**THE CONVENTION AND THE TICKET.**  
The proceedings of the convention on last Monday were as harmonious as it is practicable for such a body to be. No second ballot was necessary in any case, and all the candidates nominated had decided majorities. The candid tax-payers and business men of the county will feel that the nominees are good and true men for their places—that they are honest and capable, and upon that ground alone they will receive many votes. No office in this county is much profit or honor to its holder, but it is a matter of high interest to the public that fit men be chosen, and that the public business be safely and correctly done. This consideration seemed to be the prominent one in forming the ticket; and no person except perhaps itching or disappointed politicians can find the slightest fault with it. And not only are the nominees the right men for their places because of proper business qualifications, but their characters and correct habits are such that the moral influence of their election will be for good, and will do credit to the county. Of the candidate for Assembly from this district we speak in another article.

For SHERIFF the people were pleased that a man so well qualified as Stephen H. Miller was a candidate, and if other men wished for the office they felt it was useless to contend against the "quire. He has been for years in mercantile business, and as a Justice has had still further experience in business. He is well known through the county, having formerly resided at Orangeville; and has a host of friends. Both the English and German vernacular are familiar to him—though he was perhaps never before in a county convention, and is not a noisy politician, he has always been a consistent Democrat, and has often done the cause of the people good service by an honorable influence. He may therefore be regarded as fresh from the ranks of the people, and his same strength of respectable character which made him the unanimous nominee of the party will, we think, elect him without a competition.

For TREASURER Jacob Harris is certainly a very fit man, and one of such correct and safe business habits and experience that all who know him have full confidence in his integrity and qualifications. Out of the county-seat there are few if any better business men in the county than Esquire Harris; and in his hands the public accounts would be intelligible to every tax-payer, and would present a clean balance at the end of each year.

For COMMISSIONER, Jonas Fahringer is an honest tax-payer of Locust whose best qualifications are that he has good common sense and knows how taxes are earned. He is an intelligent mechanic, of whom all his neighbors speak well; and the Democratic Fahringer family bears a character of respectability and honesty that will secure Jonas a strong vote in all the Roaringcreek valley. He came most strongly backed from the south side of the river where the candidate looked; and so generous and manly was his conduct toward his competitors, and such their respect for him that at any rate two of them were almost more his friends than his rivals, and were almost as well pleased with his success as they could have been with their own nomination. Such manliness did much more for them than any other course could.

For AUDITOR Jacob Demott Esq. of Madison is a good accountant, and Henry G. Phillips will make a respectable member of the Board.

Let the poor Devil go.  
It would be wiser to kick any longer into the sore ribs of the poor fool who has lately been wallowing in the mire of his slang to cool the intensity of his burning malice and disappointment. He is as harmless as the poor toad where he is known—except to those whose misfortune it is to have him for a friend; for he never abused any man who did not from that very fact rise in the respect of all honest and decent men. To the many who want him read out of the party we have only to say that would be useless, for he has long since read himself out. To those who ask whether he has been initiated into the Know-Nothing party we answer he needed no vaccination because he took it finely in a natural way, and deserved a certificate of honorary membership. If he did not get one, he sold himself in a very poor market. His opposition to the Democratic ticket for two years past did little harm it is true, and it has been reported that the reason why the Know-Nothing do not recognize him openly as a brother is because the smartest ones among them declare that would ruin them; and insist that they might have elected their candidates in this county last fall if he had not openly gone with them.

**Candidate for Assembly.**  
The action of the Convention last Monday endorsed the nomination of JOHN G. MONTGOMERY, Esq., of Montour County, and he is before the electors of the district as the regular Democratic candidate and as such entitled to an undivided party support.  
The candidate, this year, being conceded to Montour, the choice of that County should be agreed to, unless strong reasons exist against it, which the convention and the conferees selected by it, are the competent and proper judges. After their approval of the candidate named, his support becomes the clear duty of every member of the party.  
There are those who would have preferred a different selection and to such a few words may be timely; for it is expedient that all should be satisfied that the convention proceeded upon clear and solid grounds of action.  
1. The nominee is a man of undoubted ability and character; circumstances greatly to be regarded, especially in view of the defective material of which the Legislature has been composed for some years. The attempt is now being made throughout the State to select substantial men as candidates, and it is right that this district unite in so good and necessary a work.  
2. The nominee is thoroughly with the party in its battle with intolerance and proscription, and in its stern defence of constitutional principles against the assaults of fanaticism, ambition and interest. The heresies which bowlder the weak, and seduce into desperate courses those who are unprincipled, will have in him an able and determined enemy.  
3. The importance of a Democratic majority in the next Legislature is evident, and hence conciliation and a firm union of both counties upon a candidate is highly expedient and necessary. Subjects of legislation of great interest are to be considered at the next session, in which fundamental principles are involved, and a Senator to represent this State in the Congress of the United States is to be elected.  
4. Local difficulties, which have heretofore existed, are not involved in this election. No question between this county and Montour is pending or is likely to arise; and even if this were not so, there is ample security in the fact that this county will still have a representative in the Senate. Besides, we believe the nominee himself is sincerely opposed to any species of renewed agitation.  
Upon the grounds we have mentioned, and others that could be stated, we trust that Mr. M. will receive a general, generous and united support from the democracy of this county.

