It gives me pleasure to add roy testimony to the professional ability—of the author of the "Medical Menual," Numerous cases of disease of the genital organs, some of them of long standing, have come under my notice, in which his skill has been manifect in restoring to perfect health in some cases where the patient has been considered beyond medical sid. In the treatment of seminal weakness, or disarrangement of the functions produced by self-abuse or excess of venery, I do not know his superior in the profession. I have been sequainted with the author some thirty years, and deem it no more than justice to him as well as kindness to the unfortunate victim of eatly indiscretion to recommend him as one in whose professional skill and integrity they may safely

"This is, without exception, the most comprehensive and intelligible work published of the class of diseases of which it treats. Avoiding all technical terms, it addresses itself to the reason of its readers. It is free from all objectionable matter, and no patent however fastidious can object to placing it in the hand of his sons. The author has devoted many years to the treatment of the various complaints treated of, with too little breath to put, and too little presumption to impose, he has offered to the world, at the merely nominal price of 25 cents, the fruit of some twenty years' most successful practice."—[Herald.

It would save years of pain, mutification and sorrow to the yoath under their charge." [People's Advocate, A Presbyterian clergyman in Ohio, writing of "Huntea's Medical Manual" says.—"Thousands upon thousands of our youth by evil example, and influence of the passions, have been lead into the habit of self-pollution, without realizing the sin and fearful consequences upon themselves and their posterity, The constitutions of thousands who are raising families have been enteebled, if not broken down and they do not know the cause or the cure. Anything that can be done so to enlighten, and influence the public mind as to cheek, and ultimately to remove this wide spread source of human wretchedness, would confer the greatest blessing next to the religion of Jesus Christ, on the present coming generation. Intemperance, or the use of intoxicating drinks, though it has slain thousands upon thousands, is not as greater scourge to the human race. Accept my thanks on behalf of the afflicted, and believe me your co-worker in the good work you areso actively engaved in.

HENRY'S INVIGORATING CORDIAL. Purey Vegetable in its Composition!

This invaluable cordisal is extracted from herbs and roots which have been found after years of experience, by the most skillful physicians to be possessed of qualities the most beneficial in the diseases for which it is presented to the public as an efficacious remedy, it is also known to be of that character on which reliance may be placed as to its safety. In cases of impotency, Hemorrhages, Disordered Sterility, Menstruation, or Suppression of the Menses, Fluor Albus or Whites, or for

DEBILITY, arising from any cause, such as weakness from sickness, where the patient has been confined to bed for some time, for femiles after confinement, abortion or miscarriage, this cordial cannot be excelled in its salutery effects: or in the loss of muscular energy, irritibility, physical prostration, seminal weakness, palpitation of the heart, indigestion, sluggishness, decay of the procreative functions, nervousness &c. where a tortic medicine is required, it will be found equal, if not superior to any compound ever used.

TO FEMALES. TO FEMALES.

Henry's invigorating codidal is one of the most invaluable medicines in the many complaints to which females are subject. It assists nature to brace the whole system, check excesses, and creates renewed health and happiness. Less suffering, disease and unhappiness mong ladies would exist, were they generally to adopt the use of this cardipal. Ladies who are debuitated by those obstructions which females are liable to, are restored by the use of a bottle or two, to bloom and vigor.

YOUNG MEN.

That solitary practice, so falsa to the existence so fail to the existence of man, and it is the young who are most likely to become its victims, from an ignorance of the danger to which they subject themselves, causes

lessening both mental and bodily capacity, hold Henry's invigorating Cordial, a medicine that is purely vegetable, will aid nature to restore those important functions to a healthy state and will prove of service to you. It possesses rare virtues, is a general remover of disease and strengthener of the system.

AS A TONIC MEDICINE,

it is unsurpassed. We do not place this Cordial on a footing with quack medicines, and, as is customery, append a long last of recommendations, dc., beginning with "hear what the preacher says." and such like; it is not necessary for Henry's invigorating cordial only needs a trial to prove all that we say.
