PERHAM'S GIFT ENTERPRISE.—The Committee appointed by the shateholders in this affair, to cistribute the 100,000 Gins amongst the teckst holders, have deferred the distribution until the 5th of July, on secount of the termining unsold some few thousands of tickets. Mr. Perham, ever auxious to meet the views of Iris patrons, offers extraordinary inducements to Agents to engage in the sale of the remaining tickets, so that there may be no more delays, which are unquestionably as vexatious to him as to those who have purchased tickets in his enterprise. We commend the reading of his advertisement to our patrons, and hope that each and all will lend a helping hand to bring the matter to an early and satisfactory consummation.

The AROMATIC SCHIEDAM SCHNAPPS is an absolute corrective of all these injurious properties of bad water, and consequently prevents the disease which they occasion. It is also found to be a cure and preventive of Fever and Ague, a complaint caused by the conjoint effects of vegetable malaria in the atmosphere, and vegetable malaria in the atmosphere, and vegetable patressenses in the waters of those districts in which it principally prevails. The Aromatic Schiedam Schnapps is consequently in great demand by persons travelling, of about to settle in those parts of the country especially; as well as by many in every community where it has become known on account of its various other remedial properties.

"Ma. Uppolific Wolffe—Dear Sir: I cannot speak to highly of the purity of your Schiedam Schnapps. It is decidedly superior to anything of the kind in market. It is perfectly free from the admixture of toxil nil, or of any of those armylic compounds which produce such a mischievous and irreparable effect upon the constitution, and which very few samples of alcoholic distilled liquors are without—most of them being largely impregnated with it. I have personally inspected the various process of distillation practiced at Schiedam, and know that unusual care is taken to separate the noxious elements from the pure alcohol, and your Schnapps is a striking proof of its success. As a medicinal agent for chronic and renal affections, I have successfully prescribed it, and recommend it as an agreeable cordial and harmless stimulant, and shall continue to do so; as well as to use it as a source of pure alcohol for chemical investigations and experiments. Yours obedient, Isatan Deck.