**Democratic Conference.**  
On Wednesday, August 29, 1855, the conferees from the Democratic party of Columbia and Montour, met at the house of Jacob Dyer in Catawissa, whereupon John Deen jr., on motion, was appointed Chairman and Daniel Lee Secretary.  
Daniel Lee and Casper Rahm produced their credentials as conferees from Columbia, and John Deen jr. and John Dildine as conferees from Montour and severally took their seats in the conference.  
Whereupon, on motion, John G. Montgomery was unanimously nominated as the Democratic candidate for Assembly in the next Legislature from this district.  
The Conference then addressed the following letter to Mr. Montgomery and received the following reply, which was approved and ordered to be published with the proceedings of the Conference. On motion adjourned.  
JOHN DEEN, jr., Chairman,  
DANIEL LEE, Sec'y.  
Catawissa, Aug. 29, 1855.  
J. G. MONTGOMERY, Esq.:  
Dear Sir,—We the undersigned conferees from the counties of Columbia and Montour, take this method of informing you that you have been duly nominated as a candidate for Assembly.  
Very respectfully yours,  
JOHN DEEN, jr.,  
C. RAHM,  
JOHN DILDINE,  
DANIEL LEE.

To the Conferees of the Democratic party of the Counties of Columbia and Montour, now in session at Catawissa.  
GENTLEMEN:—I have this moment received your letter informing me of my nomination for the legislature by your conference and in reply say that I accept the nomination, and beg you and the conferees which you represent to accept my thanks for the honor conferred.  
In order to avoid the necessity of interrogatories during the canvass I deem it proper now to state, that, if elected, I shall sustain in the legislature, all those principles and measures, which compose the platform of the democratic party, so far as they may come before that body. My action, on constitutional questions, will be guided by my own judgment, matured by careful reflection and on consultation of the highest judicial authorities. On questions of expediency, the will of a majority of my constituents, and not my own, shall control my action. And I shall take special pains to ascertain what that will is, at the time, on all bills of great importance.  
I am not aware that the know-nothing liquor law of the last session gives satisfaction to any body in this representative district, and I take it for granted that it must give place to some other law on that subject. I, of course, have no knowledge of the provisions and terms of any of the bills which may be proposed as a substitute for it; and therefore will not pledge either for or against either of them—save only, that on this side issue, and all other questions of expediency, the will of my constituents shall be truly represented.  
After a personal acquaintance with most of my fellow citizens in this district, formed during the practice of my profession, for the last quarter of a century, amongst them; and the recent evidence of their generous confidence, manifested by a nomination of the democratic conventions in both of the counties, for the legislature, unprecedented here for its unanimity; and that too without pledges on any subject, I feel justified in saying, that, if I shall go into the legislature, I may be truly and untrammelled, to represent them truly and honestly, to the best of my ability.  
J. G. MONTGOMERY.  
Catawissa, Aug. 29, 1855.

