# FREMONT,

THE MUSTANG CANDIDATE.

If Col. Fremont had as many friends as the Mustang Liniment, the opposition could not draw a corpo: al's gnard. Mr. Fremont remarked in his dispatches to President Fillmore, while transporting horses and cattle over the plains to Mexico, "That if the Government would send him a thereft supply of Mustang Liniment, it would save 25 per cent. of his losses?" This is very important for all Farmers and Liverymen to know. The Mustang Liniment is a wonderful article for man or beast. It should always be used for Sores, Swellings, Stiff Joints, Burns, Braises, Rheumatic Pains, &c., and for Galds, Sprains, Spavine, Ringbone, &c., upon horses. Beware of imitations. The Mustang is sold by all respectable dealers every where.

G. P. PUTNAM & CO.

Will publish Thursday, September 25, Burton's Pilgrimage to Meeca and the tomb of the Prophet, with introduction by Bayard Taylor. 1 vol. 12mo., with illustrations \$1.50.

The history of this curious boy is as follows: Burton, an officer in the East India Company, having by a long residence in Upper India, acquired a perfect knowledge of the Oriental languages and oustoms, projected a visit under the auspices of the Royal Geographical Society, to the holy city of Mecca and the tomb of the Prophet at Medina, places rarely if ever before visted by any Englishman. This he successfully accomplished in 1853-4 disguised as a Mohammedan Dervish, The history of the prilgrimage is not surpassed in interest and original and the tombound of the company of the prilgrimage is not surpassed in interest and original ty by any book or travel ever published—a embracing his residence at Cairo as a Mohammed and Sudeet; the journey across the desert with the great annual carayan of Pilgrims, it wisit to the tomb of Mohammed; the discovery that the Sacred black stone is an acrolite; the annual sermon preached at Mecca to an estimated audience of 150,000 Pilgrims gathered from all parts of the Mosalem world; his narrow escapes from detection, and the only accurate account of the ceremonias of the Musselman faith.

To the religious community this work furnishes information never before made public, respecting the ceremonial laws of a large proportion of the Eastern World; while for general interest, Burlon's parrative with company and the cross.

The Exciting Cause of Sickness

The blood is the life straining agent. It furnishes the components of flesh, tone muscle, nerve said integument. The stomach is its manufactory, the veins its distributors and the intestines the channel through which the waste matter rejected in its productions is expelled. Upon the stomach, the circulation and the bowels, these Pills act simultation and the bowels, these Pills act simultation and the production of the stomach, purifying the fluids, and regulating the exerctions.

THE NATIONAL COMPLAINT.

Dyspensia is the most comman disease.

Dyspepsia is the most common disease among all classes in this country. It assume a thousand shapes, and is the primary source of innumerable dangerous maladies; bu whatever its type or symptoms, however ob stinate its resistance to ordinary preparations it yields readily and rapidly to this searching and opering remedy.

BILIOUS AFFECTIONS. The quantity and quality of the bile are of vital importance to health. Upon the liver, the gland which secretes this fluid, these Pills operate specifically, infallibly rectifying its irregularities, and effectually curing Janudice, Bilious Remittante, and all the varieties of disease generated by an unnatural condition of the organ.

BOWEL COMPLAINTS.

Unless the bowels perform their functions properly, the whole body soffers. Tens of thousands die annually of Dysentery, Diarrhoze, Chronic consumption, and other diseases of these waste pipes of the system.—The effect of the Pills upon all intestinal disorders, whether casual or epidemic, is a phenomenon in medicine. By following the printed directions, the most alarming cases of bowel complaint are promptly controlled.

A Word to Females.

The local debility and irregularities which are the especial annoyances of the weaker sex, and which, when neglected, always shorten life, are relieved for the time being, and prevented for the time to come, by a course of this mild but through alterative.
