# TONICS WON'T DO.

THEY never did do more than give tempo rary relief and they never will. It is be cause they don't touch the *cause* of the dis ease. The *cause* of all ague and billious dis eases is the atmospheric poison called Mias ma or Malaria. Neutralize this poison by

and all discasses caused by it disappears at once. Rhodes' Fever and Ague Care is this Antidote to Malaria, and moreover it is a perfectly harmless medicine. o harm. This is more than can be said of Quining

This is more than can be said of Quinine, Arsenic, or any tonic in existence, as their use is roinous to the constitution and brings on DUMB AGUE, which never allows a per-son to feel perfectly well for a single moment. In illustration of these truths I annex, some extracts from a letter just received from a Physician: Georgelown, Okio, March 17, 756. Jas. A. Ruoxs, Exq.—Dear Sir: Yours of 2d inst. is at hand. The Cure arrived late last year and the difficulty in getting any one to try it was greatly increased from the fact that a remedy had been introduced which was growing in favor with the public, as be-ing better than using Quinine,—not knowing I presume that the remedy they needed to escape taking Quinine, contained the DRUG tTELF!

I presume that the remedy they needed to escape taking Quinine, contained the DEUG ITSELF! This remedy, (known as "Smith's Tonic.") would invariably BRAK an ague, but it did not CURE it, and it would often return with renewed vigor. The one circumstance I deemed in your favor, if I could institute at test comparison between it and your CURE. The following is the result: Three persons took your "Cure," all of which were cases of "Gootidian Interni-tent Faver," of many weeks standing. They had tried Quinine, and other remedies, occa-sionally missing a chill, but it was, (as in all such cases, i slowly wearing them out, and laying the foundation of other and severe maladies. I did succeed in effecting a radi-cal cure of all three of these cases with your ing iving to your "Cure" they santage ground of any other remedy and would, as before sai-ted, break the chill, but äfter a period or two had elapsed it would return. I thick there will be no difficulty now in giving to your "Cure" they santage ground of any other remedy and Kurk and severe duin a work manike a period or two had elapsed it would return. I thick there will be no difficulty now in giving to your "Cure" they santage ground of any other remedy now in use here & c. WILLIAM BUCKNER, M. D. RHODES' FEVER and AGOE CURE, or Antidole to Malaria, the only harmless reme-dy in existence, is equally certain as a PRE-VENTIVE, as a "Curke." Take it when yon face the chill coming un, and you will never have a single one. JAMES A. RHODES, Proprietor. JAMES A. RHODES, Proprietor.
