Urpon-pito Worre—Dear Sir : I can-not speak to highly of the parity of your Schi-clam Schnapps. It is decidedly superior to anything of the kind in market. It is per-featly free from the admixture of fusil oil, or of any of those arrylic compounds which produce such a mischierous and irreparable effect upon the constitution, and which very few samples of alcoholic distilled liquors are without—most of them being largely impreg-nated with it. I have personally inspected the various process of distillation practiced as Schiedam, and know that unusual care is taken to separate the noxious elements from the pure alcohole and your Schuapps is a striking proof of its success. As a medici-mal gent for chronic and renal affections, I have successfully prescribed it, and recom-mend it as an agreeable cordial and harm-leas sumulant, and shell continue to do so; ma well as to use it as a source of pure alcoho as well as to use it as a source of pure alor hol for chemical investigations and exper ments. Yours obedient, IstAN DECK. Consulting Analytical Chemist?
