TO THE CITIZENS OF PENNSYLVANIA. SCHIEDAM AROMATIC SCHNAPPS.

I beg leave to call the attention of the citins of Fennsylvania to the above article anniactured by myself exclusively, at my actory in Schiedam, in Holland, expressly

Factory in Schiedam, in Holland, expressly for medicinal purposes. It is made from the best Barley that can be selected in Europe and the essence of an aromatic Italian berry, of acknowledged and extraordinary medicinal properties; and it has long since acquired a higher reputation, noth in Europe and America, than any other dietic beverage.

has long since acquired a higher reputation, both in Europe and America, than any other dietic beverage.

In Gravel, Gout, and Rheumatism; in Obstructions of the Bladder and Kidneys, and Debility of the Urinary Functions, its, effects are prompt, decided, and invariably reliable. And it is not only a Remedy for these maladies, but, in all cases in which they are produced by Drinking Bad Water, which is, almost universally, the cause of them, it operates as a Sure Preventive.

The distressing effect upon the Stomach, Bowels, and Bladder, to travelers, new residents, and all persons unaccustomed to them produced by the waters of nearly all our great inland rivers like the Ohio, Mississipi, and Alabama, from the large quantity of decayed vegetable matter contained in them, in a state of solution, is well known; as is also that of the waters of limestone regions, in producing Gravel, Calculi, and Stone in the Bladder. The AROMATIC SCHIEDAM SCHNAPPS is an absolute corrective of all these injurious properties of bad water, and consequently prevents the disease which they occasion. It is also found to be a cure and preventive of Fever and Ague, a complaint caused by the conjoint effects of vegetable malaria in the atmosphere, and vegetable putcascenses in the waters of those districts in which it principally prevails. The Aromatic Schiedam Schnapps is consequently in great demand by persons travelling, of about to settle in those parts of the country especially; as well as by many in every community where it has become known on account of its various other remedial properties.

More than three thousand physicians, More than three thousand physicians, among whom are numbered the greatest names belonging to the faculty of medicine in this country, have certified, over their own signatures, to the valuable medicinal properties of such an article, as the severest tests have proved the Schiedam Aromatic Schnapps to be, and have accepted it as a most desirable addition to the materia medica.

Put up in quart and pint bottles, enveloped in yellow paper with my name on the bottle, cork and seal. For sale by all respectable Druggiests and Grocers.

"Ma. Uppolitio Wolffe—Dear Sir: I cannot speak to highly of the parity of your Schidam Schnapps. It is decidedly superior to anything of the kind in market. It is perfectly free from the admixture of fusil oil, or of any of those arnylic compounds which produce such a mischievous and irreparable effect upon the constitution, and which very few samples of alcoholic distilled liquors are without—most of them being largely impregnated with it. I have personally inspected the various process of distillation practiced at Schiedam, and know that unusual care is taken to separate the noxiona elements from the pure alcohol, and your Schnapps is a striking proof of its success. As a medicinal agent for chronic and renal affections, I have successfully prescribed it, and recommend it as an agreeable cordial and harmless stimulant, and shall continue to do so; as well as to use it as a source of pure alcohol for chemical investigations and experiments. Yours obedient, I shall Deck.

Consulting Analytical Chemist.

Dr. Charles A. Leas, Commissioner of Health, Baltimore, writes as follows in relation to the value of Schnapps as a remedy in chronic catarrhal complaints, &c. The letter is daied July 27, 1853:

"I take great pleasure in bearing highly reditable testimony to its efficacy as a remedial agent in the diseases for which you recommend it. Having a natural tendency to the mocous surfaces, with a slight degree of stimulation, I regard it as one of the most important remedies in chronic catarrhal affections, particularly those of the genito urinary apparatus. a specifis in a very painful disease—the Grav ol:

"Mr. Wolff:—Permit me to address you a few lines, which you are at liberty to use if you think proper, in respect to your medicine, called Schiedam Schnapps. I have had a very obstinate case of gravel and stone, of some five years standing, easing very acute pain in overy attempt to urinate, After using many remedies without much relief, I was induced to try a bettle of your medicine. In the course of states of states of states of these days it proved eactual, dislodging alrage pieces of stone, some of which were as large as a marrowfat pea. I continued the cortained to gain, and is fast recovering. I think a medicine of so much value in so distressing a complaint, should be known to the public, and the world at large. And I, for one must give it my approbation and signature.

From Dr. John S. Reess, Chemist, Baltiote, Md. Sept. 15, 1872

"A number of our physicians are ordering the article, and several have already prescribed it A gentleman of my own personal acquaintance having suffered greatly with an affection of the kidneys and bladder, took two bottles, and subsequently passed a stone of consucerable size, and was greatly relieved. It will, no doubt go into general use."
