I feel it a duty incumbent upon myself to declare publicly the great blessing Dr. Marchisi's Uterine Catholicon has proved to me. For two years my health was miserable; I was almost unable to walk. Physicians pronounced my case falling of the womb, extensive ulcerations, commencing with flour albus. The pains, irritation, proetration, &c., rendered life a burden. In this miserable condition, Dr. F. P. Newland recommended Dr. Marchisi's Uterine Catholicon. After taking four bottles I found myself in perfect health. Grailitude for my restoration makes me ardently desire that all my sex, a like unfortionate, may find sure relief from this inestimable medicine.

I would be glad to have a further supply, as the medicine is becoming very popular, and I think will continue, as it has given relief in every instance where properly taken.

Prevail on medical men to adopt it in their practice; and I have no fears of the result, from what knowledge I have obtained personally of its curative powers. I wish the medicine kept here.

I must say, from my own experience and personal observations in my practice, it has proved to be the best and safest remedy for the difficulties for which it is recommended, lapens Uleri, Flour Albus, and an inegular and painful menstruation, and diseases of irritation of the female organs.

The claims of this medicine to the confidence of the public are strengthened by the fact of its having received the approbation and patronage of many prominent members of the Medical Faculty in the United States, some of whom have voluntarily given letters of commendation, (see pamphlet,) sustaining all that is claimed for it as a curative agent. Pamphlets containing much useful information touching the nature and symptoms of the above diseases, together with testimonials from ladies of the highest respectability, as certified by the most satisfactory authority, to all which the attention of ladies and practitioners is respectfully invited, can be had gratical the state of the stat

LOOK OUT!
GOOD NEWS FOR ALL!!

THE never failing MRS. VANHORN is
the very best; she is sure to succeed
when all others have failed. All who are in
trouble, all who have been unfortunate, deceived and trifled with; all whose fond hopes
have been crushed and blasted by false promises, all who have had bad luck, fly to her
for advice and satisfaction, from whatever
cause, fly to her for relief and comfort. In
love affairs she was never known to fail—
She has the secret of winning the affections
of the opposite sex. It is this fact which
induces illiterate pretenders to try to imitate
her. She shows you the likeness of your
future wife, hubband, or absent friend. It is
well known to the public atlarge that she
is the first, and only person in this country
who can show their likeness in reality—
which can be testified and proved by thousands, both married and single, who daily
and eagerly visit her. Come one, come all,

Jas. A. Rhodes, Esq.—Dear Sir: Yours of 2d inst. is at hand. The Cure arrived late last year and the difficulty in getting any one to try it was greatly increased from the fact that a remety had been introduced which was growing in favor with the public, as being better than using Quinine,—not knowing 1 presume that the remedy they needed to escape taking Quinine, contained the DRUG ITSELF!

This remedy, (known as "Smith's Tonic.") would invariably BREAK an ague, but it did not CURE it, and it would often return with renewed vigor. The one circumstance I deemed in your favor, if I could institute a test comparison between it and your CURE. The following is the result:

Three persons took your "Cure," all of which were cases of "Quotidian Intermittent Fever," of many weeks standing. They had tried Quinine, and other remedies, occasionally missing a chill, but it was, (as in all such cases,) slowly wearing them out, and laying the foundation of other and severer maladies. I did succeed in effecting a radical cure of all three of these cases with your remedy, and they have not had a chill since. PRICE TWENTY-FIVE CENTS.

The Author of the above volume is a graduate of one or the first medical schools in the United States, and having devoted a quarter of a century to the study and treatment of Syphilis and kindred disorders as a speciality, he has become possessed of most invaluable information in regard to the same, and is able to compass into vade mecum compass the very quintessence of medical science on this important subject; as the result of the experience of the most eminent physician in Europe and America is thoroughly demonstrated in his own highly successful practice in the treatment of server diseases in many thousands of cazes in the City of Philadelphia slone.

The practice of Dr. Hunter has long boen, and still is literally unbounded, but at the earnest solicitation of numerous persons, he has been induced to extend the sphere of his professional uscfulness to the community at large, through the medium of his "Medical Manual Hand-Book for the Affliced."

It is a volume that should be in the hand of every family in the land, whether used as

Hand-Book for the Afflicted."

It is a volume that should be in the hand of very family in the land, whether used as a preventive of secret vice, or as a guide for the illeviation of one of the most awful and detructive scourges ever visited upon mankind or the sins of sensuality and impurity of every it d.

for the sins of sensuality and impurity of every ki d.

