IMPORTANT TO FEMALES—Dr. CHERSEMANS'
PILLS—The combinations of ingredients in
these Pilks, is the result of a long and extensive practice; they are mild in their oper,
etion, and certain in restoring natuee to its
proper channel. In every instance have the
Pills proved successful. The Pills invaria
bly open those obstructions to which females
are liable, and bring nature into its proper
channel, whereby heath is restored, and the
pale and deadly countenance changed to a
healthy one. No female can enjoy good
health unless she is egulan; and whenever
an obstruction takes place, whether from exposure, cold, or any other cause, the general
health immediately begins to decline, and the
want of such a remedy has been the cause of
so many consumptions among young female. so many consumptions among young female To ladies whose health will not permit an in-To ladies whose health will not permit an increase of their family, those Pills will prove a valuable acquisition, as they will prevent pregnancy. Headache, pain in the side, palpitation of the heart, loathing of food, and disturbed sleep do more always arise from the interruption of nature; and whenever that is the case, the Pills will invariably remedy all these evils. Nor are they less efficacious in the cure of Leucorthoea, commonly called the "Whites," These Pills should never be taken during pregnancy, as they would be sure to cause a miscarriges. Warranted to be purely Vegetable, and free from anything injurious to life or health. Full and explicit directions escompany each box.

life or health. Full and explicit directions excompany each box.

These Pills are put up in square flat boxes. Perons residing where there are no agency established, by enclosing One Dollar in a letter postpaid to Dr. C. L. Chesseman, No. 267 Blecker street, New York City, can have them sent to their respective addresses by return of mail.

DI. GEISSNER'S Celebrated Menstroal Pills have been long and widely known as invariably certain in removing any stoppage, irregularity, or suppression of the menses.

In the female hospitals in Vienna, Paris, and Berlin, they have entirely superseded the use of all other remedies; because, where a cure is attainable by medicinal agencies, they are certain of success. Their astonishing efficacy would be almost incredible, it not vouched for by indubinable testimony, in numerous instances producing returns of the monthly period after all nope had been abandoned.

Each box will be signed by Dr R. G. Geiss-

"Love rules the court, the camp the grove. For Love is Heaven, and Heaven is Love."

So sang the Bard; yer thousands pine For love—of life the light divine—
Who, did they know some gentle charm, The hearts of those they love to warm, Might live, might die, in bliss supreme, Possessing all of which they dream. The road to Wedlock would you know? Delay not, but to RONDOUT go.

Time flies, and from his gloomy wings A shadow falls on living things;
Then setze the moments as they pass, Ere fall the last sands through the glass; At least the present is your own, While all the future is unknown.

I gives you instructions for beautifying the person.

It gives you instructions for beautifying the person. How to have a handsome face and hands. How to remove tan and freckles. A lecture on love, or a Private Advice to Married Ladies and Gentlemen.

This is decidedly the most fascina'ing, interesting and really useful and practical work on Couriship, Matrimony, and the duties and delights of Married Life, that has ever been issued from the American press. The artificial-social system, which in so many instances prevents a union of hearts, and sacrifice to conventionalism the happiness and even the lives of thousands of the young and hopeful of both sexes, is thoroughly analyzed and exposed. Every one who contemplates marriage, and wishes for an infallible guide in the selection of a pariner for life, should purchase this great text book of connubial felicity.
