GOOD NEWS FOR ALL!!

THE never failing MRS. VANHORN is
The very best; she is sure to succeed when all others have failed. All who are in trouble, all who have been unfortunate, deceived and trifled with; all whose fond hopes have been crushed and blasted by false promises, all who have had bad luck, fly to her for advice and satisfaction, from whatever cause, fly to her for relief and comfort. In love affairs she was never known to fail.—She has the secret of winning the affections of the opposite sex. It is this fact which induces illiterate pretenders to try to imitate her. She shows you the likeness of your future wife, husband, or absent friend. It is well known to the public at large that she is the first, and only person in this country who can show their likeness in reality—which can be testified and proved by thousands, both married and single, who daily and eagerly visit her. Come one, come all, to No. 534 LOMBARD Street, between Juniper and Broad, Pril LADELPHIA.

April 16, 1856—6m. MONEY is received on deposit daily.— The amount deposited is entered in a Deposit Book and given to the Depositor, or it preferred, a certificate will be given. All sums, large and small, are received, and the amount paid back on demand, with-

THE undersigned, having just received the latest Paris and New York Fashions, would again beg leave to inform his numerous friends and all the world about Bloomsburg, that he is now better prepared tian ever to accommodate any one with the neatest, easiest and best fitting suits of Clothes that have been turned out lately; and not only that, but he will also do them up in the best order, upon the lowest terms.

His shop is at the old stand, (too well known to need further notice) where he may at all times be found, seated upon the bench of repentance, steadily drawing out the thread of affliction, hopeing it may in the end prove advantageous to him and his customers. He would also advise his firends to bear in mind that poor, afflicted tailors must live, or they can't be expected to work. Therefore, Wheat, Rye, Corn, Oats, Potatoes, and with all now and then a little CASH will come mighty handy from those who are back-standing on his book.

In illustration of these truths I annex some extracts from a letter just received from a Physician. Georgetown, Ohio, March 17, '56.

Jas. A: Rhodder, Eag.—Dear Sir: Yours of 2d inst. is at hand. The Cure arrived late last year and the difficulty in getting any one to try. it was greatly increased from the fact that a remedy had been introduced which was growing in favor with the public, as being better than using Quinine,—not knowing I presume that the remedy they needed to escape taking Quinine, contained the DRUG ITSELF!

This remedy, (known as "Smith's Tonio,") would invariably BREAK as ague, but it did not CURE it, and it would often return with renewed vigor. The one circumstance I deemed in your favor, if I could institute a test comparison between it and your CURE. The following is the result:

Three persons took your "Cure," all of which were cases of "Quoidian Intermitent Fever," of many weeks standing. They had tried Quinine, and other remedies, occasionally missing a chill, but it was, (as in all such cases, , slowly wearing them out, and laying the foundation of other and severer maladies. I did succeed in effecting a radical cure of all three of these cases with your remedy, and they have not had a chill since. In all three of these cases the "Smith's Tonic" had been used, and would, as before stated, break the chill, but after a period or two had elapsed it would return.

I think there will be no difficulty now in

ted, break the chill, but after a period or two had elapsed it would return.

I think there will be no difficulty now in giving to your "Cure" the vantage ground of any other remedy now in use here, &c. &c. WILLIAM BUCKNER, M. D. RHODES' FEVER and AGUE CURE, or Antidote to Malaria, the only harmless remedy in existence, is equally certain as a PRE-VENTIVE, as a "CURE." Take it when you feel the chill coming on, and you will never have a single one.

PRICE TWENTY-FIVE CENTS.

The Author of the above volume is a graduate of one or the first medical schools in the United States, and having devoted a quarter of a century to the study and treatment of Syphilis and kindred disorders as a speciality, he has become possessed of most invaluable information in regard to the same, and is able to compass into vade mecum compass the very quintessence of medical science on this important subject; as the result of the experience of the most eminent physician in Europe and Americal is thoroughly demonstrated in his own highly successful practice in the treatment of a sert diseases in many thousands of cases in the City of Philadelphia alone.

The tractice of Dr. Hunter has long boon, and still is literally unbounded, but at the earnest selicitation of numerous persons, he has been induced to extend the sphere of his professional usefulness to the community at large, through the medium of his "Medi al Manual Hand-Book for the Afflic'ed."

