'Shill so supplies. Three of as have been
out all day without getting a shot. Haus
thinks he saw a couple of reindeer at a distance; and his eyes carely deceive him. Ho
will try, lor them to merrow. I have fitted
out for him a test and a sleeping been on the
second table land; and the thermometer is
now so little below zero that he will be able
to keep the field for a steady hunt. Our
sick are sinking for the want of fresh food.
It is the only specific. I dislike to use the
upphilosophical term, but in our case it is the
true one. In large quantities it dissipplies the
disease; in ordinary rations it prevents its
occurrence; in small doese it checks if, while
snataning the pasient. We have learned its
value too well to water it; every pan of evary solums has its use. The skin makes the
hasles it a comp and the claws can be boiled
to rejuly. Lunge, largue, stomech and entrail of our last half dozen rabbits. Not that
