PROSPECTUS
OF THE
DAILY PENNSYLVANIAN
A DOUBLE SHEET MORNING NEWSPAPER.

The Proprietor of the Philadelphia "*Daily Pennsylvanian*," in view of the Presidential Election, has made ample arrangements for the improvement of that Journal in all its various departments. A double sheet, consisting of eight pages of six columns each, printed on good paper, with clear type, is issued daily. No pains are spared to do full justice to every part of that paper. The largest telegraphic news from all parts of the country will be found in its columns; and at great expense, talented correspondents from whom highly interesting letters are received, have been secured, not only in England, France, Washington and New York, but in many other parts of the country. Great attention is also paid to the monetary, commercial, and especially the shipping list department of this Journal, as well as to the local news of the City. And while every desirable feature of a *Newspaper* is thus engrafted upon the *Pennsylvanian*, it will continue with redoubled energy and determination to do battle for the Constitution and the Union.

The editorial conduct of *The Pennsylvanian* has met with general approval, on account of the fearlessness with which it assailed the dangerous political heresies introduced by an organization acting in secret, and corrupting the whole moral structure of society. Abolitionism also, has found in *The Pennsylvanian*, an unrelenting enemy because the doctrine is subversive of the rights of one portion of our country.

That of course has been approved of by our party, and intelligent citizens generally, is attested by the prosperity of our establishment. Our subscription has increased fourfold, and our advertising is a still greater ratio. Already has our issue reached ten thousand; and at our present rate of progression, before the year 1855 shall have expired it will be double that number. The Proprietor intends to spare no expense to make *The Pennsylvanian* one of the first journals of the country in all its departments, and in this way merit the patronage of a deserving public.

The Opposition, fully aware of the immense power and influence wielded by the press, avail themselves of it to the fullest extent. The circulation of their organs are increased by every possible means and the whole power of their organization is used to accomplish that object. The speeches of their disunion orators, and other incendiary documents, are sown broadcast throughout the land, and obtrusively thurst into the hands of every voter. Those who have so much holier a cause to advocate, and upon the success of whose labors rest the durability of the very corner stones upon which our happness is founded,—civil and religious liberty,—and the perpetuation of the Union itself, should not be less active. We appeal to the true Democracy, and to all Constitution loving citizens, to come forward and aid us in disseminating correct political information, and exposing the nefarious designs of our antagonists. We appeal alike to the citizens of the North, and of the South to aid in the circulation of those sentiments, and support of those measures, which are advocated by the only National Political organization now in existence.

The Proprietor can already boast of a large circulation in the Southern States, and he is anxious to increase the number of his readers in that region, so that his hands may be strengthened for coming conflicts against those who are not only the enemies of the South, but the enemies of all true men in every portion of the Confederacy. In Pennsylvania, and the Northern and Western States, an increased circulation of this journal will do much as an antidote to the poisonous doctrine of the Union-hating Black Republicans, and tyranical and corrupt Know Nothings. We therefore confidently calculate upon the hearty cooperation of our political friends to the extension of our circulation, and feel confident that this appeal will not be made to them in vain.

TERMS:

DAILY PENNSYLVANIAN, *Double Sheet*, $6,00 per annum, if paid in advance, or $7 at the end of the year.

TRI-WEEKLY, $3,00 per annum, if paid in advance or $3,50 at the end of the year.

WEEKLY $1 00 per annum, invariably in advance.

The price for the WEEKLY PENNSYLVANIAN, for a single year, is ONE DOLLAR per annum, but for the purpose of further increasing the circulation, we offer the following inducements to agents and others to raise Clubs:

One Copy one year,	$1 00
Six do do	5 00
Twelve do do	10 00
Eighteen do	15 00
Twenty-five do	20 00

THE CAMPAIGN WEEKLY.

Persons who wish to receive the paper merely during the campaign, will have it sent on the following terms, for six months from the time of subscribing:

1 Copy,	0 50
5 copies to one address,	$1 00
10 " "	4 00
20 " "	8 00
30 " "	12 00
40 " "	16 00
50 " "	20 00
100 " "	40 00

Large Clubs in proportion—*Cash always in advance.*

Although the rate at which the *Weekly Pennsylvanian* is offered falls far below the real value of such a publication, we are willing for another year to test the experiment of continuing to issue it at this reduced price in the confident hope that, by an extensive circulation, we may be secured from the heavy pecuniary sacrifice which such an experiment involves.

Postmasters will confer a favor by sending to one address when convenient.

East Side, above Market, Philadelphia, Pa.

PUBLISHERS of Pelton's System of Geography, taught by the aid of six splendid outline maps, each covering nearly 50 square feet, and forming an invaluable as well as elegant ornaments for the school room.

