SALAMANDER SAFES;

EVANS & WATSON,
No. 26 South Fourth St.,
PHILADELPHIA.

Great Fire, Chestnut & Fifth Streets,

MONDAY MORNING, DECEMBER, 15th, 1854. EVANS & WATSON'S SALAMANDER SAFES TRIUMPHANT, as they always are when put to the test.

Philadelphia, Dec. 15th, 1854.

Messrs. Evans & Watson, No. 26 south Fourth Street, Philadelphia.—Gentlemen:—We take pleasure in recommending your Salamander Safes to merchants and others in want of a secure means of preserving their books, papers, &c., from fire, as the one we purchased from you about seven months since has preserved our books, papers, and cash in as good condition as they were when put into it, before the great fire of this morning, which destroyed the entire block of buildings corner of Chestnut and Fifth Streets. The above Safe was in use in our office, on the second floor of our building, from which place it fell into the cellar, and remained there until the fire was out.—The safe was then removed, and oppened in the presence of at least 1000 persons, who witnessed the good condition of the contents. Will you please have the Safe and locks repaired, as we intend to put it in use again, having perfect confidence in its fire proof qualities. Yours, respectfully,

LACEY & PHILLIPS.

Evans & Watson take pleasure in referring to the following, among the many hundreds, who have their Safes in use:—U. S. Mint, Philadelphia; Farmers & Mechanics' Bank, Philadelphia; Samuel Allen, Esq. High Sheriff, Philadelphia; John N. Henderson, City Controller; Caleb Cope & Co., No. 183 Market street; Richard Norris & Son, Locomotive builders, Philadelphia; Bancroft & Sellers, Machinists, corner 16th and James streets; Franklin Fire Insurance Co., Philadelphia; Pennsylvania Railroad Co., Philadelphia; Lacey & Phillips, corner of 5th and Minor street; Sharpless Bro., No. 32 south Second street; James, Kent & Santee, No. 147 north Third street.

A large assortment of the above Safes always on hand [warranted to stand at least 10 per cent. more fire than any Herring's Safe now in use.] Evans & Watson also manufacture and keep for sale, Iron Shutters, Iron Doors, and Iron Sash, for making fire proof Vaults, for Banks, stores, private and public buildings; Seal and Letter Copying Presses; Patent Slate Lined Refrigerators, &c.

Please give us a call at No. 26 South 4th street Philadelphia.

SCHOOL BOOKS!

Adopted by the Brooklyn Board of *EDUCATION.*

TO BE USED IN THE PUBLIC SCHOOLS.

THE following books were adopted by the Board at their regular meeting, February 6th, 1856.

Stoddard's Arithmetical Series, by John F. Stoddard A. M. President of the University of Northern Pennsylvania. Comprising

The Juvenile Mental Arithmetic 12½ cts., 72 pp. for Primary Schools, to precede

The American Intellectual Arithmetic 164 pp. an extended work, designed for Common Schools, Seminaries and Academies, 20 cts.

Stoddard's Practical Arithmetic half bound, which embraces every variety of exercises appropriate to written Arithmetic, 40 cents.

Stoddard's Philosophical Arithmetic, a higher work for Colleges and advanced classes in Union Schools, Seminaries and Academies, 60 cents.

A whole volume of the most exalted recommendations of this series of Arithmetics, from the best Educators in all sections of the country, who have used them, can be shown. The following will be sufficient for the present purpose.

BROOKLYN SCHOOLS.