**Democratic County Convention.**  
In pursuance of the call of the Standing Committee, the Democratic Convention of Columbia county met at the Court-house in Bloomsburg on Monday afternoon the 27th day of August, and was organized by appointing the following officers:—  
PETER KLINE, President.  
CASPER RAHM & IRAM DERR, Secretaries.  
The townships were then called over, and the following delegates presented credentials:  
Bloom—Henry G. Phillips, Michael Waller, Beaver—Moses Schlicher, Daniel Gearhart, Briercreek—Hudson Owen, Henry Doak, Benton—Abraham Young, Jacob Welliver, Catawissa—Adam Shellhammer, Joseph Wise, Cattawissa—Casper Rahm, Stephen Baldy, Fishingcreek—William Ikeler, Daniel McHenry.  
Franklin—Peter Kline, Joseph B. Knittle, Greenwood—Jacob Evans, Nicholas Kindt, Hamlock—Adam Stroup, Hugh D. McBride, Jackson—Thomas W. Young, Iram Derr, Locust—John Snyder, David Reinbold, Maine—John Nuss, Isaac Yetter, Mountpleasant—Samuel Johnson, Philip Kistler.  
Madison—Schooly Alley, William Demott.  
Mifflin—Samuel Cressy, John Mosteller.  
Montour—John Dieterich, William G. Quick, Orange—Benjamin Hayman, Alfred Howcell.  
Pine—John Leggett, Abraham Cool, Roaringcreek—David Hower, Jacob Young.  
Scott—Peter Ent, John H. Dewitt, Sugarloaf—Jacob H. Fritz, Montgomery Cole.

There were two sets of delegates from Greenwood. Jacob Evans and Elijah Albertson were the one, and Nicholas Kindt and John Kiser the other. They were heard before the Convention. Mr. Evans said that the Democrats of Greenwood met last Saturday and selected him and his colleague to represent them. After the election had been closed a number of Know-Nothings came and organized a new election and sent the other set of delegates who now claimed seats here. Mr. Kindt replied that the polls had not been kept open long enough on Saturday to constitute a fair election, and as to being Know-Nothings he demanded proof that he or those who voted for him were Know-Nothings. Mr. Evans answered that he could not prove any man to be a Know-Nothing, for they all denied their membership; and the evidence he had in this case was that these men have politically acted with and voted for Know-Nothing candidates.  
One set of delegates were chosen vice versa, the other by marks, and neither by ballot. The whole question seemed to turn upon the point whether the second set chosen were Know-Nothings. A number of delegates joined the discussion, and a vote was finally taken with the following result as to which set should have seats in the convention.  
For EVANS and ALBERTSON—Phillips, Waller, Schlicher, Gearhart, Owen, Doak, Shellhammer, Wise, Rahm, Kline, Knittle, Stroup, McBride, Snyder, Reinbold, Nuss, Yetter, Johnson, Kistler, Allen, Demott, Leggett, Cool, Hower, Yocum, Ent, Dewitt, 27.  
For KINDT and KISER—A. Young, Welliver, Ikeler, McHenry, Derr, T. W. Young, Cressy, Mosteller, Hayman, Howell, Fritz, Cole, 12.

So Messrs. Evans and Albertson took their seats as delegates.  
Mr. Ent offered the following resolution:  
Resolved, That Daniel Lee and Casper Rahm are appointed Representative Conferees from this county to meet similar conferees from Montour county, and that they are instructed to support the nominee of Montour county for Representative from this district.  
Mr. Baldy moved to amend by striking out all that part of the resolution which related to instruction.  
The amendment was voted upon and lost. The original resolution was then adopted with only one dissenting vote—Mr. Young of Benton.  
On motion the convention proceeded to nominate a candidate for Sheriff, and SEPHEN H. MILLER, Esq., of Mifflin township, was the only candidate named. He was unanimously nominated by acclamation for Sheriff.  
The Convention then proceeded to nominate a candidate for County Treasurer.  
Mr. Stroup nominated Jacob Harris of Hemlock.  
Mr. Howell nominated William Cole of Benton.  
A vote was taken with the following result:  
For HARRIS—Messrs. Phillips, Waller, Schlicher, Owen, Doak, Wise, Rahm, Baldy, Knittle, Kline, Stroup, McBride, Snyder, Reinbold, Cressy, Mosteller, Nuss, Yetter, Johnson, Kistler, Allen, Demott, Leggett, Cool, Hower, Yocum, Ent, Dewitt, Evans, Albertson—39.  
For COLE—Messrs. Gearhart, A. Young, Welliver, Shellhammer, Ikeler, McHenry, T. W. Young, Derr, Dieterich, Hayman, Howcell, Fritz, Cole—13.  
So JACOB HARRIS was declared duly nominated for Treasurer.

