

I have thought it proper to refer to these facts, not only to explain the causes of the delay in filling the commission, but to call your attention to the propriety of increasing the compensation of the commissioners. The office is one of great labor and responsibility, and the compensation should be such as to command men of a high order of talents and the most unquestionable integrity.

The proper disposal of the mineral lands of California is a subject surrounded by great difficulties. In my last annual message I recommended the survey and sale of them in small parcels, under such restrictions as would effectually guard against monopoly, and specify a law.

Some difficulties have occurred in organizing the Territorial governments of New Mexico and Utah; and, when more accurate information shall be obtained of the cause, a further communication will be made on that subject.

In my last annual communication to Congress I recommended the establishment of an Agricultural Bureau, and I take this occasion again to invoke your favorable consideration of the subject.

Agriculture may justly be regarded as the great interest of our people. Four-fifths of our active population are employed in the cultivation of the soil, and the rapid expansion of our settlements over new territory is daily adding to the number of those engaged in that vocation.

Justice and sound policy, therefore, alike require that the Government should use the means authorized by the Constitution to promote the interests and welfare of that important class of our fellow citizens.

An Agricultural Bureau, charged with the duty of collecting and disseminating correct information as to the best modes of cultivation, and of the most effective means of preserving and restoring the fertility of the soil, and procuring the most improved seeds, plants and other vegetable productions, with instructions in regard to the soil, climate and treatment best adapted to their growth, could not fail to be, in the language of Washington, in his last annual message to Congress, a "very cheap instrument of immense national benefit."

Regarding the act of Congress approved 28th September, 1850, granting bounty lands to persons who had been engaged in the military service of the country, as a great measure of national policy, and in view of the fact that the desire has been felt, by the officers entrusted with its immediate execution, to give prompt effect to its provisions.

All the means within their control were, therefore, brought into requisition to expedite the adjudication of claims, and to secure the prompt payment of the bounty lands to the claimants.

Among the Mexican claims, and in California and Oregon, there have been occasional manifestations of unfriendly feeling, and some deprivations committed. I am satisfied, however, that they resulted more from the desire to secure the bounty lands, than from any hostility towards the whites.

As the settlements of our citizens progress towards them, the game upon which they mainly rely for subsistence is driven off or destroyed, and the only alternative left to them is starvation or plunder.

It becomes, in view of the condition of things, whether justice and humanity, as well as an enlightened economy, do not require that, instead of seeking to punish them for offences which are the result of our own policy towards them, we should not provide for their immediate wants and encourage them to engage in agriculture, and to rely on their labor, instead of the chase, for the means of support.

Various important treaties have been negotiated with different tribes during the year, by which their title to large and valuable tracts of country has been extinguished, all of which will, at the proper time, be submitted to the Senate for ratification.

The joint commission under the treaty of Guadalupe Hidalgo has been actively engaged in running and marking the boundary line between the United States and Mexico. It was stated, in the last annual report of the Secretary of the Interior, that the initial point on the Pacific and the point of junction of the Gila with the Colorado rivers had been determined, and that the boundary line between the United States and Mexico, in that region, was being surveyed.

Since that time a monument of marble has been erected at the initial point, and permanent landmarks of iron have been placed at suitable distances along the line.

Hummel's ESSENCE OF COFFEE.

ABOUT two years ago a new discovery was made in Europe, consisting of a substitute for the ordinary store coffee, called Essence of Coffee, which has gone into general use with astonishing rapidity, not only among the poorer classes, who at once dispensed with the use of the celebrated Chickory Coffee, but is now in general use in the wealthiest families and in first hotels, and is highly recommended by the medical faculty.

It is extracted from pure, wholesome vegetables, and excels all similar preparations that have ever been offered to the public, either in this country or in Europe. Its superior quality has already been attested to in the cities by some of the most eminent physicians, and a number of the most distinguished of the clergy and other highly respectable citizens. Coffee made from this essence according to the prescription obtains a more delicious and pleasant flavor than the common store coffee, and is certainly more wholesome, especially for persons in delicate health, which will be admitted by every physician who will take the pains to test the nature and properties of this essence.

