Philadelphia, Dec. 15th, 1854.
Messes. Evans & Watson, No. 26 south Fourth Street, Philadelphia.—Gentlemen:— Wa take pleasure in recommending your Salamander Sales to merchants and others in want of a secure means of preserving their books, papers, &c., from fire, as the one we purchased from you about seven months since has preserved our books, pa-pers, and eash in as good condition as they were when put into it, before the great fire block of buildings corner of Chestnut and Fitch Streets. The above Safe was in nse in our office, on the second floor of our build-ing, from which place it fell into the cellar, and remained there until the fire was out.— The safe was then removed, and oppened in the presence of at least 1000 persons, who winnessed the good condition of the contents.
Will you please have the Safe and looks re-paired, as we intend to put it in use again, having perfect confidence in its fire proof qualities. Yours, respectively. LACEY & PHILLIPS.

It is a volume that has received the unquali-fied recommendation of the first physicians in the land, while many clergymen, fathers, moth-ers, philanthropysts and humanitariats, have most freely extended its circulation in all quar-ters where its powerful teachings would be like-ly to be instrumental in the moral purification and physical healing of multitudes of our peo-ple, among the youngt, volatile and indiscreet, otherwise the pride and flower of the nation. The author argues particularly, most strongly against every species of self-defilement, and warns parents and guardians, in searching terms, to guard the young of both sexces from the terrible consequences concomitant of their ignorance of physiogical laws and sexual mad purities and irregularities, whether eshibite-ny precocious development or arising from the viscious and corrupting examples of their school-mates or othewise. TAKE PARTICULAR NOTICE,

TAKE PARTICULAR NOTICE, There is an evil habu sometimes indulged in by boys, in solitude, and which, if not re-formed in due time, not only begets serious obstacles to matrimonial happiness, but gives rise to a series of protracted, insidious, and devastating afflictions. Few of those who give way to this pernicious practice are a-ware of the consequences, until they find the uervous system shattered, feel strange and unaccountable feelings, and vague fears in the mind. The unfortunate thus affected becomes fee-ble, is unable to labor with accustomed vig-
