Messrs. Evans & Watson, No. 26 south Fourth Street, Philadelphia.—Gentlemen:—We take pleasure in recommending your Salamander Safes to merchants and others in want of a secure means of preserving their books, papers, &c., from fire, as the one we purchased from you about seven months since has preserved our books, papers, and cash in as good condition as they were when put into it, before the great fire of this morning, which destroyed the entire block of buildings corner of Chestnut and Fifth Streets. The above Safe was in use in our office, on the second floor of our building, from which place it fell into the cellar, and remained there until the fire was out.—The rafe was then removed, and oppened in the presence of at least 1000 persons, who witnessed the good condition of the contents. Will you please have the Safe and locks repaired, as we intend to put it in use again, having perfect confidence in its fire proof qualities. Yours, respectfully, LACEY & PHILLIPS.

PRICE TWENTY-FIFE CENTS.

The Author of the above volume is a graduate of one or the first medical schools in the United States, and having devoted a quarter of a century to the study and treatment of Syphilis and kindred disorders as a speciality, he has become possessed of most invaluable information in regard to the same, and is able to compass into vade mecum compass the very quint essence of medical science on this important subject; as the result of the experience of the most eminent physician in Europe and America is thoroughly demonstrated in his own highly successful practice in the treatment of sent diseases in many thousands of cares in the City of Philadelphis alone.

The practice of Dr. Hunter has long been, and still is literally unbounded, but at the earnest solicitation of numerous persons, he has been induced to extend the sphere of his professional usefulness to the community at large, through the medium of his "Medical Manual Hand-Book for the Afflicted."

It is a volume that should be in the hand of every family in the land, whether used as a preventive of secret vice, or as a guide for the alleviation of one of the mest awful and destructive scourges ever visited upon mankind for the sins of sensuality and impurity of every kit d.

It is a volume that has received the unquali-

It is well known that thousands of victims are annually sacrificed at the shrin of Quackery—especially those suffering from Venereal or Sphillite diseases—Strictures, Seminal Weakness, Nervous Debility, and the numerous maladies which spring directly or less remotely from the indulgence of carnal passions and secretiviolations of Nature.

In view of these facts, and when it is also cretiviolations of Nature.

In view of these facts, and when it is also considered that about 100,000 persons die annually in the United States of Concumption—a large majority being the victums of the voluputous indiscretion of their progenitors, agreeably to the Scriptural enunciation, that the sins of the parents are visited upon the children, even to the third and fourth generation. PHILADELPHIA MEDICAL HOUSE—
Established 20 years ago by Dr. KINKELIN, corner of Third and Union streets, between Spruce and Pine, Philadelphia, Pa.

INVALIDS

Are apprised that Dr. KINKELIN confines his practice to a particular branch of medicine, which engages his individual attention. He cautions the unfortunate against the abuse of mercury; thousands are annually mercurialized out of life. Recent affections are promptly extinguished.

TWENTY YEARS' EXPERIENCE In the treatment of a class of diseases hith erto neglected and imperfectly understood, has enabled Dr. KINKELIN, Author of a has enabled Dr. KINKELIN, Author of a work on Self Preservation, to prove hat nine-tenths of the causes of nervous debility, local and constitutional weakness, mental and physical suffering, are traceable to certain habits, forming the most secret yet deadly and fatal springs of domestic misery and premature mortality. TAKE PARTICULAR NOTICE,

There is an evil habit sometimes indulged in by boys, in solitude, and which, if not re-formed in due time, not only begets serious obstacles to matrimonial happiness, but gives obstacles to matrimonial happiness, but gives rise to a series of portracted, instituous, and devastating afflictions. Few of those who give way to this pernicious practice are aware of the consequences, until they find the nervous system shattered, feel strange and unaccountable feelings, and vague fears in the mind.