One paper costing only 12 1/2 cts., is equal to four pounds of store coffee, will be bright and pure, and will not require the addition of any other ingredient to clarify or settle it. The public are therefore invited to give this essence at least a trial before they condemn it. A respectable merchant of Luzerne county in writing of it says:
"I have been using of the above Essence for some months past with general satisfaction; and I do not hesitate to recommend it to the public."

AFFLICTED READERS PHILADELPHIA MEDICAL HOUSE, ESTABLISHED FIFTEEN YEARS AGO, BY DR. KINKELIN.

N. W. Corner of Third and Union sts., between Spruce and Pine streets, PHILADELPHIA.
Fifteen years of extensive and uninterrupted practice spent in this city have rendered Dr. K. the most expert and successful practitioner far and near, in the treatment of all diseases of a private nature. Persons afflicted with ulcers on the body, or on the legs, pains in the head or bones, or mercurial contamination, strictures, gravel, disease arising from youthful excesses or impurities of the blood, whereby the constitution has become enfeebled, are all treated with success.

Who places himself under the care of Dr. K. may religiously confide in his honor as a gentleman, and confidently rely upon his skill as a physician.

Take Particular Notice, Young men who have injured themselves by a certain practice indulged in, a habit frequently learned from evil companions or at school, the effects of which are nearly fatal, even when asleep and destroy both mind and body, should apply immediately. Weakness and constitutional debility, loss of muscular energy, physical lassitude and general prostration, irritability and all nervous affections, indigestion, sleeplessness of the liver, and every disease in any way connected with the disorder of the procreative functions, cured, and full vigor restored.

Youth and Manhood, A Vigorous Life or a premature Death, KINKELIN ON SELF PRESERVATION, ONLY TWENTY-FIVE CENTS.
This book just published is filled with useful information on the infirmities and diseases of the generative organs. It addresses itself alike to youth, manhood and old age, and should be read by all.

The valuable advice and impressive warning it gives, will prevent years of misery and suffering and save annually thousands of dollars. Parents by reading it will learn how to prevent the destruction of their children.

A remittance of 25 cents enclosed in a letter addressed to Dr. Kinkelin, N. W. corner of Third and Union streets, New York City, in Philadelphia will ensure a book under envelope per return of mail.

Persons at a distance may address Dr. K. by letter, (post paid) and be cured at home. Packages of medicines, directions, &c. forwarded by sending a remittance, and put up secure from damage or curiosity.

Booksellers, News Agents, Pedlars, Canvasers and all others supplied with the above work at very low rates.

DOCTOR YOURSELF FOR 25 CENTS!

By means of the pocket Esculapius, or every one his own Physician! third edition, with upwards of a hundred engraved figures showing private diseases in every shape and form, and manifestations of the generative system. The time has now arrived, that persons suffering from secret diseases need no more become the victims of quackery, as by the prescriptions contained in this book any one may cure himself, without hindrance to business, or the knowledge of the most intimate friend, and with one tenth the usual expense. In addition to the general routine of private disease, it fully explains the cause of manhood's early decline, with observations on marriage—besides many other derangements which it would not be proper to enumerate in the public prints.

Any person sending twenty five cents, enclosed in a letter, will receive one copy of this book, by mail, or five copies will be sent for one dollar. Address, Dr. W. Young, No. 532 Spruce street, Philadelphia. Post paid.

Dr. Young can be consulted on any of the Diseases described in his different publications at his offices, 152 Spruce street, every day, between 9 and 3 o'clock, (Sundays excepted).

Dr. Cullen's PANACEA.

The afflicted are invited to call and see Mr Isaac Brooks, Jr., at the corner of Third and Wilcox streets, and Miss Christina Sand, Beach street below Spruce street, on the Schuylkill. These two persons have been snatched from the very jaws of the destroyer, through the agency of that most potent of all medicines, DR. CULLEN'S INDIAN VEGETABLE PANACEA.