On motion the convention then proceeded to nominate a candidate for County Commissioner.  
Mr. Baldy nominated Peter Bodine of Catawissa.  
Mr. Ent nominated Jonas Fahringer of Locust.  
Mr. Cressy nominated Charles H. Hess of Mifflin.  
Mr. Howell nominated Christian Wolf of Mifflin.  
The vote stood as follows:  
For FAHRINGER—Messrs. Phillips, Waller, Owen, Knittle, Kline, Evans, Albertson, Stroup, McBride, Snyder, Reinbold, Nuss, Yetter, Johnson, Kistler, Allen, Demott, Leggett, Cool, Hower, Yocum, Ent, Dewitt, 33.  
For WOLF—Messrs. Schlicher, Gearhart, Shellhammer, Wise, Ikeler, McHenry, T. W. Young, Hayman, Howell, Fritz, Cole—11.  
For HESS—Messrs. Doak, A. Young, Welliver, Derr, Cressy, Mosteller—6.  
For BODINE—Messrs. Rahm, Baldy, Dieterich—3.  
So JONAS FAHRINGER was declared duly nominated for Commissioner.

**For Auditor, Jacob Demott of Madison and N. P. Moore of Benton were named, and upon a vote being taken, Jacob Demott received a majority of votes and was declared duly nominated for Auditor.**  
Mr. Ent announced that a vacancy existed in the office of Auditor for one year, and upon his motion, Henry G. Phillips of Bloom was unanimously nominated.  
The following persons were then on motion appointed the Standing Committee of the county for the ensuing year.  
JOHN SNYDER of Bloomsburg,  
HIRAM R. KLINE of Orange,  
PETER BODINE of Catawissa,  
N. P. MOORE of Benton,  
CHARLES NUSS of Maine.  
It was then unanimously Resolved, that we will firmly and faithfully sustain the ticket this day formed.  
On motion the convention then adjourned.

**Good for Sullivan.**  
The Democratic Standing Committee of Sullivan county have appointed Committees in the several townships to hold the primary meetings, and passed the following resolutions:  
Resolved, That the aforesaid Committees are hereby requested and instructed to refuse the vote of any man, who is known to have at any time voted for any Know Nothing candidate; or who may be either directly or indirectly connected with the secret order, commonly called Know Nothings, or with any other secret political organization; or who may have openly opposed the candidates of the Regular Democratic nominations, at the last General Election.  
The Committee add:—The following instructions are deemed proper in these days of political degeneration, when it is well known that we have an enemy in the field, clothed with powers of midnight darkness, whose characteristic is hypocrisy, deceit and falsehood. None but Democrats in practice and principle, should be permitted to say who shall be candidates of the party—therefore none but Democrats should be permitted to vote at the Democratic Delegate Elections.

**Boston Veterinary Institute.**  
This is the first Institution of the kind ever incorporated in the United States, and the first legislative acknowledgment of the claims which our domestic animals have on their superiors. England, France, and Germany have long since endowed their Veterinary Universities; and therein have trained up a class of men who are abroad, dispensing, with liberal hands and willing hearts, the benefits of science to the sick and suffering of the inferior orders of creation.  
The Veterinary Science offers the only practicable and probable means of arresting the many unnecessary cases of disease and premature deaths that are constantly occurring among horses and cattle.  
Among the Faculty we recognize the name of our old friend Dr. G. H. DADD. The Faculty are Geo. H. Dadd, M. D., Prof. of Anatomy and Physiology. C. M. Wood, M. D., Prof. of Theory and Practice of Vet. Medicine and Surgery. R. Wood, M. D., Prof. of Cattle Pathology. The first session will commence on the 1st Monday of November 1855, and continue four months.

**THE PENNSYLVANIA SCHOOL JOURNAL.** A Monthly of thirty-two pages, edited by T. W. H. BOWMAN, Lancaster, Pa. One dollar per annum in advance.  
This deservedly popular Educational Journal entered upon its fourth volume in July—Under the editorial auspices of the indefatigable BOWMAN, whose name is identified with the public schools of Pennsylvania; it has become one of the most efficient instrumentalities in promoting the interests of Educational Progress. Adopting for its motto the axiom of WM. PENS:  
That which makes a good constitution must keep it, viz.: men of wisdom and virtue: qualities that, because they descend not with worldly inheritance, must be carefully propagated by a virtuous education of youth; the editor exerts himself to the end of making this great truth more generally appreciated; and in awakening the mind of the public to its vast importance, and in arousing it to that point when nothing short of measures which shall contribute to this end shall be generally adopted throughout the State. In this very laudable work we extend to the Journal our hearty and our hand, and urge upon our friends to aid it and the cause to which it is devoted, by extending its circulation.

