Holloway's Ointment and Pills, infallible Remedies for Salt Rhenm—Bdward Jackson of Galveston, Texas, suffered unceasingly for four years with salt rheam, so bad was he that for four or five months at a time, he was compelled to keep his bed, and the doctors told him candidly that he need never again expect to be well. Finding this to be the case, he dismissed them, and immediately put himself under a course of Holloway's Ointment and Pills, these fine remedies soon made such an improvement in him that he was enabled to resume his occupation; and by continuing them for a short time he was restored to the blessings of health, which he has enjoyed ever since.

EF Horanne Sachtrick of Lipe on the Western Waters there have been thirty-nine thousand six hundred and seventy-two lives loat by steamboat disasters, three hundred and eighty one boats and cargoes lost, and seventy boats seriously injured, amounting in the aggregate to the evormous sum, of sixty-seven million of dollars. It is to be hoped that this forthcoming work will have the effect of arcesting the attention of the Government to the importance of Western interests, so far as our great rivers and lakes are conceined.

PILLS—The combinations of impredients in

Pills proyed successful. The Pills invariably open those obstructions to which females
are Hable, and bring nature into its proper
channel, whereby haath is restored, and the
pale and deadly countenance changed to a
healthy one. No femsie can enjoy good
health unless she is egular; and whenever
an obstruction takes place, whether from exposure, coid, or any other cause, the general
health immediately begins to decline, and the
want of such a remedy has been the cause of
so many consumptions among young female.
To ladies whose health will not permit an increase of their family, these Pills will prove
a valuable acquisition, as they will prevent
pregnancy. Headache, pain in the side, paipitation of the heart, loathing of food, and
disturbed sleep do most always arise from the
interruption of nature; and whenever that is
the case, the Pills will invariably remedy all
these vils. Nor are they less efficacious in
the cure of Lencorthora, commonly cathed the

IMPORTANT TO THE LADIES AT

Dr. Geisskan's Celebrated Menstrua Pills have been long and widely known as invariably certain in removing any stoppage, irregularity, or suppression of the menses.

In the lonale hospitals in Vienna, Paris, and Berlin, they have entirely superseded the use of, all other remedies; because, where a cure is attainable by medicinal agencies, they are gerain of success. Their astonishing efficacy would be almost incredible, if networned for by indubinable testimony, in numerous instances producing returns of the monthly period after all hope had been abandoned.
