

SPECIAL NOTICES.

IMPORTANT TO FAMILIES—Dr. Chamberlain's Pills—The combination of ingredients in these Pills is the result of a long and extensive practice; they are mild in their operation, and certain in restoring nature to its proper channel. In every instance they have proved successful. The Pills invariably open those obstructions to which females are liable, and bring nature into its proper channel, whereby health is restored, and the pale and deadly countenance changed to a healthy one. No female can enjoy good health unless she is regular; and whenever an obstruction takes place, whether from exposure, cold, or any other cause, the general health immediately begins to decline, and the worst of such a remedy has been the cause of many premature deaths among young females. To ladies whose health will not permit an increase of their families, these Pills will prove a valuable acquisition, as they will prevent pregnancy. Headache, pain in the side, palpitation of the heart, beating of the forehead, and disturbed sleep do most always arise from the interruption of nature; and whenever that is the case, the Pills will invariably remedy all these evils. They are less efficacious in the case of 1-year-olds, commonly called "White Pills." These Pills should never be taken during pregnancy, as they would be sure to cause miscarriage. Wanted to be pure Vegetable, and free from anything injurious to the system. Full and explicit directions accompany each box. These Pills are put up in square flat boxes. Persons reading who there are no agency established, by enclosing One Dollar in a letter, postpaid to Dr. C. L. Chamberlain, No. 279 Broadway, New York City, and the medicine sent to their respective addresses by return of mail.

TO PERSONS OUT OF EMPLOYMENT—The attention of the reader is directed to the advertisement of Agents wanted for the series of pictorial books issued from the press of Mr. Sears. These books have met, and are meeting with a large sale throughout the Union, and three latest publications, "Russia Illustrated," "China Illustrated," and "Shilling Incidents in the Wars of the United States," are in every way equal to the other works in point of attraction and interest. What he wishes to obtain is, competent Agents in every section of the country. The readiness of their sale offers great inducements for persons to embark in their disposal, and as they are of a high moral and unexceptional character, there are none but who can conscientiously contribute to their circulation. Any person wishing to embark in the enterprise, will be glad to send to the Publishers, \$25, for which he will receive sample copies of the various works, (at wholesale prices) carefully boxed, insured, and directed, affording a very liberal per centage to the Agent for his trouble. With those he will soon be able to ascertain the most saleable, and order accordingly. Catalogues, containing full particulars, forwarded to all parts of the country free of postage, on application.

HEWY'S INVIGORATING CORNELL—The merits of this purely vegetable extract for the removal and cure of physical prostration, genital debility, nervous affections, &c., are fully described in another column of this paper, to which the reader is referred. 32 tin, 1 bottle for \$5; six bottles for \$25; \$16 per dozen. Of all the personal confessions and autobiographical sketches that we have ever read or heard of, this is the stranger, the oddest, the most extraordinary; and, we may as well admit at once, the most intensely interesting. The book has cost us a couple of nights sleep; and we have no doubt it cost its author and its principal subject a good many more. We have not yet made a thorough acquaintance with the curious, before venturing to give a decided opinion of a work, and we unhesitatingly pronounce "Wikoff's Courtship and its Consequences" not only a deeply exciting narrative, but one of the most remarkable tales ever published for public exhibition. Report of the Grand Jury. February Term, 1855. TO the honorable the Judges of the court for the county of Columbia. The undersigned Grand Inquest of the Commonwealth of Pennsylvania, inquiring for the body of the county of Columbia, respectfully Report.

That they have pursued to their required duties calmly and deliberately, investigated all bills of indictment presented for their consideration in this term, and have passed upon them accordingly. They have not made a thorough examination of the Court House, Jail, and all other public buildings, and find them generally in good repair.

It is within the knowledge of the Inquest that the public road leading along Fishingcreek above Orangeville, has been obstructed by the creek at the present season. But in our judgment, the difficulty will be obviated whenever the bridge now in contemplation shall be built over Fishingcreek a short distance above where the road is now injured by the water.