**Free Soil Convention in Kansas.**  
St. Louis, Aug. 23.—The Free Soilers of Kansas held a mass meeting at Lawrence, on the 14th inst. It was attended by six hundred persons, and resolutions were adopted denouncing the elections held on the 13th of March last as a great outrage, denying the legality of the Legislature, and pledging themselves to resist its authority. They also recommended the election of delegates to a convention to form a State Constitution, with a view to an immediate State organization and application to the next Congress for admission into the Union. A resolution of thanks to Gov. Reeder was also adopted. In pursuance of the resolutions, a State Convention is called to meet at Big Springs, on the 5th of September next, to frame a State Constitution. The Convention is to be composed of five delegates from each representative district.  
LEWISBURG UNIVERSITY.—This thriving seat of learning held its fifth annual commencement on the 16th instant. The programme shows a class of twelve. The institution has a very handsome endowment, of which Dr. Jayne and Wm. Becknell, Esq., of Philadelphia, a J. P. Crozer, Esq. of Chester, gave \$25,000. The President is the Rev. Howard Malcolm, D. D., for many years president of Georgetown College, Kentucky.—The honorary degree of Doctor of Philosophy was most worthily conferred on the President of the Franklin Institute of the city, J. C. Cresson, Esq.

**The Removal of Reeder.**  
It must be gratifying to the feelings of Gov. Reeder to see the many marks of personal friendship which are tendered him by those who have heretofore admired the man; and we wish we could think these were all justified by his case as it actually stands. The charge of land speculation is not an after thought, and by the administration as a pretext for his removal, for it has been charging during the whole year has been receiving the attention of the government. The *Beaver Star* thus explains the case:  
In his report to the President, dated Jan'y 15th, G. W. Mannypenny, Esq., Commissioner of Indian Affairs, referred to certain contracts made for the sale of four tracts of land in the territory of Kansas, reserved to half-breed Kansas Indians, and recommended that these contracts be not confirmed. In that report, those contracts are alluded to as "disreputable attempts of certain official functionaries to speculate on these lands;" and, at the close of the report, the following language occurs:—  
"They disclose a condition of things among the federal officers which, if not soon reformed, must produce a state of demoralization in the territory, the effects of which will be as lamentable as the acts themselves are disgraceful."  
With this information before him, what was the duty of the President?—to see that the character of his administration be not disgraced?—to see that the rights of those half-breeds be protected?—to inquire into the actions of those who hold office under his appointment?—or to have a system of fraud and demoralization go unopposed, and have the character of his administration abused, and the rights of the half-breeds unprotected? Had he chosen to pass the matter over in silence, it would have given his opponents an opportunity of making great capital out of the fact that President Pierce permitted such plunder without rebuking it—And now, that he has chosen to remove the man against whom the charges were preferred, those who are ever ready to condemn his acts are proclaiming that he did wrong.  
As it is not our intention to undertake forming any man's opinion for him—we leave every reader now to answer for himself the question, was it the duty of President Pierce to examine the charges against Gov. Reeder?—to see that matter as you will and we will now put the questions:—Did Gov. Reeder engage in those half-breed purchases? and if so, did his conduct in the matter merit a removal? To the mind of every sensible man, a satisfactory affirmative answer to those two questions will justify the President in his act, and justify us as an anti-slavery man, in endorsing the removal of Reeder.  
To answer the first question, we have but to quote from Gov. Reeder's letter to Commissioner Mannypenny, dated March 30th, 1855, in which he says:—  
"These contracts were, for convenience sake, made in the name of Judge Johnson, although it was well understood that Judge Ellmore, Colonel Isaacs and myself were equally interested."  
Then, the first question is answered; Gov. Reeder admits that he was equally interested in the purchase of those lands. We come now to inquire into the character of that purchase.  
Under the 6th Article of the Kansas treaty of 1825, certain lands were set apart for the use of the Indians in that Territory, and a "usufructory" interest in those lands was given to the Indians—that is they had—as the words signify—the temporary use of those lands, but had no right to sell them. Nor can they be settled by white men or sold as public lands until the Indian title is extinguished by an act of Congress.  
But, Gov. Reeder undertakes in his letter to the Commissioner, to justify the transaction on the ground that, of the four grantees, Louis Papin, Francois Aubery and Moses Belmand, are white men, and entirely capable of managing their own business. Admitting this to be the case, still the fact that Joseph James, the fourth grantor is the son of an Indian Mother, from whom he inherited his interest in the lands in question, would make the transaction illegal. But, we ask, who are Papin, Aubery and Belmand?—they are but Frenchmen, who have married daughters of Louis Gonvil and his Indian wife.—Now, it is easily perceived that in this Kansas purchase while the Governor was dealing with shrewd Frenchmen, he was but purchasing the lands that belonged to their Indian wives. And any one, who is at all acquainted with the manner of Indian conveying, knows that white men who marry among them have no right to dispose of their lands. Three years ago, application was made on behalf of J. R. Chenuit, Esq., for the approval of a deed for the very section of land now proposed to be conveyed to Gov. Reeder, and the deed was refused. So that Gov. Reeder, in his transactions with those half-breeds was acting illegally.

