G. III wan moles ESSENCE OF COFFEE.

A BOUT two years ago a new discovery was made in Europe, consisting of a substitute for the ordinary store coffee, called Essence of Coffee, which has gone mto general use with astonishing rapidity, not only among the poorer classes, who at once dispensed with the use of the celebrated Chickory Coffee, but is now in general use in the wealthiest families and the first hotels, and is highly recommended by the medical faculty.

weathiest families and the first hotels, and is highly recommended by the medical facility.

It is extracted from pure, wholesome vegetables, and excels all similar preparations that have ever been offered to the public, either in this country or in Europe. Its superior quality has already been attested to in the cities by some of the most eminent physicians, and a number of the most eminent physicians, and a number of the most distinguished of the cleray and other highly respectable citizens. Coffee made from this essence according to the prescription obtains a more delicious and pleasant favor than the common store coffee, and is certainly more wholesome, especially for persons in delicate health, which will be admitted by every physician who will take the pains to test the nature and properties of this essence.

One paper costing only 12½ ots., is equal to four pounds of store coffee, will be bright and clear without the application of any other ingredient to clarify or settle it. The public are therefore invited to give this essence at least a trial before they condemn it.

A respectable merchant of Luzerne county in writing of it says:

"My customers have been using of the above Essence for some months past with general satisfaction; and I do not hesitate to recommend it to the public.

Toys and Jewelry, So that every kind of teste our he gratified by a selection of semething from his stock. Bloomsburg, April 15th, 1861.

The offlicted are invited to call and see Mi Issac Brooks, Jr., at the corner of Third and Wiscowstreete, and Miss Officialian Sands, Begach street below Spruce street, on the Schuyl kill. These two persons have been shatched from the very jaws of the destroyer, through the agency of that most potent of all medicines, DR. CULLEN'S INDIAN VEGETABLE PANACEA.

DR. CULLEN'S INDIAN VEGETABLE.
PANACEA.

Dr Gellen's Panaces is the only cartain cure
for Scrofola or King's Evil, Tetter, Erysipelas,
Old Sores and Ulcers, Metcurial Diseases, and all
other affestions, cutaneous or otherwise, arising
from impurities of the blood.

In the extraordinary cure of Mr. Brooks, people who visat him, hold up their hands in astonishment, that ANY modicine could have arrested sis disease—then go away resolved to recommend Dr Cullen's Indian Vegetable Panacea to every one they hear of who has need of a
purifying medicine.

So with Christians Sands—her cure of Scrofulous sore throat was quite as extraordinary as
Mr. Brooks', when we reflect that from the discase her tea or coffee would frequently pass out
of her carris, when attempting to drink, [See
her certificates].

ease het tea or coffee would frequently pass out of her ears, when attempting to drink, [See her certificate-]

The people are beginning to understand, too that the various Syrups of Sarraparilla are little better than molasses, and that it is madness to throw away money on articles which, under the most favorable circumstances, do not produce any impression on the system until several galons have been swallowed. One bottle of Dr. Cullen's Panacea seldom fails to produce conviction in the minds of patients that a radical cure is secretain.

Thus hope, to necessary, an ally to medicine-lyprings up at the outset, and the patient is cured before any other preparation could have made the slightest impression upon the disease!

In fact, the twelve ounce bottles of Dr. Cullen's Panacea, compared with the pint and quart bottles of other purifiers, are valuable about in the proportion of gold to copper. Those who woule piefer a peany to a half eagle, on account of its size, would make a poor selection to sat the least.

Sarsaparilla a good purifier! Dr. Cullen's Panacea contains its extract in its most concentrated form. Added to this are other extract, more active and powerful, and which effect in combination with the Sarsaparilla, what the latter article, or combined with the most powerfu poisons, cannot alone accomplish.

It has cured where everything else had failed and this in a multitude of cases—not in Europe or in the moon, (where so many great cures have been performed,) but in Philadelphia and other pafts of the union. And be it distinctly understood that we do not obtain our extracts by "boling 400 gallons down to one," it being known to every druggist's apprentice that boiling destroys the essential virtues of medicinal plants and roots.
