

STATE MUTUAL FIRE INSURANCE COMPANY.
HARRISBURG, PA.
Guarantee Capital over \$100,000
Surplus Cash \$25,000
This Company has been doing business about ten months and has accumulated an earned capital of over \$125,000 above all losses and expenses with a surplus of over \$25,000 on hand.
The premiums are as low as any good and responsible company.
The directors confine themselves to the safe class of property, and no risk to exceed \$2500 in one locality, (with a few exceptions.) The profits are wholly divided to the members, which offers (owners of safe property) inducements over most companies in the State.

ANOTHER SCIENTIFIC WONDER!
PEPSIN!
THE TRUE DIGESTIVE FLUID,
OR
GASTRIC JUICE.
A Great Dyspepsia curer, Prepared from RENNET, or the fourth Stomach of the Ox, after direction of Baron Liebig, the great Physiological Chemist, by J. S. Houghton, M.D., No. 11, North Eighth Street, Philadelphia, Pa.
This is a truly wonderful remedy for Indigestion, Dyspepsia, Jaundice, Liver Complaint, Biliousness, Gravel, &c. Curing after Nature's own method, by Nature's own agent, the Gastric Juice.
Half a spoonful of this Fluid, infused in water, will digest or dissolve, Five Pounds of Root Beef in about two hours, out of the stomach.
DIGESTION.
Digestion is chiefly performed in the stomach by the aid of a fluid which freely exudes from the inner coat of that organ, when in a state of health, called the Gastric Juice. This fluid is the Great solvent of the Food, the Purifying, Preserving, and Stimulating Agent of the stomach and intestines. Without it there will be no digestion, no conversion of food into blood, and no nourishment to the system. It is the chief element of great Digesting Principle of the Food, the Purifying, Preserving, and Stimulating Agent of the stomach and intestines. Without it there will be no digestion, no conversion of food into blood, and no nourishment to the system. It is the chief element of great Digesting Principle of the Food, the Purifying, Preserving, and Stimulating Agent of the stomach and intestines. Without it there will be no digestion, no conversion of food into blood, and no nourishment to the system. It is the chief element of great Digesting Principle of the Food, the Purifying, Preserving, and Stimulating Agent of the stomach and intestines.

SCIENTIFIC EVIDENCE!
Baron Liebig, in his celebrated work on animal Chemistry, says: "An Artificial Digestive Fluid analogous to that of the stomach, may be readily prepared from the mucous membrane of the stomach of the Calf, which various articles of food, as meat and eggs, will be softened, changed, and digested, just in the same manner as they would be in the human stomach."
Dr. Simpson, in his famous treatise on "Food and Diet," published by Fowlers & Wells, New York, page 35, states the same great fact, and describes the method of preparation. There are few higher authorities than Dr. Ferguson, in his valuable writings on the "Physiology of Digestion," observe that "a diminution of the due quantity of the Gastric Juice is a prominent and all-pervading cause of Dyspepsia," and he states, in London, who was severely afflicted with this complaint, finding every thing else to fail, had recourse to the Gastric Juice, obtained from the stomach of living animals which proved completely successful."
Dr. Graham, author of the famous work on "Vegetable Diet," says: "It is remarkable in physiology, that the stomachs of animals, macerated in water, impart to the fluid the property of dissolving various articles of food, and of effecting a kind of artificial digestion of them in no wise different from the natural digestive process."
Dr. Simpson's great work, the "Chemistry of Man," (Lea & Blanchard, Phila., 1846, pp. 321-2): "The discovery of PEPsin forms a new era in the chemical history of Digestion. From recent experiments we know that food is dissolved as rapidly in an artificial digestive fluid, prepared from Pepsin, as it is in the natural Gastric Juice itself."
Professor Dunglison of the Jefferson College, Philadelphia, in his great work on Human Physiology, devotes more than fifty pages to an account of this subject. His experiments with Dr. Beaumont, on the Gastric Juice, obtained from the living human stomach and from animals are well known. "In all cases," he says, "digestion occurred as perfectly in the artificial as the natural conditions."
As a DYSPEPSIA CURER, Dr. Houghton's preparation of Pepsin has produced the most marvellous effects, curing cases of Debility, Emaciation, Nervous Decline, and dispeptic Consumption, supposed to be on the verge of a fatal issue. It is impossible to give the details of cases in the limit of this advertisement—but authentic certificates have been of more than two hundred Remarkable Cures, in Philadelphia, New York, and Boston alone. These were nearly all desperate cases, and the cures were not only rapid and wonderful, but permanent.
It is a great Nervous Antidote, and particularly useful for tendency to bilious disorder, of Quinine, Fever and Ague, or bad treatment of the system, and the effects of Liqueur, Mercury, and other drug upon the Digestive organs, after a long sickness. Also, for excess in eating, and the too free use of ardent spirits. It almost reconciles Health with Intemperance.
One Symplicial Compound—There is no form of Stomach Complaints which it does not seem to reach and remove at once. No matter how bad they may be, it gives Instant Relief! A single dose removes all the unpleasant symptoms, and it only needs to be repeated, for a short time, to make the cure good and permanent. Purify Blood and Vigor of Body, follow at once. It is particularly excellent in cases of Nausea Vomiting, Cramps, Soreness of the pit of the Stomach, distress after eating, low, cold state of the Blood, Headaches, Losses of Spirit, Soporificity, Emaciation, Weakness, tendency to Insanity, Suicide, &c.
Price, ONE DOLLAR per bottle. One bottle will often effect a lasting cure.
PEPSIN IN POWDERS.
For convenience of sending to all parts of the country, the Digestive Matter of the Pepsin is put up in the form of Powders, with a little Sugar, in a neat paper or syrup, by the patient. These powders contain the same matter as the bottles, but twice the quantity for the same price, and will be sent by mail, Free of Postage, for One Dollar sent (post-paid) to Dr. J. S. Houghton, No. 11 North Eighth Street, Philadelphia, Pa.
Six packages for five dollars. Every package and bottle bears the written signature of J. S. HOUGHTON, M.D., Sole Proprietor.
Sold by agents in every town in the United States, and by respectable dealers in Medicines generally.

