lu Gravel, Gont, and Rheumatism; in Ob-

dietic beverage.

It Gravel, Gont, and Rheumatism; in Obstructions of the Bladder and Kidneys, and Debility of the Urinary Functions, its effects are prompt, decided, and invariably reliable. And it is not only a Remedy for these maladies, but, in all cases in which they are produced by Drioking Bad Water, which is, almost universally, the cause of them, it operates as a Sure Preventive.

The distressing effect upon the Stomach, Bowels, and Bladder, to travelers, new residents, and all persons unaccustomed to them produced by the waters almearly all our great inlead rivers like the Ohio, Mississippi, and Alabama, from the large quantity of decayed vegetable matter contained in them, in a state of solution, is well known; as is also that of the waters of limestone regions, in producing Gravel, Calculi, and Stone in the Bladder. The AROMATIC SCHIEDAM SCHNAPPS is an absolute corrective of all these injurious properties of bad water, and consequently prevents the disease which they occasion. It is also found to be a cure and preventive of Fever and Ague, a complaint caused by the conjoint effects of vegetable malaria in the atmosphere, and vegetaand preventive of Fever and Ague, a com-plaint caused by the conjoint effects of vege-table malaria in the atmosphere, and vegeta-ble putrescenses in the waters of those dis-tricts in which it principally prevails. The Aromatic Schiedam Schnapps is consequent-ly in great demand by persons travelling, or about to settle in those parts of the country especially; as well as by many in every community where it has become known on account of its various other remedial proper-ties.

More than three thousand physicians More than three thousand projectates among whom are numbered the greatest names belonging to the faculty of medicine in this country, have certified, over their own to the valuable medicinal properties. in this country, have certified, over their own signatures, to the valuable medicinal properties of such an article, as the severest tests have proved the Schiedam Aromatic Schnapps to be, and have accepted it as a most desirable addition to the materia medica.

Put up in quart and pint bottles, enveloped in yellow paper with my name on the bottle, cork and seal. For sale by all respectable Druggists and Grocers.

I beg leave to call the attention of the pub-ic to the following letters from physicians:

"Laboratory, N. Y., May 2, 1855.

"Mn. Uppolific Wolff—Dear Sir. I cannot speak to highly of the parity of your Schiedam Schnapes. It is decidedly superior to anything of the kind in market. It is perfectly free from the admixture of fusil oil, or of any of those arnylic compounds which produce such a mischievous and irreparable effect non the constitution and which yere. or of any of those arnylic compounds which produce such a mischievous and irreparable effect upon the constitution, and which very few samples of alcoholic distilled liquors are without—most of them being largel; impregnated with it. I have personally inepected the various process of distillation practiced at Schiedam, and know that unusual care is taken to separate the noxious elements from the pure alcohol, and your Schnapps is a striking proof of its success. As a medicinal agent for chronic and renal affections, I have successfully prescribed it, and recom-

letter is dated July 27, 1853:

"I take great pleasure in bearing highly creditable testimony to its efficacy as a remedial agent in the diseases for which you recommend it. Having a natural tendency to the mocous surfaces, with a slight degree of stimulation, I regard it as one of the most important remedies in chronic catarrhal affections, particularly: those of the genito urinary apparatus. With much repsect, your obedient servant, Charles A. Less.

"Mr. Udolpho Wolfe, No, 2 Beaver st., N. So far, the Schnapps debility in sged persons. So far, the Schnapia has been of much benefit to those using it in conclusion, where a diuretic and stimulant is required, I should use the Aromatic Schiedam Schnapps. Thanking you for your kindness, I am respectfully yours, A. D. CHALONER, M. D., 128 South Fights.

The subjoined letter from Dr. Parne, of Manchester, N. H., relates to one of the most valuable medicinal properties possessed by the Aromatic Schinapps, and shows that it acts as a specific in a very painful disease—the Grav

a specific in a very painful disease—the Gravel:

"Mr. Wolff :—Permit me to address you a few lines, which you are at liberty to use if you think proper, in respect to your medicine, called Schiedam Schnapps. I have had a very ostinate case of gravel and stone, of some five years standing, eausing very acute pain in every attempt to urinate. After using many remedies without much relief, I was induced to try a bottle of your medicine. In the course of three days it proved effectual, dislodging large pieces of stone, some of which were as large as a marrowfat per. I continued the cordunal, according to direction s, and the patient continued to gain, and is fast recovering. I chink a medicine of so much value in so distressing a complaint, should be known to the public, and the world at large. And I, for one must give it my approbation and si gnature.

IMPORTANT TO FEMALES—Dr. CHEESEMANS'
PILLS.—The combinations of ingredients in
these Pills, is the result of a long and extensive practice; they are mild in their operation, and certain in restoring nature to its
proper channel. In every instance have the
Pills proved successful. The Pills invariably open those obstructions to which females
are liable, and bring nature into its proper
channel, whereby halth is restored, and the
pale and deadly countenance changed to a
healthy one. No female can enjoy good
henth unless she is legular; and whenever
an obstruction takes place, whether from exposure, cold, or any other cause, the general
health immediately begins to decline, and the
want of such a remedy has been the cause o
so many consumptions among young female
To ladies whose health will not permit an in

pregnancy. Headache, pain in the side, palpitation of the heart, loathing of food, and
disturbed sleen do most always arise from the
interruption of nature; and whenever that is
the case, the Pills will invariably remedy all
these evils. Nor are they less efficacious in
