A New Book for Agents.

THE life and times of Alexander Hamilton; by Samuel M. Smucker, A. M., author of the life and Reign of Nicholas I, of Russia, &c. &.

This is the only complete and reliable biography of this great man. He was the intimate personal friend of Washington, and by many considered his equal.

This work includes a history of the times and men of the Revolution, and many incidents not heretofore given in history. It has all the charms of romance, although prepared from the most reliable and authentic sources, and should be in the hands of every American who reveres the great and good men of our Revolution. A sketch of Burr is also given, and an account of his miserable end.

Agents wanted in every part of the United States, for this and other valuable works, to whom the largest commissions will be paid. Copies sent by mail, on receipt of the price, $1 00.

A few words on the rational treatment, without Medicine, of Spermatorrhea or Local Weakness, Nocturnal Emissions, Genital and Nervous Debility, Impotency, and Impediments to Marriage generally.

BY B. DE LANEY, M. D.

The important fact that the many alarming complaints, originating in the imprudence and solitude of youth, may be easily removed *without Medicine*, is in this small tract, clearly demonstrated; and the entirely new and highly successful treatment, as adopted by the Author, fully explained, by means of which every one is enabled to cure *himself* perfectly and at the least possible cost, thereby avoiding all the advertised nostrums of the day.

Sent to any address, gratis and post free in a sealed envelope, by remitting, postpaid, two postage stamps, to Dr. B. DE LANEY, 17, Lispenard Street, New York City.

The Medicine of the Million.

PHILOSOPHY AND FACT.

HOLLOWAY'S PILLS.

The Exciting Cause of Sickness.

The blood is the life sustaining agent. It furnishes the components of flesh, bone, muscle, nerve and integument. The stomach is its manufactory, the veins its distributors, and the intestines the channel through which the waste matter rejected in its productions is expelled. Upon the stomach, the circulation and the bowels, these Pills act simultaneously, relieving indigestion, purifying the fluids, and regulating the excretions.

THE NATIONAL COMPLAINT.

Dyspepsia is the most common disease among all classes in this country. It assumes a thousand shapes, and is the primary source of innumerable dangerous maladies; but whatever its type or symptoms, however obstinate its resistance to ordinary preparations, it yields readily and rapidly to this searching and unerring remedy.

BILIOUS AFFECTIONS.

The quantity and quality of the bile are of vital importance to health. Upon the liver, the gland which secretes this fluid, these Pills operate specifically, infallibly rectifying its irregularities, and effectually curing Jaundice, Bilious Remittents, and all the varieties of disease generated by an unnatural condition of the organ.

BOWEL COMPLAINTS.

Unless the bowels perform their functions properly, the whole body suffers. Tens of thousands die annually of Dysentery, Diarrhœa, Chronic consumption, and other diseases of these waste pipes of the system.—The effect of the Pills upon all intestinal disorders, whether casual or epidemic, is a phenomenon in medicine. By following the printed directions, the most alarming cases of bowel complaint are promptly controlled.

A Word to Females.

The local debility and irregularities which are the especial annoyances of the weaker sex, and which, when neglected, always shorten life, are relieved for the time being, and prevented for the time to come, by a course of this mild but thorough alterative.