Dr. Cullen's Panacea is the only certain cure for Scrofula or King's Evil, Tetter, Erysipelas, Old Sores and Ulcers, Mercurial Diseases, and all other affections, cutaneous or otherwise, arising from impurities of the blood.

In the extraordinary cure of Mr. Brooks, people who visit him put their hands in astonishment, that any medicine could have arrested his disease—then go away resolved to recommend Dr. Cullen's Indian Vegetable Panacea to every one they hear of who has need of a purifying medicine.

So with Christina Sand—her cure of Scrofulous sore throat was quite as extraordinary as that of Mr. Brooks, when we reflect that from the disease her tea or coffee would frequently pass out of her system, when attempting to drink. (See her certificate.)

The people are beginning to understand, that the various Sympoms of Scrofula are little better than molasses, and that it is madness to throw away money on articles which, under the most favorable circumstances, do not produce any impression, and are valuable about in the proportion of gold to copper. Those who have been swallowed. One bottle of Dr. Cullen's Panacea seldom fails to produce conviction in the minds of patients that a radical cure is certain.

Thus, (to necessary, an ally to medicine,) springs up at the outset, and the patient is cured before any other preparation could have made the slightest impression upon the disease!

In fact, the twelve ounce bottles of Dr. Cullen's Panacea, compared with the pint and quart bottles of other panaceas, are valuable about in the proportion of gold to copper. Those who would prefer a penny to a half eagle, on account of its size, would make a poor selection to sat the least.

Sarsaparilla a good purifier! Dr. Cullen's Panacea contains the extract of its most concentrated form. Added to this are other extracts, more active and powerful, and which effect in combination with the Sarsaparilla, what the latter article, or combined with the most powerful purgatives, cannot accomplish!

I have cured where every thing else had failed and this in a multitude of cases—not in Europe or in the moon, (where so many great cures have been performed,) but in Philadelphia and other parts of the union. And he is distinctly understood that we do not obtain our extracts by boiling 400 lbs down to one ounce! It being known to every druggist's apprentice that boiling destroys the essential virtues of medicinal plants and roots.

Price Reduced! VAUGHN'S LITHONTRIPTIC MIXTURE!

Large Bottles—Only One Dollar.
The Proprietor of the Great American Remedy, "VAUGHN'S VEGETABLE LITHONTRIPTIC MIXTURE," induced by the urgent solicitations of his Agents, throughout the United States and Canada, has resolved to reduce the price of his popular and well known article; and from this date, henceforth, he will put up but one size only, his quart bottles—the retail price being ONE DOLLAR.

The public may rest assured that the character of the Medicine, its strength, and curative properties will remain unimpaired, and the same care will be bestowed in preparing it as heretofore.

As this medicine, under its reduced price, will be purchased by those who have not hitherto made themselves acquainted with its virtues, the proprietor would beg to intimate that the article is not to be classed with the vast amount of "Remedies of the day;" it claims for itself a greater healing power, in all diseases, than any other preparation now before the world; and has sustained itself for eight years in its superior medicinal virtues, and, until this reduction, commanded double the price of any other article of its kind.

Notice particularly, this article acts with great heat and power, and certainty, upon the Blood, Liver, Kidneys, Lungs and all other organs, upon the proper action of which life and health depend.

This medicine has a justly high repute as a remedy for Dropsy and Gravel, and all diseases of that nature. It may be relied upon when the medical profession has abandoned his patients; and for those distressing diseases, more especially Dropsy, the proprietor would earnestly and humbly recommend it. At its present price it is obtained only by mail, and the trial will prove the article to be the Cheapest Medicine in the World!

Please ask for pamphlets—the agents give them away free of cost. Sixteen pages of receipts, (in addition to full directions,) containing valuable hints for household purposes, and which will save many dollars per year to practical housekeepers. These receipts are introduced to make the book of great value to its purchasers as an advertising medium for the medicine, the testimony in favor of which, in the form of letters from all parts of the country, may be relied upon.

