TO FEMALES. Henry's invigorating coldial is one of the most invaluable medicines in the many compliants to which females are subject. It assists nature to brace the whole system check excesses, and cre-ates renewed health and happiness. Leas suf. fering, disease and unhappiness among ladies woold exist, were they generally to adopt the use of this conduit. Ladies who are debilisted by those obstructions which females are liable to, are restored by theras of a bottle of two, to bloom and vigor.

weakness of the system, and premature decay, many of you may now be suffering, n isled as to the cause or source of disease. To those, then who by excess have brought on themselves premature impotency, involuntary seminaternia sions, weakness and shrivelling of the genital organs, Nervous Allectica, or any other conse-quences of unrestrained indugence of the sen-sual passions, occasioning the necessity of re-nouncing the felicities of MARRIAGE,

lessening both mental and bodily capacity, hold fresching both menial and body's capitory, dou Henry's Invegorating Cordial, a medicino that is purely vegetable, will aid nature to restore those important functions to a healthy state and will prove of service to you. It preserves rare virtues, is a general remover of disease and strengthener of the system.

AS A TONIC MEDICINE,

It is uncompassed. We do not place this Cordist on a footing with quote medicines, and, as is costomary, append a long het of "economenda-tions dec. beginning with "hear what the prea-cher says." and such like; it is not necessary, for Henry's invigorating cordial only needs a trial to prove sli that we say. of his solis. The autom of the various complaints treated of, with too little breath to puff, and too little presumption to impose, he has offered to the world, at the merely nominal price of 25 cents., the fruit of some twenty years' most successful practice."-[Herald.