VAYER'S
CHERRY PECTORAL:
For the Cure of
**COUGHS, COLDS,
HOARSENESS, BRON-
CHITIS, CROUP, ASTH-
MA, WHOOPING-COUGH
AND CONSUMPTION.**

In offering to the community this truly celebrated remedy for diseases of the throat and lungs, it is not our wish to trifle with the lives or health of the afflicted, but frankly to lay before them the opinions of distinguished men and some of the evidence of its success, to which they can judge for themselves. We sincerely pledge ourselves to make no wild assertions or false statements of its efficacy, nor will we hold out any hope to suffering humanity which we do not intend to warrant.
Many proofs are here given, and we solicit an inquiry from the public into all we publish, feeling assured they will find them perfectly reliable, and the medicine worthy their best confidence and patronage.
PROF. CLEVELAND, of Bowdoin College, Maine, Writes—"I have witnessed the effects of your 'CHERRY PECTORAL' in my own family and in those of my friends, and I am satisfied to state in its favor that no medicine I have ever known has proved so eminently successful in curing diseases of the throat and lungs."
REV. DR. OSGOOD Writes—"That he considers Cherry Pectoral the best medicine for Pulmonary Affections, ever given to the public," and states that "his daughter after being obliged to keep the room four months with a severe settled cough accompanied by raising of blood, night sweats, and the attendant symptoms of Consumption, commenced the use of the 'Cherry Pectoral,' and had completely recovered."
EX-CHANCELLOR KING, of New York says, "I have been a great sufferer with Bronchitis, and but for the use of the 'Cherry Pectoral' might have continued to be so for many years to come, but that has cured me and I am happy to bear testimony to its efficacy."
From such testimony we ask the public to judge for themselves.

HEAR THE PATIENT,
Dr. Ayer—Dear Sir, For two years I was afflicted with a very severe cough, accompanied by spitting of blood and profuse night sweats. The advice of my attending physician I was induced to use your Cherry Pectoral, and continue to do so till I considered myself cured, and ascribe the effect to your preparation,
JAMES RANDALL,
Hemden St., Springfield, Nov. 27, 1848.
This day I am again afflicted with Asthma which grew yearly worse until last autumn, it brought on a cough which confined me in my chamber; and began to assume the alarming character of the best medicine I used, and until I used your Cherry Pectoral, which cured me, and you may well believe me, Graciously yours,
J. D. PHELPS,
If there is any value in the judgment of the wise, who speak from experience, here is a medicine which will cure you of your Asthma.
Prepared by J. C. Ayer, Lowell, Mass., Sold by E. P. LUTZ, Bloomsburg, Jan. 10, 1851-4m.

Price Reduced!
VAUGHN'S
LITHONTRIPIC MIXTURE!
Large Bottles—Only One Dollar.
The Proprietor of the Great American Remedy, "VAUGHN'S VEGETABLE LITHONTRIPIC MIXTURE," induced by the urgent solicitations of his Agents, throughout the United States and Canada, has now
Reduced the Price
of his popular and well known article, and from this date, hereafter, he will put up but one size only, viz. his large bottles—the retail price will be
ONE DOLLAR.
This public sale increases the character of the Medicine, its strength, and curative properties will remain unchanged, and the same care will be bestowed in preparing it as heretofore.
As this medicine, under its reduced price, will be purchased by those who have not hitherto made themselves acquainted with its virtues, the proprietor would beg to intimate that this is one of the best and most valuable of all medicines, and that the day "it claims for itself a vast and healing power, in all diseases, than any other preparation now before the world," and has sustained itself for eight years by its superior medical virtues, and, until this reduction, commanded double the price of any other article of the kind.
Notice Particulars.—This article acts with great heat, power and certainty, upon the
Blood, Liver, Kidney, Lungs
and all other organs, upon the proper section of which life and health depend.
This medicine has a justly high reputation as a remedy for
Dropsy and Gravel,
and all diseases of that nature. It may be relied upon when the medicine physician has exhausted his patient, and for those distressing diseases, more especially Dropsy, the present is the best time to obtain it, and the trial will prove the article to be
Cheapest Medicine in the World!
It contains over sixteen pages of receipts, (in addition to full directions for its use,) and will save many dollars per year to practical housekeepers.
These receipts are introduced to make the book of great value to the patient, and to the physician, and to the public, the testimony in favor of which, in the form of letters from all parts of the country, may be relied upon.
"Vaughn's Vegetable Lithontriptic Mixture," is the Great American Remedy, now for sale in retail bottles at \$1 each, small bottles at 50 cts. each. No small bottles will be issued after the 1st of July, 1851.