VAUGHN'S VEGETABLE LITHONTRIPTIC MIXTURE—the Great American Remedy, now for sale in quart bottles at \$1 each, small bottles at 50 cts each. No small bottles will be issued after the present stock is disposed of.

VAYER'S CHERRY PECTORAL.

For the Cure of COUGHS, COLDS, HOARSENESS, BRONCHITIS, CROUP, ASTHMA, WHOOPING-COUGH AND CONSUMPTION.
In offering to the community this justly celebrated remedy for diseases of the throat and lungs, it is not our wish to trifle with the lives or health of the afflicted, but frankly to lay before them the opinions of distinguished men, and some of the evidences of its success, from which they can judge for the respective. We certainly judge ourselves to make no wild new claims or false statements of its efficacy, nor will we hold out any hope of suffering lunacy which fact's will not warrant.

Many proofs are here given, and we solicit an impartial public to let us publish, for their benefit, what they will find them perfectly reliable, and the medicine worthy their best confidence and patronage.

PROF. CLEVELAND, of Bowdoin College, Maine, writes: "I have witnessed the effects of your 'CHERRY PECTORAL' in my own family and that of my friends, and it gives me satisfaction to state in its favor that no medicine I have ever known has proved so eminently successful in curing diseases of the throat and lungs."

REV. DR. OSGOOD writes: "That he considers 'Cherry Pectoral' the best medicine for Pulmonary Affections ever given to the public; and states that 'his wife, after being afflicted for several years, and for four months with a severe settled cough accompanied by raising of blood, night sweats, and the attendant symptoms of Consumption, commenced the use of the 'Cherry Pectoral,' and had completely recovered her health."
DR. CHANCELLOR KING, of New York says, "I have been a great sufferer from Bronchitis, and but for the use of the 'CHERRY PECTORAL' might have continued to be so for many years to come, but that has cured me, and I am happy to bear testimony to its efficacy."

Such testimony we ask the public to judge for themselves.
HEAR THE PATIENT, Dr. Ayer—Dear Sir: For two years I was afflicted with a very severe cough, accompanied by spitte of blood and profuse night sweats, in the advice of my attending physician I was induced to use your 'Cherry Pectoral,' and continue to do so till I considered myself cured, and ascribe the effect to your preparation.
HARDEN S., Springfield, Nov. 27, 1848.

This day appeared the above named James Randall, and pronounced the above statement true in every respect.
LORENZO NORTON, JUSTICE.
NEWARK, N. J., Jan. 10, 1847.

Dr. Ayer: I have been long afflicted with Asthma which grew yearly worse until last autumn, it brought on a cough which confined me in my chamber, and began to assume the alarming character of chronic disease, and I had tried the best advice and the best medicine to no purpose, until I used your 'Cherry Pectoral,' which has cured me, and you may well believe me, Gratefully yours,
J. D. PHELPS.

If there is any value in the judgment of the man who speaks from experience, here is a medicine worthy of the public confidence.
Prepared by J. C. Ayer, Lowell, Mass., Sold by E. P. LUTZ, Bloomsburg, Jan. 16, 1851-4m.

This is a truly wonderful remedy for 'Indigestion, Dyspepsia, Jaundice, Liver Complaint, Constipation, and Debility,' curing after Nature's own mode, by Nature's own agent, the Gastric Juice.

Half a spoonful of this Fluid, infused in water, will digest or dissolve, Five Pounds of Roast Beef in about two hours, out of the stomach.

Digestion is chiefly performed in the stomach by the aid of a fluid which freely exudes from the inner coat of that organ, when in a state of health, called the Gastric Juice. This fluid is the Great solvent of the Food, the Purifying, Fracturing, and Stimulating Agent of the stomach and intestines. Without it there will be no digestion—no conversion of food into blood, and no nourishment of the body; but rather a foul, torpid, painful, and destructive condition of the whole digestive apparatus. A weak, ill-digested, or injured stomach produces no good Gastric Juice, and hence the stomach is debilitated and debility which etc.

PEPSIN AND RENNET—Pepsin is the chief element, or great Digesting Principle of the Gastric Juice. It is found in great abundance in the solid parts
