

SPECIAL NOTICES.

PERHAM'S GIFT ENTERPRISE.—The Committee appointed by the shareholders in this affair to distribute 100,000 gifts among the ticket holders, have deferred the distribution until the 5th of July, on account of the remaining unsold some few thousands of tickets. Mr. Perham, ever anxious to meet the views of his patrons, offers extraordinary inducements to Agents to engage in the sale of the remaining tickets, so that there may be no more delays, which are unquestionably as vexatious to him as to those who have purchased tickets in his enterprise. We commend the reading of his advertisement to our patrons, and hope that each and all will lend a helping hand to bring the matter to an early and satisfactory consummation.

SCHIEDAM AROMATIC SCHNAPPS.

I beg leave to call the attention of the citizens of Philadelphia to a new and unique article, manufactured by myself exclusively, at my Factory in Schiedam, in Holland, expressly for medicinal purposes.

It is made from the best Barley that can be selected in Europe and the essence of an aromatic Italian berry, of acknowledged and extraordinary medicinal properties; and it has long since become a household name, both in Europe and America, than any other dative beverage.

In Gravel, Gout, and Rheumatism; in Obstructions of the Bladder and Kidneys, and Debility of the Urinary Functions, its effects are prompt, decided, and invariably reliable. And it is not only a Remedy for these maladies, but, in all cases in which they are produced by Drinking Bad Water, which is, almost universally, the cause of them, it operates as a Sure Preventive.

The distressing effect upon the Stomach, Bowels, and Bladder, to travellers, new residents, and all who are not accustomed to the water produced by the waters of nearly all our great inland rivers like the Ohio, Mississippi, and Alabama, from the large quantity of decayed vegetable matter contained in them, in a state of solution, is well known; and it is also that of the waters of limestone regions, in producing Gravel, Colic, and Stone in the bladder. The AROMATIC SCHIEDAM SCHNAPPS is an absolute corrective of all these injurious properties of bad water, and consequently prevents the disease which they occasion. It is also found to be a cure and preventive of Fever and Ague, a complaint caused by the malarious effects of vegetable matter in the atmosphere, and the vegetable putrescences in the waters of those districts in which it principally prevails. The Aromatic Schiedam Schnapps is consequently in great demand by persons travelling, or about to settle in those parts of the country especially; as well as by many in every community where it has become known on account of its various other remedial properties.

More than three thousand physicians, among whom are numbered the greatest names belonging to the faculty of medicine in this country, have certified, over their own signatures, and in the most forcible manner, to the medicinal properties of this article, as the severest tests have proved the Schiedam Aromatic Schnapps to be, and have accepted it as a most desirable addition to the materia medica.

Put up in quart and pint bottles, enveloped in yellow paper with my name on the bottle, cork and seal for sale by all respectable Druggists and Grocers.

UDOLPHO WOLFE, 18, 20, & 22 Beaver street, N. Y. 25 South Front street, Philada.

I beg leave to call the attention of the public to the following letters from physicians:

"Laboratory, N. Y., May 2, 1855.

"Ma. Udolpho Wolfe—Dear Sir: I cannot speak too highly of the purity of your Schiedam Schnapps. It is decidedly superior to anything of the kind in market. It is perfectly free from the admixture of fossil oil, or any of those anisole compounds which produce such a mischievous and irreparable effect upon the system, and which very few samples of alcoholic distilled liquors are without—most of them being largely impregnated with it. I have personally inspected the various process of distillation practiced at Schiedam, and know that unusual care is taken to separate the noxious elements from the pure alcohol, and your Schnapps is a striking proof of its purity as a medicinal agent for chronic and renal affections. I have successfully prescribed it, and recommend it as an agreeable cordial and harmless stimulant, and shall continue to do so; as well as to use it as a source of pure alcohol for chemical investigations and experiments. Yours obediently, ISAIAH DECE, Consulting Analytical Chemist."

Dr. Charles A. Leas, Commissioner of Health, Baltimore, writes as follows in relation to the value of your Schnapps as a remedy in chronic catarrhal complaints, &c. The letter is dated July 27, 1855:

"I take great pleasure in bearing highly creditable testimony to its efficacy as a remedial agent in the diseases for which you recommended it. Having a natural tendency to the mucous surfaces, with a slight degree of stimulation, I regard it as one of the most important remedies in chronic catarrhal affections, particularly those of the genito-urinary apparatus. With much respect, your obedient servant, CHARLES A. LEAS."