Having submitted "Stoddard's Intellectual Arithmetic to the practical test of the school room, we have no hesitation in expressing a strong preference for it over all text Books on the subject. The author has taken a decided step in advance of those who have preceded him; and his labors are likely to do much toward popularizing a study, the importance of which as a mental discipline can hardly be over estimated. The works formerly in use were dificient of systematic arrangement, were neither gradual enough in their transitions, nor sufficiently comprehensive and varied as regards their examples.—Stoddard's on the other hand, is an eminently practical book; philosophical in its arrangement, natural and lucid in its analaysis, original in its design, adapted at the commencement to the comprehension of beginners and carrying the pupil by easy inductive steps through the most complicated operations it seems invuluerable to criticism, and leaves little or nothing to be accomplished by future authors on this subject. The examples are numerous and varied, embracing all cases likely to arise in business; and there are not less than fifty pages of questions capable of Algebraic solutions. The Chapters on Percentage, interest and Discount, are worthy of special commendation. In these the author has an entire original plan; which enables the pupil to solve mentally, with perfect ease, questions which, without this drilling, few are able to manage even on the slate.

In view of these striking and excellent features, we warmly commend Prof. Stoddard's work to all who are interested in the education of youth.

Signed by ten principals of the Brooklyn Public Schools.

Messrs. Sheldon, Lamport & Blakeman:—Gentlemen—I examined the copies of Stoddard's Series of Arithmetics, with which you kindly furnished me in July last, and was so well pleased with the result of that examination, that at the opening of the Fall Term of the Institute I introduced the Intellectual and the Practical, and at the commencement of the Winter Term, the Philosophical. The result has far exceeded my expectations. They have triumphantly passed that most searching of all tests for school books—the class and the recitation room. Each book is superior in its kind and for the purpose for which it was designed: and taken together they constitute the most perfect Series of Arithmetics that I have ever seen. I can honestly, as well as earnestly commend them to the attention of teachers and others interested in the promotion of this important study.

Yours very truly,
DAVID BURBANK,
Principal.

To the Committee on Text Books of the Board of Education.

GENTLEMEN:

I am informed that it is your intention to report to the Board within a short time one or more series or sets of School Readers as suitable books; to be adopted and used in the Public Schools of this city.

Having used in the Institution during the past year or two a part of Webb's series (No. 2, 4, 5,) with very satisfactory results; it may not be considered by you that I am taking too much liberty in expressing that desire that you may find it consistent with your views to recommend that series, and that we may thereby be allowed the privilege of continuing their use in our school.

Most respectfully yours,
H. H. WOODWORTH, Principal.

Brooklyn, Oct. 10, 1855.

To the Committee on Text Books of the Board of Education.

GENTLEMEN:

I have carefully examined Webb's Normal School Reader and take pleasure in bearing testimony to their existence.

The selections are varied, interesting and instructive and containing some of the purest gems of thought and expressions to be found in the language.

To the student they afford the necessary facilities for becoming a good reader, at the same time they are all calculated to form a correct taste to instil noble and elevated sentiments, and to impart a relish for those pleasures which arise from the contemplation of the beautiful and good.

They are well adapted for Text Books in our Common Schools. I have heard several very competent teachers speak in high terms of the series.

I am gentlemen, Resp. yours,
DAVID LYMAN.

Brooklyn, Oct. 5, 1855.

To the Committee on Text Books of the Board of Education.

DEAR SIR:

As Chairman of the Committee on School Books, I address you this note with reference to Webb's Series of Readers

I have examined said Readers with considerable care, and am therefore prepared to say, that I should be much gratified with their introduction into our schools. At least one or more new series of readers ought in my opinion to be immediately adopted for our use by the Board of Education, and I believe none would more generally please the teachers of our school, or tend to interest and edify their pupils or lead to more satisfactory results than the series under consideration.

Respectfully yours,
A. B. CLARK,
Principal Pub. School No. 3.

To the Committee on Text Books of the Board of Education.

DEAR SIR:

Having learned that the Committee of which you are Chairman are about to recommend a new series of Readers for the use of our Schools allow me to express the hope that you will give Webb's Normal Series a favorable consideration.

From what I know of these Readers, and from the testimony of others in whom I have the fullest confidence, I believe them to be superior to any of those now in use in our Schools, and hope to see their claim acknowledged by a speedy and general adoption.