Dr. Cullen's
PANACEA.
The afflicted are invited to call and see Mr. Isaac Brooks, Jr., at the corner of Third and Wilcox streets, and Miss Christina Sands, Beach street below Spruce street, in the Schuyler kill. These two persons have been snatched from the jaws of the destroyer, through the use of Dr. Cullen's Panacea, and are now recovered to the enjoyment of health.
DR. CULLEN'S INDIAN VEGETABLE PANACEA.
Dr. Cullen's Panacea is the only certain cure for Scrofula or King's Evil, Tetter, Erysipelas, Cancers and Ulcers, Mercurial Diseases, and all other affections, cutaneous or otherwise, arising from impurities of the blood.
The extraordinary cure of Mr. Brooks, people who visit him, hold up their hands in astonishment, that any medicine could have arrested the progress of his disease, and he commends Dr. Cullen's Indian Vegetable Panacea to every one who hears of him as need of a purifying medicine.
So with Christina Sands—her cure of Scrofula, and the removal of her extraordinary tumor, Mr. Brooks, when he reflects that the disease her tea or coffee would frequently pass out of her ears, when attempting to drink, [See her certificate.]
The people are beginning to understand, too late, the various Symplicia Sarsaparilla are little better than molasses, and that it is madness to throw away money on articles which, under the most favorable circumstances, do not produce any impression on the system until several gallons have been swallowed. One bottle of Dr. Cullen's Panacea, contains a quantity of medicine, sufficient to cure a patient of the disease, and is a conviction in the minds of patients that a radical cure is certain.
Thus, [so necessary, an ally to medicine,] springs up at the outset, and the patient is cured before any other preparation could have made the slightest impression on the disease.
In fact, the twelve ounce bottles of Dr. Cullen's Panacea, compared with the pint and quart bottles of other purifiers, are valuable about in the proportion of gold to copper. Those who would prefer to cure their disease, on an account of its size, would make a poor selection, to say the least.
Sarsaparilla a good purifier! Dr. Cullen's Panacea contains its extract in its most concentrated form. It is not only a good purifier, more active and powerful, and of more effect in combination with the Sarsaparilla, what the latter article, or combined with the most powerful purifiers, cannot accomplish.
It has cured where everything else had failed and this in a multitude of cases—not in Europe or in the United States, but in many great cures have been performed, but in Philadelphia and other parts of the union. And it is distinctly understood that we do not obtain our extracts by "boiling 400 gallons down to one," it being known that the process of boiling, and filtering, destroy the essential virtues of medicinal plants and roots.

Dr. Cullen's
PANACEA.
The afflicted are invited to call and see Mr. Isaac Brooks, Jr., at the corner of Third and Wilcox streets, and Miss Christina Sands, Beach street below Spruce street, in the Schuyler kill. These two persons have been snatched from the jaws of the destroyer, through the use of Dr. Cullen's Panacea, and are now recovered to the enjoyment of health.
DR. CULLEN'S INDIAN VEGETABLE PANACEA.
Dr. Cullen's Panacea is the only certain cure for Scrofula or King's Evil, Tetter, Erysipelas, Cancers and Ulcers, Mercurial Diseases, and all other affections, cutaneous or otherwise, arising from impurities of the blood.
The extraordinary cure of Mr. Brooks, people who visit him, hold up their hands in astonishment, that any medicine could have arrested the progress of his disease, and he commends Dr. Cullen's Indian Vegetable Panacea to every one who hears of him as need of a purifying medicine.
So with Christina Sands—her cure of Scrofula, and the removal of her extraordinary tumor, Mr. Brooks, when he reflects that the disease her tea or coffee would frequently pass out of her ears, when attempting to drink, [See her certificate.]
The people are beginning to understand, too late, the various Symplicia Sarsaparilla are little better than molasses, and that it is madness to throw away money on articles which, under the most favorable circumstances, do not produce any impression on the system until several gallons have been swallowed. One bottle of Dr. Cullen's Panacea, contains a quantity of medicine, sufficient to cure a patient of the disease, and is a conviction in the minds of patients that a radical cure is certain.
