ANOTHER SCIENTIFIC WONDER!

PEPSIN!

THE TRUE DIGESTIVE FLUID,

OR GASTRIC JUICE.

A Great Dyspepsia Curer, Prepared from RENNET, or the fourth Stomach of the Ox, after directions of Baron Liebig, the great Physiological Chemist, by J. S. Houghton, M. D., No. 11, North Eighth Street, Philadelphia, Pa.

This is a truly wonderful remedy for Indigestion, Dyspepsia, Jaundice, Liver Complaint, Constipation, and Debility, curing after Nature's own method, by Nature's own agent, the Gastric Juice.

Half a spoonful of this Fluid, infused in water, will digest or dissolve, Five Pounds of Beef in about two hours, out of the stomach.

DIGESTION.

Digestion is chiefly performed in the stomach by the aid of a fluid which freely exudes from the inner coat of that organ, when in a state of health, called the Gastric Juice. This fluid is the Great solvent of the Food, the Purifying, Preserving, and Stimulating Agent of the stomach and intestines. Without it there will be no digestion, no nutrition of food into blood, and no nutrition of the body; but rather a foul, torpid, painful, and destructive condition of the whole digestive apparatus. A weak, half dead, or injured stomach produces no good Gastric Juice, and hence the disease, distress and debility which ensue.

PEPSIN and RENNET—Pepsin is the chief element, or great Digesting Principle of the Gastric Juice. It is found in great abundance in the solid parts of the human stomach. It is also found in the stomachs of animals, as the ox, calf, &c. It is the material used by farmers in making cheese, called Rennet, the effect of which has long been known to be the destruction of the curdling of milk is the first process of digestion. Rennet possesses astonishing power. The stomach of a calf will curdle nearly one thousand times its own weight of milk. It is very digestant than any other part of Pepsin, and will digest meat and other food. Diseased stomachs produce no good Gastric Juice, and hence the disease, distress and debility which ensue. To show that this want may be perfectly supplied, we quote the following

SCIENTIFIC EVIDENCE!

Baron Liebig, in his celebrated work on animal Chemistry, says: "An Artificial Digestive Fluid analogous to the Gastric Juice, may be readily prepared from the mucous membrane of the stomach of the Calf, which various articles of food, as meat, and eggs, will be softened and dissolved, and will digest in the same manner as they would be in the human stomach."

Dr. Pereira, in his famous treatise on "Food and Diet," published by Fowler & Wells, New York, page 35 states the same fact, and describes the method of preparation. There are few higher authorities than Dr. Pereira.

Dr. Combe, in his valuable writings on the "Physiology of Digestion," observes that "a diminution of the due quantity of the Gastric Juice is a prominent and all-pervading cause of Dyspepsia;" and he states, that "a distinguished professor of medicine in London, who was severely afflicted with this complaint finding every thing else to fail, had recourse to the Gastric Juice, obtained from the stomach of a calf, which proved completely successful."

Dr. Graham, author of the famous work on "Vegetable Diet," says: "it is a remarkable fact in physiology, that the stomachs of animals, macerated in water, impart to the fluid the property of dissolving various articles of food, and of effecting a kind of artificial digestion of them in no wise different from the natural digestive process."

Dr. Simon's great work, the "Chemistry of Man," (Lea & Blanchard, Philadelphia, 1845.) "The discovery of Pepsin is one of the most important discoveries of modern times. From recent experiments we know that food is dissolved as rapidly in an artificial digestive fluid, prepared from Pepsin, as it is in the natural Gastric Juice itself."

Professor Duglison of the Jefferson College, Philadelphia, in his great work on Human Physiology, devotes more than fifty pages to the dissection of this subject. His experiments with Dr. Beaumont, on the Gastric Juice, obtained from the living human stomach and from animals are well known. "In all cases," he says, "digestion occurred as perfectly in the artificial as the natural digestions."

As a DYSPEPSIA CURER, Dr. Houghton's preparation of Pepsin has produced the most marvellous effects, curing cases of Debility, Emaciation, Nervousness, and Dispeptic Consumption, supposed to be on the very verge of the grave. It is impossible to give the details of cases in the limit of this advertisement—but authentic certificates have been of more than two hundred Remedial Cures, in Philadelphia, New York, and Boston alone. These were nearly all desperate cases, and the cures were not only rapid and wonderful, but permanent.