Children are delighted to study Geography by this system. They learn so rapidly and receive such clear impressions of the subject, that it is a pleasure to both teacher and pupil to be engaged in it. We all know that a better and more lasting idea of a locality is obtained by looking at a bold and distinct drawing of it, than by volumes of description. If a man wants to get an exact idea of a farm he has been purchasing, he learns more by one look at the draft on the back of the deed, than by reading the description inside twenty times. This is the great principle of Pelton's system of Geography, and there are others equally practical combined with it which entitle it to the reputation it sustains, as the best and quickest mode of teaching Geography, yet introduced.

PHYSICAL GEOGRAPHY—including all the invaluable discoveries in this science, of Lieut. Maury and his coadjutors, is beautifully illustraied by these maps and the accompanying keys. The keys are to be used by the scholars, and cost less than half the price of a Geography and Atlas.

SOWER & BARNES also publish Sander's New Readers, of which over *two hundred thousand* were sold within six months of their publication. Their success has been wonderful, but their beautiful appearance and evident superiority justifies it.—Prof. Sanders is a practical teacher of public schools, who has made the subject the study of his life. Eighteen years ago he published a series of Readers, which had great popularity, but the *new* series on which he has been engaged ever since, are acknowledged by all to be the greatest advance yet made in Readers. Eminent teachers everywhere, who have been so bored by book agents that they were unwillingly induced to look at them, have at once pronounced their excellence and introduced them over all kinds, and the best which had been published before them.

School Directors and Teachers are respectfully invited to write to us concerning School Books.

A full assortment of Miscellaneous and School Books, paper and Stationary, including Blank Books, of all kinds, on hand and for sale at the lowest wholesale prices, in large or small quantities, to country Merchants.

PHILOSOPHY AND FACT.

HOLLOWAY'S PILLS.
The Exciting Cause of Sickness.

The blood is the life sustaining agent. It furnishes the components of flesh, bone, muscle, nerve and integument. The stomach is its manufactory, the veins its distributors, and the intestines the channel through which the waste matter rejected in its productions is expelled. Upon the stomach, the circulation and the bowels, these Pills act simultaneously, relieving indigestion, purifying the fluids, and regulating the excretions.

THE NATIONAL COMPLAINT.

Dyspepsia is the most common disease among all classes in this country. It assumes a thousand shapes, and is the primary source of innumerable dangerous maladies; but whatever its type or symptoms, however obstinate its resistance to ordinary preparations, it yields readily and rapidly to this searching and unerring remedy.

BILIOUS AFFECTIONS.

The quantity and quality of the bile are of vital importance to health. Upon the liver, the gland which secretes this fluid, these Pills operate specifically, infallibly rectifying its irregularities, and effectually curing Jaundice, Bilious Remittents, and all the varieties of disease generated by an unnatural condition of the organ.

BOWEL COMPLAINTS.

Unless the bowels perform their functions properly, the whole body suffers. Tens of thousands die annually of Dysentery, Diarrhœa, Chronic consumption, and other diseases of these waste pipes of the system.—The effect of the Pills upon all intestinal disorders, whether casual or epidemic, is a phenomenon in medicine. By following the printed directions, the most alarming cases of bowel complaint are promptly controlled.

A Word to Females.

The local debility and irregularities which are the especial annoyances of the weaker sex, and which, when neglected, always shorten life, are relieved for the time being, and prevented for the time to come, by a course of this mild but thorough alterative.

HOLLOWAY'S PILLS

Are the best remedy known in the world for the following diseases:

Asthma,	Diarrhœa,
Bowel Complaints,	Dropsy,
Coughs	Debility,
Colds,	Fever and Ague,
Chest Diseases,	Female Complaints,

A CALL
TO THE FASHONABLE AND
OTHERS.

THE undersigned, having just received the latest Paris and New York Fashions, would again beg leave to inform his numerous friends and all the world about Bloomsburg, that he is now better prepared than ever to accommodate any one with the neatest, easiest and best fitting suits of Clothes that have been turned out lately; and not only that, but he will also do them up in the best order, upon the lowest terms.

His shop is at the old stand, (too well known to need further notice) where he may at all times be found, seated upon the *bench* of repentance, steadily drawing out the *thread* of affliction, hopeing it may in the *end* prove advantageous to him and his customers. He would also advise his friends to bear in mind that poor, afflicted tailors must live, or they can't be expected to work. Therefore, Wheat, Rye, Corn, Oats, Potatoes, and with all now and then a little CASH will come mighty handy from those who are back-standing on hte book.

Remember, gentlemen, that in all cases "the laborer is worthy of his hire."
