

SINGULAR PHENOMENON.—Osteo, June 5. During the thunder storm, yesterday, the Lake suddenly rose three feet, and as suddenly fell again. The phenomenon was repeated several times, causing vessels to be forced rapidly from their moorings, and creating a general commotion in the harbor.

Holloway's Pills, the most powerful Remedy for all disorders affecting the intestines.—These Pills are pronounced without hesitation by all who have tried them to be one of the most efficacious remedies ever made known, they act so directly upon the affected parts that it is impossible any disease of the stomach or bowels can resist their searching influence, and so they thoroughly pass through and cleanse the system, removing all traces of disease. It is a remarkable fact, that these Pills seldom fail to restore the patient to health even after every other remedy has been used unsuccessfully.

MARRIED.

On the 5th inst., by Rev. George Warren, Mr. DAVID EVANS, to Miss ELIZABETH STIFF, both of Bloomsburg.

HERRING'S PATENT CHAMPION!
The only safe which, in every instance, preserved the entire contents at the late extensive fire.
AT THE BURNING OF THE ARTIZAN BUILDINGS, April 10th, and in the great fire in Market Street, May 1st, 1856, the genuine Herring's Patent Safes preserved the Jewellery of George W. Sims & Co.; Books, Papers &c. of Fisher & Bro. and Edward Semans & Co., after remaining exposed in the burning ruins for nearly forty hours, and proving conclusively what we have always claimed for them, their great superiority over all securities known.

In these fires, the HERRING'S SAFE, standing side by side with those advertised as "warranted to stand 10 per cent. more fire than Herring's," came forth the acknowledged victor, not only preserving their contents in excellent order, but being themselves in a condition to go through another ordeal, while the boasted "Salemanders" of other makers were badly used up in every instance, and in some cases their entire contents completely destroyed.

To the public we would simply say, that, during the fourteen years of the Herring's Safe has been before them, more than two hundred have passed through accidental fires without the occurrence of any loss of property.

We would, therefore, caution purchasers against the misrepresentation of interested parties. The Herring's Patent is the only fire-proof safe made in this city which is protected by a Patent Right, and we will guarantee it to resist more than double the amount of heat of any other safe now known.

HALL'S GUITARS.
Already Unsurpassed in Tone and Superior in Durability.
BY still greater perfection in our machinery, and consequent facility for making Guitars, we have not only added to the strength of the Instrument, but have increased the volume of tone, and made it sweeter and more sonorous. Our new arrangement of numbers does away the old style of No. 1 Guitars; and the future No. 1 will be an elegant Rosewood Instrument, superior in appearance as well as in tone to the old No. 2. Our new No. 2 will be about equal to the old No. 4, with the new improvements added; and the No. 3 will be after the style of the old No. 5.

There will be but these three regular numbers, and all extra styles will be charged according to the finish.

PRICES—NEW ARRANGEMENT.
No. 1. Elegant Rosewood Guitar, with patent head in case, with extra strings, \$18
No. 2. Do. do. Rosewood neck, extra inlaid, 25
No. 3. Do. do. oval back, centrifugal bars, fine finished oval blocking, etc., etc., 35
Extra finished Guitars, varying in price from \$40 to \$100.

The public will see that our prices are arranged to suit the Spirit of the Times, and are Greatly Reduced. Our Patent Heads are made expressly and only for our own Guitars. They are better made, of less weight, and are less liable to get out of order than any other Guitar Patent Head.

A HUMAN LIFE SAVED!
Dowagiac, Mich., March 11, 1856.
J. A. RHODES, Esq. Dear Sir—As I took your medicine to sell on consignment, "no cure no pay," I take pleasure in stating its effects as reported to me by three brothers who live in this place, and their testimony is a fair specimen of all I have received.

W. S. CONKLIN told me—"I had taken nine bottles of Christie's Ague Balsam, and continually run down while using it until my lungs and liver were congested to that degree that blood discharged from my mouth and bowels, so that all thought it impossible for me to live through another chill. The doctors told all they could for me, but thought I must die. Nothing did me any good until I got Rhoads' Fever and Ague Cure, which effected a permanent cure of my illness, and once relieved me of the distress and nausea at my stomach and pain in my head and bowels, and produced a permanent cure in a short time."

H. M. CONKLIN says—"I had been taking medicine of a good doctor as we have in our country, and after the quantity of quinine and specifics without any good result, from 20th August to 17th December. But seeing how nicely it operated on my brother, I got a bottle of Rhoads' Fever and Ague Cure, which effected a permanent cure by using two thirds of a bottle."

S. M. CONKLIN was not here, but both the other brothers say his case was the same as H. M.'s. I sold the medicine to both the same small quantity, and I might so specify. Yours with respect, P. HUNTINGTON.

The above speaks for itself. Good proof as it is, it is of no better tenor than the vast number of like certificates I have already published, and the still greater amount that is continually pouring in to me.

One thing more. Last year I had occasion to caution the public in these words: "I notice one firm who have taken one of my general circulars, substituted the name of their doctor for my medicine, and then with a bad and false report that their medicine was the best, and their pamphlet with the exclamation, 'Let the Professor of any other medicine say as much for the dars,' &c. &c."

Now I take pleasure in saying that the caution referred to the same "Dr. Christie's Ague Balsam" that is mentioned in the above certificate.

There are several other industrious people who are applying to their poisonous trash all that I publish about my Fever and Ague Cure, or Antidote to Malaria, except the certificate of cure, and the certificate of the celebrated Chemist, Dr. James R. Chilton, of New York, in favor of its perfectly harmless character, which is attached to every bottle. These will always serve to distinguish my medicine from imitations.

Report of the Grand Jury.
To the Honorable the Judges of the Court of Sessions of the County of Columbia, Pennsylvania.

The Grand Jurors of the County of Columbia, in pursuance of the duty imposed upon them by the Commonwealth, do hereby report that the body of the County of Columbia respectively REPORT that they have examined the public buildings belonging to said county and find them in tolerable good condition, and recommend in the last report having been attended to. We would direct attention to the painting about the Court-House, and recommend that it be painted anew. We would also direct attention to the privy belonging to said county, and recommend that the necessary repairs be done.

We have found the walls in the hall of the basement story of the court-house much defaced, to which we would direct attention and recommend that the necessary repairs be made. And we further report that the roads in Scott township have been represented to be in a very bad condition, especially in that part leading from Robert Pursell's in Bloom township intersecting the road leading from Epsly to Light Street—also the alleys and streets further south in Bloomsburg have been represented as being obstructed, to which we would direct your attention.

All of which is respectfully submitted the sixth day of May, 1856.