It is a Great Nervous Antidote, and particularly useful for tendency to bilious disorder, Liver Complaint, Fever and Ague, or badly treated Fever and Ague, and the evil effects of Quinine, Mercury, and other drugs upon the Digestive organs, after a long sickness. Also, for excess in eating, and the too free use of ardent spirits. It almost renews the natural Health with Interference.

Old Stomach Complaints.—There is no form of Old Stomach Complaints which it does not seem to reach and remove at once. No matter how bad they may be, it gives Instant Relief! A single dose removes all the unpleasant symptoms, and it only needs to be repeated, for a short time, to make these good effects permanent. Purify of Blood and Vigor of Body, follow at once. It is particularly excellent in cases of Nausea, Vomiting, Cramps, Soreness of the pit of the Stomach, distress after eating, low, cold state of the Blood, Heaviness, Loss of Spirit, Despondency, Emaciation, Weakness, tendency to Insanity, Suicide, &c.

Price, ONE DOLLAR per bottle. One bottle will often effect a lasting cure.

PEPSIN IN POWDERS.

Sent by Mail Free of Postage.

For convenience of sending to all parts of the country, the Digestive Matter of the Pepsin is put up in the form of Powders, with directions to be dissolved in water or syrup, by the patient. These powders contain the same matter as the bottles, but twice the quantity for the same price, and will be sent by mail, Free of Postage, for One Dollar sent (post-paid) to Dr. J. S. Houghton, No. 11 North Eighth Street, Philadelphia, Pa.

Six packages for five dollars. Every package and bottle bears the written signature of J. S. HOUGHTON, M. D., Sole Proprietor.

Sold by agents in every town in the United States, and by respectable dealers in Medicines generally.

VAYER'S

CHERRY PECTORAL.

For the Cure of COUGES, COLDS, HOARSENESS, BRONCHITIS, CROUP, ASTHMA, WHOOPING-COUGH AND CONSUMPTION.

In offering to the community this justly celebrated remedy for diseases of the throat and lungs, it is not our wish to trifle with the lives or health of the afflicted, but frankly to lay before them the opinions of distinguished men, & some of the evidences of its success, from which they can judge for themselves. We sincerely pledge ourselves to make no wild assertions or false statements of its efficacy, nor will we hold out any hope of suffering humanity which has not been fully warranted.

Many proofs are here given, and we solicit an inquiry from the public into all we publish, feeling assured they will find them perfectly reliable, and the medicine worthy their best confidence and patronage.

PROF. CLEVELAND, of Bowdoin College, Maine, writes:—

"I have witnessed the effects of your 'CHERRY PECTORAL' in my own family and that of my friends, and it gives me satisfaction to state in its favor that no medicine I have ever known has proved so eminently successful in curing diseases of the throat and lungs."

REV. DR. OSGOOD writes:—"That he considers 'Cherry Pectoral' the best medicine for Pulmonary Affections ever given to the public, and states that 'his daughter after being obliged to keep her room four months with a severe settled cough accompanied by raising of blood, night sweats, and the attendant symptoms of Consumption, commenced the use of the 'Cherry Pectoral,' and had completely recovered."

CHANCELLOR KING, (New York says, "I have been a great sufferer with Bronchitis, and but for the use of the 'CHERRY PECTORAL' might have continued to be so for many years to come, but that has cured me and I am happy to bear testimony to its efficacy."

HEAR THE PATIENT, Dr. Ayer—Dear Sir: For two years I was afflicted with a very severe cough, accompanied by a spitting of blood, and night sweats, & the advice of my attending physician I was induced to use your 'Cherry Pectoral,' and continue to do so till I considered myself cured, and ascribe the effect to your preparation.

JAMES RANDALL, Hamden, Ct., Springfield, Nov. 27, 1849.

This day appeared the above named James Randall, and pronounced the above statement true in every respect.

DR. ORRINO NORTON, Justice, Portland, Me., Jan. 10, 1847.

Dr. Ayer: I have long been afflicted with Asthma which grew yearly worse till last autumn, it brought on a cough which continued in my chamber, and began to assume the alarming symptoms of consumption, I had tried the best advice and the best medicine to no purpose, until I used your 'Cherry Pectoral,' which has cured me, and you may well believe me, Grate, with some other testimonies, that I feel bound to give if there is any value in the judgment of a physician, who speaks from experience, here is a medicine worthy of the public confidence.

Prepared by J. C. Ayer, Lowell, Mass., Sold by E. P. Lutz, Bloomsburg, PA. WILSON, Berwick Jan. 16, 1851.—Am.