It is a volume that has received the unqualified recommendation of the first physicians in the land, while many clergymen, fathers, mothers, thilanthropists and humanitarians, have most freely extended its circulation in all quarters where its powerful teachings would be likely to be instrumental in the moral purification and physical healing of multitudes of our people, among the young, volatile and indiscreet, otherwise the pride and flower of the nation.

The author argues particularly, most strongly against every species of self-defilement, and warns parents and guardians, in searching terms, to guard the young of both sexes from the terrible consequences concomitant of their ignorance of phylological laws and sexual imterms, to guard the young of both sexes from the terrible consequences concomitant of their ignorance of phyiological laws and sexual im-purities and irregularities, whether exhibited ay precocious development or arising from the viscious and corrupting examples of their school-mates or otherwise. To those who have been already ensnared to the "paths that take hold on hell," a clear and explicit way is shown by which they may secure a return of sound health and a regeneration of the roul from its terrible pollution.

and a regeneration of the soul from its terrible polluton.

It is well known that thousands of victims are annually sacrificed at the shrine of Quackerry—especially those suffering from Veneral or Syphilitic diseases—Strictures, Seminal Weakness, Nervous Debility, and the numerous maladies which spring directly or less remotely from the indulgence of carnal passions and secretivolations of Nature.

In view of these facts, and when it is also considered that about 100,000 persons die annually in the United States of Conoumption—a large majority being the victims of the voluputous indiscretion of their progeniors, agreeably to the Scriptural enunciation, that the sins of the parents are visited upon the children, even to the third and fourth generation. The Author, imbued with sentiments of enlarged phithnthropy, will scarcely be censured for any effort to restrain the vices of the age, by the humble instrumentality of his Medical Manual.

TWENTY YEARS' EXPERIENCE. In the treatment of a class of diseases hitherto neglected and imperfectly understood, has enabled Dr. KINKELIN, Author of a work on Sel Freservation, to prove hat nine-tenths of the causes of nervous debility, local and constitutional weakness, mental and physical suffering, are traceable to certain habits, forming the most secret yet deadly and istal springs of domestic misery and premature mortality.

premature mortality.

TAKE PARTICULAR NOTICE,
There is an evil habit sometimes indulged in by boys, in solitude, and which, if not reformed in due time, not only begets serious obstacles to matrimonial happiness, but gives rise to a series of protracted, insidious, and devastating afficions. Few of those who give way to this, pernicious practice are aware of the consequences, until they find the nervous system shattered, feel strange and unaccountable feelings, and vague feare

Great Fire, Chestnut & Fifth Streets,
MONDAY MORNING, DECEMBER, 15th,
1854. EVANS & WATSON'S SALAMANDER SAFES TRIUMPHANT, as they always are when put to the test.

Philadelphia, Dec. 18th, 1854.

Messrs. Evans & Watson, No. 26 south
Fourth Street, Philadelphia,—Gentlemen:—
We take pleasure in recommending your
Salamander Sales to merchants and others
in want of a secure means of preserving
their books, papers, &c., from fire, as the
one we purchased from you about seven
months since has preserved our books, papers, and cash in as good condition as they
were when put into it, before the great fire
of this morning, which destroyed the entire
block of buildings corner of Chestnut and
Fifth Streets. The above Sale was in use
in our office, on the second floor of our building, from which place it fell into the cellar,
and remained there until the fire was out.—
The safe was then removed, and oppened in
the presence of at least 1000 persons, who
witnessed the good condition of the contents.
Will you please have the Safe and locks repaired, as we intend to put it in use again,
having perfect confidence in its fire proof
qualities. Yours, respectfully.

The unfortunate thus affected becomes feable, is unable to labor with accustomed vigor, or to apply his mind to study; his step is tarly and weak, he is dull, irresolute, and engages in his sport with less energy than usual.

REMEMBER,
He who places himself under Dr. Kinkelin's treatment may religiously confide in his honor as a genteman, and rely upon the assurance, that the secrets of Dr. K's patients will never be disclosed.

Young mau—let no false modesty deter you from making your case known to ene who, from education and respectability, can befriend you.

Too many think they will conceal the secret in their own hearts, and cure themselves. Alas! how often is this a fatal delusion, and how many a promising young man, who might have been an ornament to society, has faded from the earth.

Strictures of the urethra are rapidly removed by the application of a new therapeutical agent, used only by Dr. K. Weakness and Constitutional Debitility promptly cured, and full wigor restored.