Very respectfully yours,
THOS. H. VALENTINE,
Principal Pub. School No. 19.

A MARVELLOUS REMEDY! FOR A MARVELLOUS AGE.

HOLLOWAY'S OINTMENT

THE GRAND EXTERNAL REMEDY!

BY the aid of a microscope, we see million of little openings on the surface of our bodies. Through these this Ointment, when rubbed on the skin, is carried to any organ or inward part. Diseases of the Kidneys, disorders of the Liver, affections of the heart, Inflammation on the Lungs, Asthmas, coughs and colds, are by its means effectually cured. Every housewife knows that salt passes freely through bone or meat of any thickness. This healing Ointment far more readily penetrates through any bone or fleshy part of the living body, curing the most dangerous inward complaints, that cannot be reached by other means.

Erysipelas, Salt Rheum and Scorbutic Humors.

No remedy has ever done so much for the cure of disease of the Skin, whatever form they may assume, as this Ointment. No case of Salt Rheum, Scurvy, sore heads, Scrofula, or Erysipelas, can long withstand its influences. The inventor has traveled over many parts of the globe, visiting the principle hospitals, dispensing this Ointment, giving advice as to its application, and has thus been the means of restoring countless numbers of health.

Sore Legs, Sore Breasts, Wounds and Ulcers.

Some of the most scientific surgeons now rely solely on the use of this wonderful Ointment, when having to cope with the worst cases of sores, wounds, ulcers, glandular swellings, and tumors. Prof. Holloway has by command of the Allied Governments, dispatched to the hospitals of the East, large shipments of this Ointment, to be used under the direction of the Medical Staff, in the worst cases of wounds. It will cure any ulcer, glandular swelling, stiffness or contraction of the joints, even of 20 years' standing.

Piles and Fistulas.

These and other similar distressing complaints can be effectually cured if the Ointment be well rubbed in over the parts affected, and by otherwise following the printed directions around each part.

Both the Ointment and Pills should be used in the following cases:

Bunions,	Lumbago,
Burns,	Mercurial Eruptions,
Chapped Hands,	Piles,
Chilblains,	Rheumatism,
Fistulas,	Salt Rheum,
Gout,	Sore Legs,
Skin Diseases,	Swelled Glands,
Sore Breasts,	Stiff Joints,
Sore Heads,	Sores of all kinds,
Sore Throats,	Scalds,
Sprains,	Wounds of all
Ulcers,	kinds.
Venereal Sores,

MASON BROTHERS, NEW YORK,

WILL PUBLISH, JANUARY 19th,

LAMMERE.

BY MRS. JULIA C. R. DORR,

☞ *AUTHOR OF "FARMINGDALE."* ☜

1 Vol. 12mo. Price $1 25, Magnificently bound.

THE many readers and admirers of "Farmingdale" will anticipate with pleasure a new volume from the pen of "Caroline Thomas," the *nom de plume* formerly used by Miss Dorr. We can assure them that they will not find "LAMMERE" one whit less charming than its predecessors. We shall be disappointed if the public do not award it yet warmer praise.

SATURDAY, FEBRUARY 2ND,

EDITH; OR, THE QUAKER'S DAUGHTER, A tale of Puritan times. By one of her descendants. 1 vol., 12mo. Price $1 25.

The scene of this Domestic Tale is laid during that religious persecution of the Quakers which is so deep and sad a stain upon the bright fame of the Puritans. To the charm of absorbing interest as a tale, it adds the attraction of historical accuracy.

We have never announced new books with greater satisfaction than in the present instance. These are not sensation books.—They do not in any respect belong to the "gutter literature," of the day. Differing widely in plot, purpose and style, they may alike lay claim to fascinating interest and an adaption to improve both head and heart.

☞ Any newspaper giving this advertisement three insertions, and sending us a copy of paper with advertisement marked, will receive advance copies of the work, by mail, post paid. MASON & BROTHERS,