**Terrible Disease.**—The black tongue has appeared to a considerable extent among the horses and cattle near Oquawka, Ill., and is very fatal in its results.  
**Flour Falling.**—On Saturday last flour was sold at Wheeling, Va., for 26 per barrel.

**Holloway's Ointment and Pills.** Certain Remedies for Bad Legs and Old Wounds. Alfred Goslet, aged 27, was for nine years afflicted with an awfully bad leg, there were wounds in it, which defied all the doctors' skill and ingenuity to heal. He tried a variety of remedies, but was not benefited by the same. At last he was persuaded to have recourse to Holloway's Ointment and Pills, these remedies effected a very favorable change, and by continuing them unremittingly for three months, his leg was completely cured, and his general health thoroughly established.  
**Most Important to the Ladies.**  
Dr. GEISSNER'S Celebrated Menstrual Pills have been long and widely known as invariably certain in removing any stoppage, irregularity, or suppression of the menses. In the female hospitals in Vienna, Paris, and Berlin, they have entirely superseded the use of all other remedies; because, where a cure is attainable by medicinal agencies, they are certain of success. Their astonishing efficacy would be almost incredible, if not vouched for by indubitable testimony, in numerous instances producing returns of the monthly period after all hope had been abandoned.  
In every case, from whatever cause the obstruction may arise, as also to prevent pregnancy where the health will not admit of increase of family, they are always efficient, for which reason they must not be used during pregnancy, though always mild, healthy, safe and certain in their effects.  
Married ladies will find particular instructions in the directions, in which are stated the various symptoms by which the cause of the suppression may be determined.  
Price, One Dollar per Box, containing explicit directions.  
Each box will be signed by Dr. R. G. Geissner.  
Principal Office, 127 1/2 Liberty Street, New York City.  
Responsible agents will be appointed for their sale as soon as practicable. In the mean time, all orders are to be addressed to Dr. R. G. Geissner, 127 1/2 Liberty Street, New York City, or to box 2456 N. Y. Post Office, and a box will be sent by return mail, as they are put up in sealed envelopes, and can be sent with the strictest privacy to any part of the United States.  
CAUTION TO LADIES.  
As various not only ineffective but injurious compounds purporting to be "Female Pills," under all kinds of names as "Iron Pills," "Golden Pills," "Beri-Beri Pills," &c. are attempted to be palmed off upon the credulous or unwary, it is only necessary for ladies to be on their guard against the attempted imposition, and in all cases where there is no authorized agent for the sale of Dr. Geissner's Menstrual Pills, to order direct from the Principal Office, of which a box will be sent. The boundaries of countries—how established. The Anglo Saxon race, the only one capable of sustaining Freedom. The rights of Conscience. Religious Toleration. The Bible, the Charter of Liberty. The Principles and Perils of our Common Education.  
What constitutes the right to vote. The right of the Majority to rule. The effects of Romanism and Protestantism on civilization. The Political power of the Pope. Romanism and Freedom. Folly of supporting American Institutions under no legends. American Citizens—native or adopted—Romanist or Protestant equally interested in resisting foreign influence. Evils of Military organizations exclusively of nationalized citizens. Secret Societies, their use and abuse. The Citizens of a Republic. Naturalization laws of the United States. American Nationality. The Common Cause.  
This work, written in an earnest American spirit, by able and experienced writers selected for their eminent fitness for the task, will be found worthy the attentive perusal of the whole American people. It condenses a prodigious amount of most valuable information relating to our social and political economy, and the dangers to which our civil and national liberties are exposed, together with instructions drawn from the history of the classic and modern republics.—This production must become the great textbook for American citizens; since it is thorough in its investigations, and of such depth, stirring interest, that it cannot fail making its direct appeal to the hearts of the people.

