LOTTERIES.

LOTTERIES.

THE well-known Maryland Consolidated Lotteries, of which R. FRANCE & Co. are the managers, are chartered by the state of stray and a commissional elected by the people, who is sworn to superintend and certify that everything connected with them is done in a strictly honorable manner, and that the interists of parties who reside at a distance are as well protected as if they themselves were present at the drawing.—Another fact which the managers cell attention to, is, that all persons have a legal right to send orders for tickets to Maryland, as lotteries are legalized by special law in that state. A lottery is drawn every day of the month. If no particular class is named, orders are filled in the first drawing to take place after the communication comes to hand. The prices of tickets vary from \$1 to \$20. No tickets are, however, sent unless the money for the same is received with the order. The drawings are upon the principle of one number on each ticket (after the Havana plan,) and Ternary combination. Prizes vary in amount from \$20 to \$100,000. All orders for tickets or packages will receive prompts attention, and the drawing mailed to all purchasers immediately after it is over.

BARLEY WITHOUT BEARDS!!

IT is even so. A variety of barley has been discovered in the gulches of the Himalayan Mountains, entirely free from those annoying and poisonous beards, attached to all our common varieties.

those annoying and poisonous beards, attached to all our common varieties.

The undersigned obtained 7 grains of this new variety three years ago, and being much pleased with its general appearance and productiveness, has spared no means to multiply this simil quantity as has as the Snanghais and other birds would allow.

Its merits for grinding or malting have not been tested, and the quantity is now too small to squander in that way, when every filler of the soil who sees it, is anxious to have a few grains, not doubting it will prove a valuable acquisition. I have sufficient however, to furnish all persons interested who will be likely to see this notice, with one head each, cortaining 30 to 60 grains. Send me your address, on a stamped envelope and I will enclose a bead by return mail, with printed instructions for collivating in a way to insure a large return from a small quantity of seed. Should this new variety be found to answer all the purposes of the common barley, a few years will suffice to drive the "Barley Beards" from the control.

Should any person desire more than the one head, I will send a package of 700 to 800 grains securely enveloped, by mail post paid for 25 ets., accompanyed with a few heads to prove the fact of its being beardless.

Address I. W. BRIGGS, West Macedon, Wayne Co. N. Y. Feb. 3, 1857-3t.

of the life and Reign of Nicholas I, of Russia, &c. &.

This is the only complete and reliable biography of this great man. He was the indiminate pretonal fiftend of Washington, and by many considered his equal.

This work includes a history of the times and men of the Revolution, and many incidents not heretofore given in history. It has all the charms of romance, although prepared from the most reliable and authenthe sources, and should be in the hands of every American who reveres the great and good men of our Revolution. A sketch of Burris also given, and an account of his miserable end.
