Scarcher of hearts! from mine erase
All thoughts that should not be,
And in its deep recesses, trace
My gratitude to thee!

Hearer of prayer, ch! guide aright, Each word and deed of mine; Life's battle teach me how to fight, And be the victory thine.

Giver of all! for every good
In the Redeemer came—
For shelter, raiment, and for food,
I thank thee in His name.

Father, and Son, and Holy Ghost!
Thou glorious Three in One!
Thou knowest best what I need most,
And let THY WILL BE DONE!

IMPORTANT TO FEMALES—Dr. CHEESEMANS'
PILLS.—The combinations of ingredients in these Pills, is the result of a long and extensive practice; they are mild in their operation, and certain in restoring nature. To the Pills proper channel. In every instance byte and proper channel, in restoring nature into its proper channel, whereby heath is restored, and they are liable, and bring nature into its proper channel, whereby heath is restored, and they heath one. No female can enjoy good health unless she is egular; and whenever an obstruction takes place, whether from exposure, cold, or any other cause, the general kealth immediately begins to decline, and the want of such a remedy has been the cause of so many consumptions among young female. To ladies whose health will not permit an increase of their family, those Pills will prove a valuable acquisition, as they will prevent pregnancy. Headache, pain in the side, palpitation of the heart, loathing of food, and disturbed sleen do more always arise from the interruption of nature; and whenever that is the case, the Pills will invariably remedy all these evils. Nor are they less efficacious in the care of Leucorthoca, commonly called the "Whitea," These Pills should never be taken during pregnancy, as they would be sure to cause a miscarrigue. To IMPORTANT TO THE LADIES.

Or. Grissker's Celebrated Menstrual Pills have been long and widely known as invariably certain in removing any stoppage, irregularity, or suppression of the menses. In the female hospitals in Vienna, Paris, and Bethis, they have entirely superseded the use of all other remedies; because, where a cure is attainable by medicinal agencies, they are certain of success. Their astonishing efficacy would be almost incredible, if not vouched for by indubtable testimony, in numerous instances producing returns of the monthly period after all hope had been abandoned.

BY the aid of a microscope, we see mitton of little openings on the stringe of our bodies. Through these this Ointment, when rubbed on the skin, is carried to any organ or inward pan. Diseases of the Kidneys, disorders of the Liver, affections of the heart, Inflammation on the Lungs, Asthmas, cough, and colds, are by its means effectually oured. Every housewife knows that salt passes freely through bone or meat of any thickness.—This healing Ointment far more readily penetrates through any bone or fleshy part of the living body, curing the most dangerous inward complaints, that cannot be reached by other means.