**THE NATIONAL HISTORY OF THE U. S.;** Comprising the Colonial, Revolutionary and Constitutional Records of the Country; based upon, and including the Documents of the Federal Government, &c. By Benson J. Lossing and Edwin Williams. In two volumes, royal 8vo., profusely illustrated with fine engravings on steel and wood, must be considered as the most valuable work in its character and of intrinsic value as a standard authority for the statesman, historian and general reader; and no less important as the exponent of the political ethics and progress of the Confederacy.—It will be regarded as the National History of the country, and as the great work of the Colonial, Revolutionary and Constitutional, condensed from the national archives. The work is splendidly illustrated by original views of the national buildings, offices of state, &c.  
**New Ready: The Statesman's Manual;** Containing the President's Messages, inaugural, annual and special, from those of Washington to the present time; with their Memoirs and Histories of their Administrations. Also, valuable Documents and Statistics. Compiled from official sources, by Edwin Williams.  
The new edition brought down to the present time. 4 volumes 8vo., with portraits of all the Presidents, cloth, extra gilt, \$10 00.  
This great national work has received the highest commendation from the Press throughout the country, as well as from some of the most distinguished persons connected with the Federal & State Governments. It is indispensable to all persons in any way connected with official or governmental affairs. A full analytical Index accompanies the work by which immediate reference can be made to any great question—political, social, or legal.  
A new and enlarged edition (the 20th thousand) OF DR. DOWLING'S HISTORY OF Romanism; with Supplements bringing the history down to the present time: with 50 engravings. 1 vol. 8vo., 800 pages, cloth gilt, \$3.  
**The American and Odd-FELLOWS' LITERARY MUSEUM;** Containing Gems of Literature, prose and verse, by eminent writers; with over thirty engravings on steel.  
2 volumes 8vo. muslin gilt, \$5 00.  
A noble compendium of choice literature could hardly be collected—an elegant book for the centre-table and for presentation—it is equally fitted for the library.—N. Y. Mirror.  
Active and responsible Agents for the above works, wanted in every State of the Union—who will please address

**The Scientific American.**  
The Eleventh Annual Volume of this useful publication commences on the 17th day of September next.  
The Scientific American is an illustrated periodical, devoted chiefly to the promulgation of information relating to that prominent branch of human knowledge, the Mechanical and Chemical Arts, Industrial Manufactures, Agriculture, Patents, Inventions, Engineering, Millwork, and all interests which the light of Practical Science is calculated to advance.  
Reports of U. S. Patents granted are also published every week, including official copies of all the Patent Claims, together with news and information upon Thousands of other Subjects.  
The Contributors to the Scientific American are among the most eminent Scientific and practical men of the times. The Editorial Department is universally acknowledged to be conducted with great ability, and to be distinguished not only for the excellence and truthfulness of its discussions, but for the fearlessness with which error is combated and false theories are exploded.  
Mechanics, Inventors, Engineers, Chemists, Manufacturers, Agriculturists, and people of every profession in life, will find the Scientific American to be of great value in their respective callings. Its counsels and suggestions will save them hundreds of dollars annually, besides affording them a continual source of knowledge, the experience of which is beyond pecuniary estimate.  
The Scientific American is published once a week; every number contains eight large quarto pages, forming annually a complete and splendid volume, illustrated with several hundred original engravings.  
Specimen copies sent gratis.  
TERMS—Single subscriptions, \$2 a year, or \$1 for six months. Five copies, for six months \$4; for a year, \$6.  
For further Club rates and for statement of the fourteen large cash prizes, offered by the publishers, see new inventions, and advice inventors, without charge, in regard to the novelty of their improvements.

**Books for the Sons of America.**  
**A VOICE TO AMERICA;** Or, the Model Republic, its Glory or its Fall; with a review of the Causes of the Decline and Failure of the Republics of S. America, Mexico, and the Old World; applied to the Present Crisis in the United States. One volume, 12mo., about 400 pages, cloth gilt, \$1 25.  
**Contents of the Work.**