"PHILADELPHIA, July 15, 1855. Mr. Udolpho Wolfe, No. 2 Beaver st., N. Y.—Dear Sir: Last week the writer received through your agent in this city, a bottle of your Aromatic Schiedam Schnapps, and since that period has prescribed the same in certain forms of urinary complaints, also in cases of debility in aged persons. So far, the Schnapps has been of much benefit to those using it. In conclusion, where a diuretic and stimulant is required, it is most judiciously used. Aromatic Schiedam Schnapps. Thanking you for your kindness, I am respectfully yours, A. D. CHALONER, M. D., 180 South Eighth st."

The subjoined letter from Dr. PAINE, of Manchester, N. H., relates to one of the most valuable medicines ever discovered by the Aromatic Schiedam Schnapps, and shows that it acts as a specific in a very painful disease—the Gravel:

"Mr. Wolfe:—Permit me to address you a few lines, which you are at liberty to use if you think proper, in respect to your medicine, called Schiedam Schnapps. I have had a very obstinate case of gravel and stone, of some five years standing, causing very acute pain in every attempt to urinate. After using many remedies without much relief, I was induced to try a bottle of your medicine. In the course of three days it proved effectual, discharging large pieces of stone, some of which were as large as a marrowfat pea. I continued the cordial, according to directions, and the patient continued to gain, and is fast recovering. I think a medicine of so much value in distressing a complaint, should be known to the public, and the world at large. And I, for one, must give it my approbation and ad signaturam. THOS. PAINE, M. D."

From Dr. JOHN S. REESE, Chemist, Baltimore, Md. Sept. 15, 1852.

"A number of our physicians are ordering the article, and several have already prescribed it. A gentleman of my own personal acquaintance having suffered severely with an affection of the kidney and bladder, took two bottles, and subsequently passed a stone of considerable size, and was greatly relieved. It will, no doubt, go into general use. May 29, 1855—Ed."

IMPORTANT TO FEMALES.—DR. CHEESEMAN'S PILLS.

The combinations of ingredients in these Pills, is the result of a long and extensive practice; they are mild in their operation, and certain in restoring nature to its proper channel. In every instance have the Pills proved successful. The Pills invariably open those obstructions to which females are liable, and bring nature into its proper channel, whereby health is restored, and the pale and deadly countenance changed to a healthy one. No female can enjoy good health unless she is regular; and whenever an obstruction takes place, whether from exposure, cold, or any other cause, the general health immediately begins to decline, and the want of such a remedy has been the cause of so many consumptions among young females. To ladies whose health will not permit an increase of their family, these Pills will prove a valuable acquisition, as they will prevent pregnancy. Headache, pain in the side, palpitation of the heart, loathing of food, and disturbed sleep do most always arise from the interruption of nature; and whenever that is the case, the Pills will invariably remedy all these ailments. Nor are they less efficacious in the cure of Leucorrhoea, commonly called the "Waits." These Pills should never be taken during pregnancy, as they would be sure to cause a miscarriage. Waranted to be purely Vegetable, and free from anything injurious to life or health. Full and explicit directions accompany each box.

These Pills are put up in square flat boxes. Persons reading where there are no agents established, by enclosing One Dollar in a letter postpaid to D. C. U. L. Cheeseman, No. 267 Bleecker street, N. Y. or to C. M. Cheeseman, at their respective addresses by return of mail.

The distressing effect upon the Stomach, Bowels, and Bladder, to travellers, new residents, and all who are not accustomed to the water produced by the waters of nearly all our great inland rivers like the Ohio, Mississippi, and Alabama, from the large quantity of decayed vegetable matter contained in them, in a state of solution, is well known; and it is also that of the waters of limestone regions, in producing Gravel, Colic, and Stone in the bladder. The person who shall send, before the 5th of July, the largest amount above \$500, will, in addition to commissions, be presented with a piano, valued at \$200.

I have been induced to make the above liberal offers in order to remove a settled objection in the minds of your committee, to having the distribution take place while there remain in my hands tickets unsold, for which cause they have seen fit to defer the partition of the gifts, which was fixed for the 27th inst., to the 5th of July, as will be seen by reference to their proceedings, published below. I assure you that the postponement is as vexatious to me as it is to those who have purchased tickets. I therefore hope that each and every one now interested, will co-operate with me in the effort to dispose of the few thousand tickets remaining unsold, and thus advance the interests of the whole body of shareholders.

Respectfully yours, J. PERHAM.

TO THE PATRONS OF PERHAM'S THIRD GIFT ENTERPRISE.