It is a volume that should be in the hand of every family in the land, whether used as a preventive of secret vice, or as a guide for the alleviation of one of the most awful and destructive scourges ever visited upon mankind for the sins of sensuality and impurity of every kil d.

It is well known that thousands of victime are annually sacrificed at the shrine of Quackery—especially those suffering from Veneral or Syphilitic diseases—Strictures, Seminal Weekness, Nervous Debility, and the numerous maladies which spring directly or less remotely from the indulgence of carnal passions and secretivolations of Nature.

In view of these facts, and when it is also considered that about 100,000 persons die annually in the United States of Conoumption—a large majority being the victums of the voluputous indiscretion of their progenitors, agreeably to the Scriptural enunciation, that the sins of the parents are visited upon the children, even to the third and fourth generation. PHILADELPHIA MEDICAL HOUSE—
Established 20 years ago by Dr. KINKELIN,
corner of Third and Union streets, between
Spruce and Pine, Philadelphia, Pa.

INVALIDS, Are apprised that Dr. KINKELIN confines his practice to a particular branch of medicine, which engages his individual attention. He cautions the unfortunate against the at buse of mercury; thousands are annually mercurialized out of life. Recent affections are promptly exinguished.

TWENTY YEARS' EXPERIENCE

TWENTY YEARS EXPERIENCE, In the treatment of a class of diseases http-erto neglected and imperfectly understood, has enabled Dr. KINKELIN, Author of a work on Soil Preservation, to prove hat gine-tenths of the causes of nervous debility, local and constitutional weakness, mental and physical suffering, are traceable to certain habits, forming the most secret yet deadly and statal springs of dompsite misery and gremature mortality.

TAKE PARTICULAR NOTICES

TAKE PARTICULAR NOTICE, TAKE PARTICULAR NOTICE,
There is an evil habit sometimes indulged in by boys, in solitude, and which, if not reformed in due time, not only begets serious obstacles to matrimonial happiness, but gives rise to a series of potracted, insidious, and devastating afflictions. Few of those who give way to this pernicious practice are aware of the consequences, until they find the nervous system shattered, feel strange and unaccountable feelings, and vague fears in the mind.

The unfortunate thus affected becomes feeble, is unable to labor with accustomed vigor, or to apply his mind to study; his step is tardy and weak, he is dell, irresolute, and engages in his sport with less energy than usual.

If he emancitate himself before the practice has done its worst, and enter matrimony, his marriage is unfutifull, and his senue tells him that this is caused by his early follies.—
These are considerations which should awaken the attention of those similarly situated.

MARRIAGE

MARRIAGE
Requires the fulfillment of several conditions in order that it may be really the cause of mutual happiness. Could the veil which covers the origin of domestic weetchedness be raised, and its true source in every instance disclosed—in how many could it be traced to physical disqualifications and their attendant disappiontments! Apply then while it is yet time, in order to have your unstrung and relaxed organization rebraced, revivified and strengthened.

REMEMBER. REMEMBER.

REMEMBER,

He who places himself under Dr. Kinkellu's treatment may religiously confide in his hoator as a genteman, and rely upon the assurance, that the secrets of Dr. K's patients will never be disclosed.

Young man—let no false modesty deter you from making your case known to one who, from education and respectability, can be fraund you.

who, from education and respectability, can befriend you.

Too many think they will conceal the secret in their own hearts, and cure themselves. Alas! how often is this a latal delusion, and how many a promising young man, who might have been an ornament to society, has faded from the earth.

Strictures of the ureline are rapidly removed by the application of a new therapeutical agent, used only by Dr. K. Weakness and Constitutional Debility promptly cured, and full vigor restored.

sively what we have always claimed for them, their great superiority over all secutives known.

In these fires, the HERRING'S SAFE, standing side by side with those advertised as "warranted to stand 10 per cent. more fire than Herring's," came forth the acknowledged victor, not only preserving their contents in excellent order, but being themselves is a condition to go through another ordeal, while the boasted "Salemandess" of other makers were badly used up in every instance, and in some cases their entire contents completely destroyed.

To the public we would simply say, that, during the fourteen years of the Herring's Safe has been before them, more than two hundred have passed through accidental fire without the occurrence of a single loss. We would, therefore, caution purchasers against the misrepresentation of interested parties. The Herring's Patent is the only Fire-proof Safe made in this city which is protected by a Patent Right, and we will guarantee it to resist more than double the amount of heat of any other Safe now known.
