

WHEELER'S PATENT CHAIN HORSE POWERS.

OVERSHOT THRASHERS, FEED-CUTTERS, &c.

The subscribers take this method of informing the public in general, that they have for some time been carrying on, in all their various branches, the manufacture and sale of Wheeler's Patent Chain Horse Powers, together with Overshot Thrashers, Feed Cutters, Revolving Horse Rakes, &c.

The Horse-Powers are strong and durable, and very simple in their construction; run light, and are not liable to get out of order.

The Overshot Machines have several advantages over the machines now in use. The apron or feeding table is level, and of a proper height to allow the feeder to stand erect, and feed evenly.

There probably is a larger number of Wheeler's Patent Horse Powers made and sold than any other kind. We offer our machines to the farming community with full confidence in their merits, and invite all interested to call and examine them before purchasing elsewhere.

TERRIBLE DISCLOSURES.

Secrets for the Million! A most Wonderful and Invaluable Publication. Dr. Hunter's Medical Manual. BEING AN ORIGINAL TREATISE ON MAN AND WOMAN: their Physiology, Functions and Sexual Disorders of every kind, with new and infallible Remedies for the speedy cure of all diseases of a private and delicate character, incident to the violation of the Laws of Nature, and of Natures God.

PRICE TWENTY-FIVE CENTS. First Author of the above volume is a graduate of one of the first medical schools in the United States, and having devoted a quarter of a century to the study and treatment of Syphilis and kindred disorders as a specialty, he has become possessed of most invaluable information in regard to that same, and is able to communicate to the public the very quintessence of medical science on this important subject; as the result of the experience of the most eminent physician in Europe and America is thoroughly demonstrated in his own highly successful practice in the treatment of secret diseases in many thousands of cases in the City of Philadelphia alone.

It is a volume that has received the unqualified recommendation of the first physicians in the land, while many clergymen, fathers, mothers, philanthropists and moralists, have most freely extended its circulation, and quote therefrom their powerful teachings, would be likely to be instrumental in the moral purification and physical healing of multitudes of our people, otherwise the pride and insolence, and the blighting and blighting of the nation.

It is well known that thousands of victims are annually sacrificed to the abhorrent Quackery—especially those suffering from Venereal or Syphilitic diseases—Strictures, Seminal Weakness, Nervous Debility, and the numerous maladies which spring directly or indirectly from the indulgence of carnal passions and secretions of Nature.

IN view of these facts, and when it is also considered that about 100,000 persons die annually in the United States from consumption—a large majority being the victims of the voluntary indiscretion of their progenitors, agreeably to the Scriptural denunciation, that the sins of the parents are visited upon the children, even to the third and fourth generation, the Author, imbued with sentiments of enlarged philanthropy, will scarcely be censured for any effort to restrain the vices of the age, by the humble instrumentality of his Medical Manual.

PHILADELPHIA MEDICAL HOUSE.—Established 20 years ago by Dr. KINKELIN, corner of Third and Union streets, with Spruce and Pine, Philadelphia, Pa. Are apprized that Dr. KINKELIN confines his practice to a particular branch of medicine, which engages his individual attention. He cautions the unfortunate patient against the abuse of mercury; thousands annually mercurialized out of life. Recent affections are promptly extinguished.

TAKE PARTICULAR NOTICE. There is an evil habit sometimes indulged in by boys, in solitude, and which, if not reformed in due time, not only begets serious obstacles to matrimonial happiness, but gives rise to a series of protracted, insidious, and devastating diseases. Few of those who work on Self Preservation, are aware of the consequences, until they find the nervous system shattered, feel strange and unaccountable feelings, and vague fears in the mind.

MARRIAGE. Requires the fulfillment of several conditions in order that it may be really the cause of mutual happiness. Could the veil which covers the origin of domestic wretchedness be raised, and its true source in every instance disclosed—in how many could it be traced to physical inequalities and their attendant disappointments? Apply then while it is yet time, in order to have your mind and relaxed organization retrained, revived and strengthened.

REMEMBER. Who places himself under Dr. Kinkelin's treatment may religiously confide in his honor, and that the secrets of Dr. K's patients will never be disclosed. Young man—let no false modesty deter you from making your case known to one, from whose education and respectability, can be depended upon.

READ! YOUTH AND MANHOOD. A Vigorous Life or a Premature Death. KINKELIN ON SELF-PRESERVATION. Only twenty-five cents, or the value in postage stamps, will secure a copy of this book, prepaid, or return of mail.

HERRING'S SAFES. AGAIN THE CHAMPION! The only Safe which, in every instance, preserved the entire contents at the late Extensive Fires.

AT THE BURNING OF THE ARTIZAN BUILDINGS, April 10th, and in the great fire in Market Street, May 14, 1856, the general HERRING'S Patent Safe, the property of George W. Simons of Harrisburg, Pa., of Fisher & Bro. and Edward Semans & Co., after remaining exposed in the burning ruins for nearly Forty Hours, and proving conclusively what we have always claimed for them, their great superiority over all securities known.

Dr. FRANCIS C. HARRISON, WOULD respectfully call the citizens of Bloomsburg and vicinity, that he has commenced the practice of Medicine and Surgery there, and solicits a share of public patronage. He can always be found at the Exchange Hotel opposite the Court House. Bloomsburg, March, 1st, '55.
