medicine is daily winning new triumphs over disease, and consequently in the high road to public favor. In the removal of the every day ills that flesh is heir to, we know of no more complete and reliable remedy than that of a desperate case of scrofulous eruptions of the head and face being entirely cured by them."
Du Solle of the "Times," says:
"The great popularity of Worswell's Vegetable Pills, is attributed to the just merit which they really possess. They have been quietly gaining the fame they now have, by the force of their own virtues. The means usually employed to give eclat to new remedies have not been adopted by the proprietors. They have been content to let their medicine speak for itself. It is now doing it in every section of the country."
They are for sale by most of the Store Keepers throughout the country, and in quantities at reasonable rates, at the Laboratory No. 70, North Eighth Street.
